CARBONDALE.

ARNOLD SKIPPED.

Woman Has Warrant Issued but Clemmon Was Foxy.

Last week Martha Brady had a warrant issued charging Clemmon Arnold with being responsible for her delicate condition. Complaint was made before Alderman Baker, but he and Constable Pierce were keeping the matter quiet in the hope that Arnold might be arrested—until the Tribune representative informed the alderman last night that Arnold had been out of the state at least four days.

Accused was ably assisted by his 14-year-old son, who went to Scranton late one night and apprised his father of the situation. Early next morning Clemmon was on his way to the nearest state line and the boy came home to pack up the goods, after seeing his paternal parent safely off.

The lad, who is beyond his years in experience, said: "Pa 'd only been gone" with her six weeks and I just think it's a case of blackmail. Any way, we're going to stand by the old gent."

JERMYN AND MAYFIELD.

Yesterday's Excursion to Harvey's Lake—Pigeon Shooting Match Today—Other News Notes.

It was considerably unfortunate for the promoters of yesterday's excursion that the heavy rain storm set in just after daybreak and continued for some time after those who had made up their minds to brave the inclement weather had been at all favorable. Several hundred additional people would have gone from this borough. As it was about four hundred people went. The game of base ball played at the lake between the West Side Browns and a picked nine, which included a professional pitcher, was won by the Browns, the game being called at the end of the seventh inning owing to rain, with the score 5 to 4. The excursionists reached home safely at 5:30 o'clock last evening, and all spoke highly of the lake and its attractions.

This afternoon, on the East Side grounds, a pigeon shooting match between Gabriel Hall, of West Mayfield, and John Fadden, of Olyphant, will take place for \$25. At the conclusion a sweepstakes match will take place, in which the Browns, the game being called at the end of the seventh inning owing to rain, with the score 5 to 4. The excursionists reached home safely at 5:30 o'clock last evening, and all spoke highly of the lake and its attractions.

The fight between the citizens of Olyphant borough against the Olyphant Sewerage and Drainage company is on again. The sewer company has commenced operations a few days ago and having very legal right, according to the recent decision of the supreme court, the citizens of the borough assembled in mass meeting last night to devise other means of opposing the sewer controlled by a private corporation.

The meeting was held in the borough building, which was filled to overflowing and called to order by Chairman David E. Lewis. Secretary Matthews stated the object of the meeting which was to consider the sewer question, and all citizens were invited to give their views on the matter. M. W. Cummings was among the first speakers to take the floor, in a very forcible language urged the people to unite and to form an organization to include every taxpayer in the borough, and refuse to make any connection with the proposed sewer. He said further that the council could assist in the matter by not entering into a contract for carrying off the surface drainages. Burgess Manning also made a few remarks, asking the co-operation of the citizens in the matter of accepting a bond from the company for the tearing up of the pave on Lackawanna street. Many other taxpayers expressed themselves as being in favor of constructing a sewer owned by the property holders, rather than be compelled to make connections with a sewer controlled by private individuals. Another meeting will be held next Monday night when more definite action will be taken. A committee was appointed to make arrangements for holding the next meeting in a larger hall, as the borough building is too small to accommodate the crowds that assemble.

Edward B. Scott was taken seriously ill on Wednesday last and for a time it was thought that the attack would be fatal. A hasty message was sent here by the next morning, and the left side was paralyzed and there was great danger of further helplessness, but good medical care and nursing have gained the mastery, so that now he is much better and there is strong hope that he will shortly recover.

Dr. Norris and family are at their summer home in Dimock and came down to witness the ball game on Saturday.

The barns on the farm of H. E. Phelps, in the southeastern corner of the township, were destroyed by fire on Friday night last. There were thirty tons of hay, farming tools, wagons, etc., and everything was burned except one wagon. Mr. Phelps and wife were visiting in New York state, so there was no one at home. It seems a clear case of a villain who matches. There was a small insurance on the buildings.

Friday last mowing machines, wagons, small tools and men could be seen wending their way to E. B. Scott's meadows, and long before night the hay was in the barn. It is needless to say that they were brother Old Fellows.

The work of gathering the oft crop will begin this week in earnest. There is a fine growth of straw and the grain is of good quality.

O. C. Culver has been having stone hauled for the purpose of building a porch and making other improvements about his house.

The job which he had always been a staunch Republican and had never missed an election.
