CITY NOTES

MERCANTILE TAX.—After July 1 suits will be instituted by County Treasurer Kelly for the collection of unpaid mercantile tax.

CASE WAS DISCHARGED.—George Phillips was yesterday arraigned before Alderman Kason, charged with assault and battery by Thomas Simulowitz. The case was discharged.

IS RECOVERING.—Mrs. William Hennemuth, of Mulberry street, has returned home from the Lackawanna hospital, where she has been under treatment for some time. Her friends will be pleased to hear of her recovery.

CHANGED THEIR QUARTERS.—The Scranton Correspondence school yesterday moved its quarters and is now established in the old Delaware and Hudson building at Vine street and Franklin streets, seven rooms being used.

ODD FELLOWS' EXCURSION.—The executive committee having in charge the Odd Fellows' excursion to Lake Ariel, Aug. 16, will meet tonight in Odd Fellows' headquarters in the Meany building. Final arrangements for the outing will be made.

HIP DISLOCATED.—John Binley, of Jessup, a miner in the Mt. Joseph coal company's mine, was caught under a fall of rock yesterday and badly injured. He was taken to the Lackawanna hospital where it was found that his hip was dislocated.

TREASURER'S BOND.—The bond of John J. McAndrew, treasurer of Winton borough, was yesterday filed in Prothonotary Cappel's office by Borough Solicitor James J. O'Malley. It is in the sum of \$10,000 and has as sureties T. E. Robinson, James J. Lorber, John J. Seelye and Michael Andrews.

THE LAST MEETING.—The Wholesale Merchants' association held their last general meeting yesterday in their headquarters at 34 Lackawanna avenue. Several important matters were discussed and at the end of the meeting the members adjourned in a body to Hunkley's and there had lunch.

MARRIED AT OXFORD, N. J.—Miss Gollie Galters, of 518 Wyoming avenue, and Mr. Lewis Angle, of Williamsport, were married at the home of her mother's parents at Oxford, N. J., at noon, June 28, 1900. After a short sojourn at Philadelphia and Atlantic city they will settle down at Philadelphia, where Mr. Angle is employed.

A DISGRACEFUL PERSON.—A man was arrested last evening by Patrolmen Karins and Parry, who certainly proved a Tartar. He ate his supper at the "Little Delmonico" restaurant, in Centre street, after which he calmly rose and left, leaving to pay for it. The restaurant then sent a man along and the man started down the lane, at a furious rate. He was captured and taken to the Centre street station, where he was held in a very disgraceful manner, and was put into the collar cell by Sergeant Jones and Patrolman Karins. He resisted furiously and tore Karins' coat and trousers, ripping them badly, and Sergeant Jones' thumb was also slightly injured.

MARRIAGE LICENSE FIGURES. Show That Considerable Marrying Was Done in June. At first blush it would appear from some figuring at Clerk of the Courts Daniels' office that "we men" horseshoed in this respect, and that on second thought, subsequent to further calculation, there is just a question about it.

The month closing today, while not a record-breaker in the matter of marriage licenses, was an unusually large one in this respect, and may be taken as a fair basis of calculation.

WILL INSIST ON HAVING THE NAME OF PERMANENT MAN WHO THREATENED THE CHIEF.

Councilmen Believe That Is a Kind of Insubordination That Calls for More Than Passing Notice—Permanent Men at the Crystal Say the Chief Has Unjustly Accused Them and Want to Be Set Right—Mr. Chittenden Charges That Reports of Firemen Are Padded.

A number of the members of select council are very much wrought up over the condition of affairs in the fire department just at the present, as revealed in the interview with Chief John H. Walker, published in Thursday's Tribune, and a very lively time is expected at the next city meeting.

The fact that the chief himself has admitted that a permanent man, whom he was reprimanding, told him "Not to get gay or he'd get his badge taken from him" is taken as evidence that things are not as they should be.

That's about the rankiest piece of insubordination I ever heard of," said one member yesterday, "and the man should have been dismissed at once."

At Thursday evening's meeting of select council, Mr. Oliver will be asked to give the name of this permanent man. It will be remembered that it was Mr. Oliver who first gave out the information that such an event occurred. Should Mr. Oliver refuse to disclose the name of the man, a resolution will be introduced calling upon the chief to furnish his name to council.

Permanent Man Troop, of the Crystal hose company, started yesterday to a Tribune man that Chief Walker made a mistake when he said that there had been trouble among the permanent men in that house, one of them refusing to tend to the horses for twenty-four hours when the driver was away.

NOT HIS COMPANY. "I know," said Troop, "that such a thing did occur in one of the houses, but it wasn't in this house. The three men at present in this house have always got on well together and expect to in the future. We wish you'd save our first quarrel. I have got to say this in behalf of the company."

Mr. Chittenden now makes a new claim. He contends that the reports of fires sent in to the chief by the foremen of the various companies are padded, as far as the amount of time consumed by the several companies in actual service. The number of hours worked by each small business by telephone calls, when no general alarm is sent in, we have an average attendance of five last year of sixty-three hours. That look's pretty high, doesn't it? Those are the chief's own figures, understand.

HAS A BIG RECORD. "By this list you will notice that the Cumberland company, way back in the Notch, is accredited with having spent ninety hours in active service and that the Narquois company, eight in the heart of the central city, has only ninety-four hours, or only four more. That looks as if that Cumberland report was padded. Look at the Franklin company, in West Scranton, with only thirty-three hours, yet responding to every one of the numerous alarms in that part of the city."

Councilman Oliver was asked if he had anything to say in reply to Mr. Chittenden's very sharp criticism of his measure. "I have nothing whatever to say at present," said he, "and when I do say something it will be at the proper time and in the proper place."

CALED ADAM A NAME. It Was Something, It Is Alleged, Worse Than His Real One. Adam Rowdyeheski, of Dickson City, was called out of his name by one Michael Maklismovitch, a neighbor, June 4, last, and now Adam sues Michael to recover \$5,999 damages for the injury done his fair name, fame, reputation and whatever else in that line he possesses or claims to possess.

THE BROOKLYN ARION and the German Liederkraus societies are displaying unusual energy in practicing. As Brooklyn is the host on this occasion, the local singers are debarred from competing for the "Golden Prizes"—the bronze busts to be awarded to the city whose delegation performs most meritoriously, which always excites the keenest rivalry—but it was felt that there would be no indifference in competing for the Kaiser Wilhelm forty thousand mark souvenir and the Arion and Liederkraus officers are straining every nerve to win it for Brooklyn.
