YOUNG WOMAN AND BOY WERE LOST

LOST THEIR WAY RETURNING FROM NAY AUG PARK.

Martha Sanders and Her Seven-Year Old Step-Brother Found in Dutch Gap at an Early Hour Yesterday Morning—Inquest in the Death of Philip Freehorn—Child Almost Scalded to Death—An Odd Weapon of Defense—Mrs. Ramsey, of Wilkes-Barre, Injured.

Martha Sanders, aged 21 years, step-daughter of Otto Snelgert, of 119 North Everett avenue, in company with her seven-year-old step-brother, left their home Sunday morning at 9 o'clock to go to Nay Aug park, where they spent the day. Towards evening, when the couple failed to return home, the parents became somewhat anxious concerning their whereabouts, and notified the police.

The father informed Lieutenant Williams that the girl was not as bright as other girls of her age, and feared that some misfortune had befallen her and the boy. The lieutenant immediately communicated a description of the girl and boy to his staff of patrolmen and an effort was made to locate them. The first intimation of their whereabouts was received when it was learned that they had been seen on North Main avenue about 10 o'clock.

A party of searchers started out to find the wanderers, and at Tripp's crossing word was received that the boy and girl had passed that point about 11 o'clock. The searchers were confident that they were on the right trail and continued on to North Scranton, where they were informed by a patrolman that he had seen them pass the corners at 12 o'clock, heading towards Priceburg. The search was continued for several hours, without success, and the party returned to their homes.

At an early hour yesterday morning one of the motormen on the Carbondale line found the couple in Priceburg and learned from them that they were trying to find their way home. He inquired of the girl where she lived and being properly informed, put them on a car and entrusted them to the care of one of the conductors, who brought them back to the central city and transferred them to a Lafayette street car.

There was joy in the Snelgert household.

The Highest Grade Sewing Machines Made Are in Our Show Windows This Week. They Are Cheap

No sewing machine can be better than the best that science and experience can produce. You may give it name and advertise that name and pay dearly for the name that has cost millions to make famous, but that does not make the sewing machine any better, and we unhesitatingly reassert, without fear of successful contradiction, that money will neither produce nor buy a better sewing machine than that which bears our name. Ours is an up-to-date machine in every particular. It is not the same variety of sewing machine that is usually sold in department stores. It is made by the largest and most responsible manufacturers of sewing machines in this country, and is as fully guaranteed by us and the manufacturers as any machine they produce and sell for twice the price we ask for the same machine that but lacks the well advertised name to make it a duplicate.

Cabinet Machines Finished with Ball Bearings and Cones, and the Newest and Best Attachments

And every other description of sewing machine for the home, the dressmaker, etc. Every machine sold carries a full and complete guarantee.
