**T**HE record of Pitcher Ralph Miller, of the Hartford club in six successive games on the Hartford grounds has not been equaled this season and without the slightest doubt it will stand as a record for the Eastern league for several seasons to come. Up to the present Miller has appeared on the slab in six games for the club on the local grounds. He has met Springfield and Montreal, Rochester and Syracuse one game each, Springfield and Worcester two games each, and Hartford one game each. He has won four and lost one game, both on errors, Springfield scored two tallies on the second meeting and Worcester did the same. Five of the games were victories for Hartford, the last with Springfield being given to the Boston error. Not an earned run has been scored on this twirling on the local grounds this season. With the exception of a game in Worcester and Springfield, when his team was whitewashed, Miller has not lost a game except by one run—Hartford Globe.

The Worcester club of the Eastern league expects to clear \$10,000 on the season. This is more than several National league clubs will make. Dan Keavin, the young Buffalo pitcher, looks like a winner. He has now taken about five straight for the Bisons and will probably be gobbled by a big league team ere long.—Chicago News.

Kevin, the solemn looking pitcher, is doing a lot of traveling this season. He opened the year with Buffalo, was released, pitched one game for Cleveland, was released again and has now turned up with Omaha.

One Schrock-Konost is playing a great game for the Bisons. He is a little bit scrappy and is a terror to the pitchers of the American league. He is used as a general utility man, but he is always in the game. When not playing behind the bat, he plays the initial sack or a place in made for him in the outfield. His batting has won many a victory for the tail-center of the minor organization.—Pittsburgh Chronicle-Telegraph.

Archie Latham has been signed by Cincinnati to act as coach for the rest of the season. This covers a little bit of the back-story, but just the same it is a good move on the part of Cincinnati. There never was a quicker witted ball player than Latham. He will be of great use to the Reds on the coaching lines.

President J. J. Farrell, of the State league, who arrived in the city yesterday, had a conference last evening with Manager Wolodolter and Francis Maloney, of the Maple Avenue Railroad company of Elmira on the subject of the transfer of the Oswego team in the State league to Elmira. Mr. Farrell demanded \$1,000 from the Elmira men to meet the liabilities of the Oswego club up to the present time. This was not acceptable to the other two gentlemen so the negotiations were dropped off. These ball affairs in Oswego are in a very bad way just at present as will be shown from the following from yesterday's Oswego Times: "The situation is growing more critical and in case something is not done soon, the directors will have a striking base ball team on their hands. A number of the players described the situation and said that the members of the team have no ambition to play ball. They are receiving no money for their work and they do not have the heart to get a diamond and play ball when they receive no money for it."—Binghamton Leader.

**Among the Pugs.**  
SINCE George Siler published a dope story in a Chicago paper in which he attempted to show that Terry McGovern had earned and kept nearly \$100,000 during his career as a fighter, several sporting writers have been attempting to figure up Frank Erne's wealth. It has been estimated all the way from \$10,000 to \$75,000. As a matter of fact, Erne has about \$12,000 to show for his several fights. He did not get the fabulous sum he has been reported to have received as his share of the Madison Square Garden receipts the other night. Terry Brown, of this city, who represented Erne and "counted up" after the fight, showed me the box office receipt and it showed that the amount taken in was \$30,200. This sum was split between the club and the fighters and Erne and McGovern, therefore, received \$7,550 each as their share.—Buffalo Times.

Joe Walcott, who has for many

years been fighting under the management of Tom O'Rourke, declares that hereafter he will be his own manager. O'Rourke wanted Walcott to sign to fight Tommy West. Walcott refused to fight until October, whereupon O'Rourke, it is alleged, told Walcott he was "no good." Walcott took offense and declared that hereafter he would make his own matches and be his own manager, and wanted nothing further to do with O'Rourke. "I have split with O'Rourke," said Walcott, "and I will fight for myself."

### RAY C. EWRY.

Ray C. Ewry, of the New York Athletic Club, is the champion standing jumper of the world. He also holds the record for three standing jumps. He is going shortly to try to break his own records. At the Paris games he created a new world's record in the standing high jump, jumping five feet five inches.

"and any matches I make in the future I will make myself. I am my own manager from now on and Mr. O'Rourke has nothing to do with any matches I make. I never had a contract with him and can draw away whenever I want to. He has been sore at me because I was sick, and I wanted me to fight West, but I am not ready to fight yet. When I get ready I will make a match."

Bob Fitzsimmons, although he has been practically out of the game since his defeat by Jim Jeffries, more than a year ago, expects to prove that he is still very much alive when he meets Gus Ruhlin on Aug. 10. The Cornishman is training at Bergen Beach for his fight with the "Akron Giant." He has fitted up quarters a short distance from his home, and is working as he never worked before in preparation for a battle, says the Journal. Ruby Robert evidently has much respect for the man who robbed Sharkey of his laurels, and if he fails to defeat the young Ohioan it will not be due to lack of discretion. Fitz knows that a victory over Ruhlin would assure him a return match with Jeffries for the championship. Therefore, he looks upon his coming battle as one of the most important engagements of his career.

Champion James Jeffries, while playing with a bulging on the beach at Atlantic City the other day, was attacked by the brute, who hit his hand, leaving the print of his teeth in the flesh. Several friends dragged the dog away. The bite is nothing serious.

George McFadden and Jack O'Brien, who meet before the Twentieth Century Athletic club at Madison Square Garden next Monday night in a twenty-five round bout at 133 pounds, are both looking forward to meeting Terry McGovern on the same conditions under which the McGovern-Erne match was fought. Ever since the men began training for the coming fight they have had this idea in sight, and have been reducing weight, so as to see if it is possible for them to get down to 128 pounds. They are now under the light-weight limit, 123 pounds, and feel sure that they can make 128 if McGovern will agree to take on the winner.

### A Remarkable Horse.

**F**RANK HOLTGATE, of Pittston, has returned home from an extended trip in Canada, where he had gone with his famous running horse, Dr. Larlee, having had the animal entered in a number of races. The horse became suddenly lame and Mr. Holtgate was compelled to withdraw him from some events at Hamilton, Hamburg and Toronto, where large purses were concerned. The horse has been shipped from Canada and is now being treated by a veterinary surgeon on Mr. Holtgate's farm at Coxtan, at the foot of Campbell's Lodge.

Dr. Larlee is a handsome bay, six years old, of medium size. He is trimly built, a perfect picture in fact, and is a beautiful steed in every sense of the word. His limbs are lithe and clean-cut and there is not an unsightly curve or point about him. His head and eyes denote intelligence and show that he is well and finely bred.

The horse was sired by the famous

Strathmore and was bred by John Stratley, the well-known horse breeder of Virginia. At the horse show in Madison Square Garden in 1897 this animal took first prize with ease in the hurdle, high jump race, clearing a hurdle at 5 feet 2 inches.

Three years ago "Doc" was sold on the auction block at the American Horse Exchange in New York city for \$10,000 to Mayor Nolan, of Albany. One year later Mr. Nolan's son died and he sold every horse in his extensive stables, except "Doc," who was sent to New York city to await a buyer from London. The buyer never came and the horse was finally sold in July, 1899, at the American Horse Exchange for his board. Frank Holtgate was the purchaser and he secured him at a low figure.

"Doc" has a wonderfully fast gait and when once started it seems nothing can stop him from taking first place, so hard does he exert himself. His record is as follows: 1/4 mile in 48 seconds (made at Elmira); 1/2 mile in

Indianspolis, 6; Mississippi, 6; Milwaukee, 6; Cleveland, 5.

**Delaware and Hudson Improvements.**  
The new Delaware and Hudson freight house near Market street is almost completed and it looks very attractive. The first floor is to be used exclusively for the storage of freight and an office for the telegraph operators. The second floor will be used by the clerks and cashier and the third is for the storage of books and other valuables connected with the department.

The interior is nicely painted and varnished. The rooms are well lighted and the view from the upper story is splendid. In a few days the work will have been completed and then everything will be conducted in a more systematic manner. Lack of room prevented in the past, but in future the employees of the freight department will be able to cope with the rapidly increasing traffic.—Wilkes-Barre News.

### This and That.

The Erie railroad is placing chime whistles on all its passenger engines. The Baltimore and Ohio will build an enormous grain elevator in South Chicago.

The new car ventilator company has been organized in Camden, with \$250,000 capital.

The Philadelphia and Erie has completed a long stretch of second track near Corry, Pa.

The Pennsylvania railroad shops at Pitscarn are being extended by the enlargement of the blacksmith and machine shops.

The Baldwin Locomotive works is building thirteen locomotives for the Illinois Central and two switching engines for the Allegheny Valley.

Captain John P. Green, first vice president of the Pennsylvania Railroad company, will act as president of the company, during the absence of Cassatt's absence abroad. Mr. Cassatt will not return until late in September.

The Delaware and Hudson passenger coaches are being repainted. The color will resemble somewhat the passenger coaches of the Lehigh Valley and the Central, except that there will be a golden stripe along the sides.

The officials of the Delaware and Hudson road recently issued orders directing the various superintendents to accept no car that has not an N. & B. cupler attached. This is done in order to insure more safety to their employees.

A mass meeting will be held at Mears' hall, Monday evening, July 30, by all miners, laborers, and all employees of the Delaware, Lackawanna and Western, for the purpose of organizing a union to be composed of Delaware, Lackawanna and Western employees only.

1.02; 1/2 mile in 1.14 and 1 mile in 1.415 (made at Cuba, N. Y.). Mr. Holtgate had him entered in twenty-four races in 1899 and "Doc" won first money in each one.—Wilkes-Barre Record.

### Sporting Squibs.

**A** NEW wrinkle in billiards is described as follows by the Chicago Herald: "The innovation of two red object balls and one white cue ball is being discussed by local experts, and opinion is divided as to the advisability of the proposed change. Argument concerning the matter is sometimes heated many maintaining that it would take away some of the attractive features of the game, while others contend that it would add to the interest. The leading experts have not made up their minds whether they would welcome the change, and are waiting to see what Jacob Schaefer has to say concerning it. 'The Wizard' has been asked to give the change a practical and thorough test, and has consented to do so. His decision will probably be final. If Jake thinks it is a 'good thing,' we expect to see the red predominating in billiard halls. If Jake shakes his head, it will continue to be two whites and one red for all regular billiards. 'It looks all right on paper,' is the way one expert puts the matter. 'There is no doubt that it would gain two important advantages. It would entirely do away with the possibility of playing with the wrong ball, and would leave the defeated player minus the excuse that he did not gain his favorite ivory when he banked for choice of balls.'

"It's about the same as the regular game," says Maurice Daly. "There's no difference that I can see, and I don't think it is likely to supersede the present style of two whites and one red. The only advantage it has is that there is no difference whatever in the ball the players use, both using the same one, but billiards isn't down so fine that using different balls makes much difference. However, what we want now is tournaments, whatever the style of game."

SCRANTON'S SHOPPING CENTER.

## Women's Summer Skirts Attractive Styles Reduced Prices....

Light in weight, cool and stylish. These are just the skirts that every woman wants right now. We must sell them while they are crisp and fresh. Attractive enough at their regular prices, yet we double the temptation to hurry the selling. These two groups for particular mention:

**At \$5.00** Pique Skirts that were \$10. Fancy Pique Skirts, elaborately trimmed, were \$10 to \$12. Fancy Appliqued Skirts, our finest numbers, were \$10 to \$12. An assortment of Kai Ki and Fancy Linen Skirts, value up to \$10.

**At \$7.50** An elaborate assortment of Fine Applique Skirts, in entirely new and original designs, worth from \$13.50 to \$18.

## An Important Event in Women's Jackets

It's a stock adjustment that brings these remarkable offerings—a culling of certain desirable styles throughout the stocks that are too numerous for this period. And when such a transaction is once determined here it must be effective. No time to temporize with trivial price reductions. This is the present plan to make this event a brisk one.

**Jackets, \$7.50** They are of Cheviot and Broadcloth, in black and taupe colors, fly front and one button cutaway. Some plain, others appliqued, all lined with silk or satin, worth from \$15 to \$18.

**Jackets at \$10** They are of broadcloth, taffeta silk and peau de soie silk, in Eton and fly front style, lined with taffeta silk and satin, value from \$20 to \$22.

**Jackets, \$12.50** High Class Jackets of broadcloth, handsomely appliqued, worth from \$25 to \$30.

**DR. PIERCE'S Favorite Prescription**

"I am so grateful to you for your advice," says Mrs. Sidney B. Oakes, of Whitwell, Pittsylvania Co., Va. "When I commenced your medicines I had been treated by different doctors for three months or more, but would only receive partial relief for a short while and then would be worse than before. Was confined to my bed most of the time. At the time I commenced your treatment my left side was completely paralyzed. Had no desire to eat anything. Bowels costive all the time. Nerves were all unstrung, so I could not bear the least noise. I also suffered from diseased ovaries and female weakness. I am thanks to my Maker and you, after following your advice, I am able to do all my washing, sewing and house work in general. I haven't had a spasm in two months. Left off medicines about one month ago. Didn't think it necessary to continue them longer. I have taken about seven bottles of Dr. Pierce's Favorite Prescription, seven of the 'Golden Medical Discovery,' and two vials of 'Pleasant Pellets.' I heartily recommend those medicines to all suffering as I was."
