The injured man is Thomas Thornton, of Electric avenue and Clay avenue, who was caught under part of the falling roof and a prop, sustaining bruises and cuts on his face and shoulders and a fearful laceration of his right foot from the ankle down.

Thornton, who is a married man with one child, was engaged in his usual duties as a miner when the fall of roof unexpectedly came. A large prop near the workingman proved to be his savior from an awful death, the mass of coal falling only on the injured man's right foot. The company's ambulance was hastily dispatched for and took the man to his home, where Drs. Winter and Brown attended to his injuries. It is thought that the foot can

While Suffering from Temporary Mental Aberration He Stabbed Himself a Number of Times with a Butcher Knife, but None of the Wounds Were Serious-Miss Mary J. Murphy Surprised-Ferdinando Frederici Held in \$1,000 Bail, Charged with Attempt to Kill.

About 5 o'clock last evening, Jacob Mautz, of Hickory street, who resides with the family of Peter Rouner, made a desperate attempt to commit suicide, and would in all probability have succeeded had it not been for the prompt and decisive action of John Niles, his next-door neighbor.

Mr. Mautz, who was formerly in the employ of the Delaware, Lackawanna and Western railroad as a laborer, has been ill for some time, and yesterday morning, on account of the extreme heat and while in a state of temporary mental aberration, he scized a large butcher knife and began plunging it into his body, in the region of the heart, inflicting twenty-six ugly cuts, and was still jabbing away at himself when Mr. Niles arrived on the scene and forced him to give up

That the attempt was not successful was the fault of the knife, which was very dull and had the point broken off. No serious results are anticipated, as the wounds are all slight.

A REMARKABLE RECORD.

As chief consulting physician to the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., Dr. R. V. Pierce has made a most remarkable record in the treatment and cure of diseases peculiar to women. In something over thirty years, assisted by his associate staff of physicians, numbering nearly a score, he has treated and cured more than half a million women. Not the least remarkable feature of these cures is the fact that in the great majority of cases the patients lived at a distance and consulted Dr. Pierce by letter, receiving his free advice and counsel on the case by mail. In exceptional cases, only, where surgical aid was required, has it been necessary to come to the institute for treatment. Women will be interested in these two examples of what can be done for their diseases by Dr. Pierce's medicines.

A Woman, Herself a Physician, Turns to Dr. Pierce for Help and Healing.

"It is with extreme pleasure that I make known to you my rapid recovery from a long illness as a result of a complication of organic diseases, the principal one being ovarian and uterine inflammation," writes Grace M. Di Marzo, M.D., Ardwick, Prince George Co., Maryland. "It is a pleasure to recommend Dr. Pierce's Pavorite Prescription as the best medicine I have ever taken for the disease in question. I have full knowledge of its properties and its power to draw one from the brink of the grave. Such has been my case. For three years I did not experience one well day. I was first under treatment, then the surgeon's knife, and through complete disgust I gave up both, and, acting under advice of a friend, I took Dr. Pierce's medicine with patience. Now, I owe my life to that wonderful 'Prescription' of his, and I cannot recommend it too highly. Never in my profession have I seen such a 'miracle worker' in the form of medicine."

Escaped an Operation.

"It is with pleasure that I write you to let you know the great benefit I have received from your medicines, and by following your advice regarding self-treatment," writes Mrs. Salma Erickson, of 496 Rice Street, St. Paul, Minn. "You kindly advised me to take Dr. Pierce's Favorite Pre-scription and 'Golden Medical Discovery' and 'Pleasant When I first wrote you I had been to three different doctors and two of them said I would never get better without going to the hospital for an operation. I just sat down and cried and said, 'If I have to die I will die at home with my two dear little ones. I had a mishap in May, last and was weak all summer. Was not able to do anything If I would get up and walk to the kitchen and back I would have to lie in bed for a day, or sometimes two days. Last August I picked up one of Dr. Pierce's pa mphlets and read of his wonderful work. I wrote to him for information, and received an answer within five days from the day I wrote, advising me to try his medicines. Now I have used six bottles of his 'Favorite Prescription' and six of the 'Golden Medical Discovery,' and the result is just wonderful. I did not tell the doctors what I was taking. I have not been to any physician since the day I received the first letter from Dr. Pierce, and I feel as good as I ever did before I had the mishap. I was so nervous I had to have someone by my side all the time, even in da ytime, and I could hardly eat anything. I took treatment from a doctor twice a week, anything. I took treatment from a doctor twice a week, and every time I would go there I felt so sick, but since I quit all the doctors and began taking your medicines I gained right along. I weighed 125 pounds when I began taking your medicines (in August), and now I am up to my usual weight, 165. I cannot thank you enough for your wonderful medicines, and I wish you every success in the

treatment of other cases as you have had in mine. When I think about how I suffered last summer it seems now like a dream. I will cheerfully recommend your remedies to all my afflicted friends, for to-day I am as well and feel

CHARACTERISTIC CURES.

These testimonials are fair examples of the success of Dr. Pierce's treatment in aggravated cases of diseases of women. As a matter of fact, a large percentage of Dr. Pierce's cures is of women given up by local physicians and appealing to Dr. Pierce as a last resort.

Sick and ailing women are reminded that they are invited to consult Dr. Pierce by letter free under a guarantee of absolute privacy and a sacred preservation of womanly confidence. Address Dr. R. V. Pierce, Buffalo, N. Y.

The satisfaction enjoyed by women who consult Dr. Pierce by letter is indicated in the following.

A Healthy, Happy Woman.

"I am so pleased with your instructions, I hardly know what thanks to give you for your kind favors," writes Mrs. Milo Bryant, of Lota, Thomas County, Georgia, "You can publish my few statements to the world, hoping all suffering women will know and be healed. I suffered so much with great pains in my back and the lower part of my stomach, and palpitation of the heart, that at times I could hardly lie down. Could hardly get up in the morning, but after using three bottles of 'Favorite Prescription' and two vials of Dr. Pierce's Pleasant Pellets, I am like a new woman. forever praise Dr. Pierce's medicines to all, and shall speak of its i lessing to all poor suffering invalids."

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It does this by curing the weakening and painful diseases which affect the womanly organs. It regulates the periods, dries weakening drains, heals inflammation and ulceration, and cures female weakness. It strengthens the nervous system, gives a healthy appetite and induces refreshing sleep. It is a boon to mothers, who are strengthened by the use of "Favorite Prescription" so that they do not experience nervousness and anxiety in the days of waiting, and when baby's advent comes the ordeal is practically painless.

A Mother's Advice to Mathers.

"I gladly recommend Dr. Pierce's Favorite Prescription, writes Mrs. J. W. G. Stephens, of Mile, Northumberland Co., Va. "Before my third little boy was forn, I took six bot-tles. He is the finest child and has been from birth, and I suffered very much less than I did before in co-finement, unhesitatingly advise expectant mothers to use the Favorite Prescription."

"I am so thankful for what Dr. Pierce's Favorite Prescription has done for me," writes Mrs. John T. Smith, of Spean, B. C., Box 50. "It helped me through the long months before buby came, it cured me of a disease that was taking away all my strength, and I have a big, strong baby girl, the most healthy of all my three."

"Favorite Prescription" contains no alcohol and is entirely free from opium, cocaine, and all other
