THE MARKETS.

Wall Street Review.

New York, Aug. 7.—The recent disposition to refrain from operating in atocks and to await a clearer development of the prospect was reinforced today by the extreme heat, which reached a level inducing prostrations on the floor of the exchange. With the exception of the occasional execution of orders is a few stocks where sional execution of orders in a few stocks where special causes were at work the list was almost wholly neglected. During the early part of the day some considerable declines were established, but when the room traders came to close up their contracts the losses were in large part wiped out. The most conspicuous individual movement was in United States tubber which jumped 3% from the early low point not lone before the close. Purishment was visited long before the close. Punishment was visited as a result upon the short interest which rushed to cover making some show of animation in tocks. Northern Pacific's large increase in arning for the fourth week of July brought ralizing and the grangers were heavy on th weather bureau's crop report, showing need of rain in the corn belt. The steel stocks sagged on the further reduction in the price of iron warrants. Some of the recently inactive stocks showed wide declines including Chicago, Great Western, Lake Erie and Western, Iowa Central and the local tractions.
