venue. Miss Grace Simrell, Carbondale. Harry Reese, 331 Evans court. Edward Murray, 516 Hamm court. Sidney W. Hayes, 922 Olive street.

The number of points registered in The Tribune's Educational Contest yesterday was the largest, with one exception, since the contest opened, yet no change in the order of names resulted. Yesterday morning John P Smith and Miss Grace Simrell were tied for seventh place, while today Mr. Smith leads Miss Simrell by one point. David C. Spencer, at Bloomsburg, is doing well, and the other contestants out of town are getting along nicely. Harry Reese, who has been gradually dropping down in the list, expects to pass up again in a day or two, and Oliver Callahan has a number of points in view that may put him at the head of the roll, although Charles Rodriguez has thus far succeeded in keeping at the top. Mr. Rodriguez brought in the first subscriber in the contest, but Mr. Callahan had the lead the following morning, which, however, he failed to maintain but a few days.

The rules of the contest and the list of rewards, together with other intersting information, will be found or the fourth page this morning. There is time, even now, to enter and a few yearly subscriptions would put a new contestant in a very good position on

# THE MARKETS.

New York, Aug. 6.-The early dealings in th stock markets showed a survival of last week's strength, but it gave way in the face of the day's developments and the market refleced what-ever gains had been established. The final measured in comparison with the high continued firm. Reading first preferred was taken in quite large amounts on the supposition that the dividend rate would be increased at to day's meeting. The stock fell back 1½ when the declaration of the same rate of dividend as the last was announced. Sugar weakened on the re-port of the shading of several grades of soft ugar, which was taken to indicate a renewal of competition in the trade. The more cheerful feeling regarding the iron and steel stocks which has been in evidence for some time past lifted prices in that group. Colorado Fuel was conpicuous. The preferred stock was bid up fro 12 to 120, at which price 100 shares changed hands. The bid price was then further advanced to 1271/2 without bringing out stock. The steel group weakened later in the day. The circumtantial accounts from Pittsburg of extensions by the Carnegie company looking to competition with some of the new combinations affected the

group, and especially Federal steel and steel and wire. Total sales today, 178,300 shares. The bond market continued at a very low ebb of activity and the movement of prices was dight Total sales par value, \$740,000. United States old is declined in the bid

JONAS LONG'S SONS'

GREAT SHOE SALE.

# Do You Realize The Splendid Shoe Bargains We Are Offering?

If the identical shoes that have been selling in all first-class shoe stores for \$2.50, \$3. and \$3.50 were offered for one-half these prices, wouldn't it be good policy to buy liberally and at once?

It was a fortunate circumstance that brought these high-grade shoes to our store. The price we paid for them was ridiculously below their market value. Manufacturers make mistakes, make up too many goods at times for their trade demands. The retailer who buys at such times makes no mistakes. We made none when we bought the entire overplus of this grand shoe stock.

# We Offer These **High-Grade Strictly Warranted Shoes**
