by the Country club. It is expected that many entries will be made, as an unusually large number of

people will be yet found in town. They are beginning to realize that Scranton is a summer resort. We suffer little from hot nights here, and it is seldom that a day passes uncalivened by cool breezes. Thus it is that the links are especially attractive to the stay-athomes, and they gladly hie out to the welcome shade which shuts out the remembrance and the sight of the city.

The copious rains of the past fort-night have placed the course in fine condition, and golf was never so popular with the Country clubbite.

Mr. J. H. Brooks is receiving many friendly congratulations regarding his record at Garden City. He played in the tournament for three days, defeat-Terdhannock. ing his opponent until the last day, when, in his own defeat, he carried off flattering honors, since the victor was Lockwood, the champion of Boston, the famous Englishman, who was undoubtedly the favorite of the throngs which gathered, and who was confidently expected to win the tournament. Mr. Brooks lost on a score of 2 up and 1 to play on 36 holes, which was considered a great record by the experts, as the course is the longest and one of the most difficult in the country, being at least twice as long as that of the Scranton Coutnry club. So fine was Mr. Brecks' playing that many favorable comments were made concerning him by the metropolitan papers. His friends at home were prepared to have him do well, as just previous to leaving for Garden City, he made the phenomenal score of 69, breaking the record of the home course. His card for that match, with Mr. F. C. Fuller, is as follows:

It is doubtful if Vardon, who is going all over the country breaking records will be able to surpass this when he comes here in the autumn.

The victory of Mr. Travis, as national champion, was received with much pleasure by his many friends and admirers in this city. It will be remembered that he was the guest of Mr. and Mrs. T. H. Watkins during the tournament last October. It is probable that he will enter again this sea-BOD.

THERE is a man up in Green Ridge who has a Christian horse-at least that is what he calls a cerain very docile and amiable animal which in its own way has as definite a reputation as lots of people who attend prayer meeting regularly every Wednesday night. This particular horse is thus dubbed by its owner because he reserves it for special work in the interests of charity and religion. There are feeble old ladies who would never get any rides in the open air

were it not for this "Christian horse." There have been sick little children and weak convalescents who know several good reasons why the Chrisfor Eagle's Mere, Pa., on his annual vacation After spending some time at Eagle's Mere, they chairman of the finance committee of chairman of the finance committee of the Home for the Friendless desired some method by which to gather spoils for the rummage sale she knew the value of the Christian horse. When some poor widow needed coal drawn for her winter fire, she had the ser-

vices of the same friend. When an aged grandmother was too poor to hire carriage to go to her little grandchild's funeral and too lame to walk the long distance, the Christian horse trotted sedately off with the aged woman cuddled up in the best phaeton in the stables. When the church was to send Christmas dinners to several poor families it was the Christian horse that personally conducted the distribution.

It has never been stated whether the owner, who, by the way, is Liveryman J. F. Warner, has ever posted up in his

stables the placard which another liveryman has caused to be nailed in a prominent spot stating: "No profane language used around these horses." but at any rate he is giving a practiour time. It is quite a relief, amidst this flood of so-called historical novels to find refuge in a good example. Just how many noble deeds his Christian horse has accomplished can not be told in this brief sketch. . . .
