CARRYING THE MAILS FROM THIS CITY.

The Scranton Railway Company's Cars Were Used Yesterday, but a Contract for the Carrying Will Be Awarded Shortly—Two Substitutes Have Been Assigned to the Station—Miss Carson Entertained in Honor of Friends—Young Harvey Will Probably Be Sent to the Reformatory.

Many persons visited the postoffice sub-station yesterday morning and afternoon and inspected the new quarters, Superintendent Phillips expects to have everything in perfect working order in a few days. A table is now being arranged for the benefit of the residents, informing them on the arrival and closing of the mails.

The mails yesterday were carried on the Scranton Railway company's cars. Within a short time a contract for carrying the mails will be awarded. A trial was made yesterday afternoon to ascertain which route was the quickest, the one followed by the Traction company or the shortest wagon road. Two substitutes have been assigned to this station. It is expected that by the last of the week everything will be down to a regular working basis.

Miss Carson Entertains.

The commodious home of Mr. and Mrs. George Carson, of South Main avenue, was the scene of a brilliant social event last evening, when their daughter, Miss Bertha, entertained in honor of her guests, Misses Agnes and Margaret Mullen, of Johnstown, N. Y. The guests were received in the parlors, which were decorated in an artistic manner with palms and potted plants. Miss Carson was assisted in receiving by Miss Stella Shaw.

The evening was pleasantly passed away in the enjoyment of diversions incident to such occasions. The feature of the evening's pleasure was dancing.

Harvey Held in Bail.

Harvey, the young lad arrested for robbing the home of Thomas Shepley on South Main street, was given a hearing last evening in the West Scranton station house. He was committed to jail in default of bail.

Lieutenant Williams has been able to secure all the articles except one of the watches and the Columbian half-dollar, which he spent. Harvey has been in the toils on several instances before and seems to be an incorrigible youth. His father did not appear at the hearing. Having done all in his power to reform the boy, he desires to let the law take its course. It is probable that Harvey will be sent to a reformatory.

HAPPENINGS OF NORTH SCRANTON

MEN ON SECTION B SEWER GO ON STRIKE.

First Wanted to Be Paid Every Two Weeks and Some Then Demanded a Raise from \$1.25 to \$1.50 a Day. Neither Was Granted, and the Men Accordingly Quit Work—Robert Murray Charged with Theft. James Shaffer Injured—Other News Notes and Personals.

About fifty men, who were working for Contractor Gibbons on the North Main avenue sewer, struck yesterday afternoon. It seems that the men thought they were to be paid every two weeks, and as the first two weeks elapsed yesterday, when Contractor Gibbons arrived on the scene in the morning a committee of the workmen waited on him.

They requested that they be paid every two weeks. As Mr. Gibbons had never intended to pay but once a month, and was not therefore in a position to pay, he refused the demand. The most of the foreign element thereupon stopped work and went home, saying they would not work unless they could get their money every two weeks.

About the same time the English-speaking part of the men appointed another committee to wait on him and ask that they be paid \$1.50 instead of \$1.25 per day. Mr. Gibbons said that as other contractors on similar jobs were only paying ninety cents to \$1.10, he thought he was doing very well by his men to pay them \$1.25 per day, and that if he must pay \$1.50 per day for labor he could not compete with others who were paying much smaller wages.

But the men held that they must have \$1.50 or they would not work, and Contractor Gibbons could not pay that figure they quit work, and during the afternoon only about ten men were working on the job.

Trouble Over a Sewer.

Peter Cerent, a hotelkeeper on North Main avenue, at the intersection of Wood street, has caused the Girard Paving company much trouble by allowing the waste water to run from his building upon the street where the company has been laying concrete.

Yesterday morning he applied to the city engineer for permission to connect with the sewer. The city engineer ruled that as Mr. Cerent had ample time to connect with the sewer before the paving company had reached his place, and as he had been so obstinate, he could not allow him to open the sidewalk and thus discommode the public until the pave had been completed in front of Cerent's place.

Then, when the public could use the pavement while the sidewalk was torn up, Mr. Cerent could connect with the sewer, but not until then.

Robert Murray Arrested.

Mr. Anglemire, of East Market street, had a boy named Robert Murray arrested for stealing money from his store, on Market street, last night. The boy had been sent to the store for some change and, while the storekeeper was down cellar drawing it, he claims the boy went to the money drawer and took out fifty cents.

The case was tried before Alderman Myers, who gave the boy a strong reprimand. The money was returned, and the mother was a widow, the defendant withdrew the charge, thus dismissing the case.

James Shaffer Injured.

James Shaffer, son of Alvin Shaffer, of Florence street, was injured yesterday morning at the Marine colliery of the Delaware and Hudson company about 9 o'clock. Young Shaffer is employed as a lathe-pickler and yesterday morning was picking over some condemned coal which had been

TOLD IN BRIEF.

The most entertainment that has been listened to by the people of this section was that given last evening by the De Moss family at the Providence Methodist Episcopal church. This is a family of truly talented musicians, playing, altogether, forty-one different instruments. They are five in number, all of whom possess an excellent voice. The auditorium of the church was filled with lovers of music. George De Moss showed much skill in handling the cornets. The instruments played in the evening had been supposed to have been found in the ruins of Pompeii. The playing on these instruments by the family was marvelous. The Cornet band consisted of eight pieces, but was played by only a few persons. Many of the selections rendered

last evening were composed by these artists. The selection rendered on the Columbian band bells was much appreciated.

Charles Mylin, an employe at Stiers mine No. 2, had his leg cut off yesterday morning about 10 o'clock. While doing his duty his foot slipped and got caught beneath the wheels of the car. He was removed to the Lackawanna hospital.

At police court yesterday morning, held by Alderman Fidler, Louis Erdosky, the man who was arrested Sunday evening by Patrolman Perry, was fined \$2. The fine was rather heavy and was made so because he resisted the officer.

The remains of Mrs. Ann Sweeney, who died at the home of her sister, Mrs. Haggerty, of Leggett street, were removed to her home in Friesland yesterday.

The Niagara Hose company is now equipped with a fine new team of gray horses.

Street cars will run as far as wood street today over the section of Providence road just paved.

The game of ball played by the clerks of Mulley's and Clappell's stores last Friday was won by Clappell's, the score being 9 to 2.

For the second time the case of Peter Campbell and Anna Lloyd, of Margaret avenue, was tried before Alderman Fidler last evening. Mr. Campbell set up as an alibi that he was in Olyphant the night when he was charged with the crime. This was proven to the satisfaction of the alderman and Campbell was discharged.

Henry Wideman, Jesse Carrigan, Carl Carrigan and Harry Smith are outing at Lily lake.

loaded into a car, which was standing under a chute.

While thus engaged the chute gave away and he was completely covered with coal. He was quickly taken out and removed to his home, and Dr. Peck summoned. After a thorough examination the doctor stated that no bones had been broken, but that he feared some internal injury might have been done. During the evening the boy was resting coolly and hopes within a few days to be out again.
