PRESIDENT'S PLANS.

Mr. and Mrs. McKinley Will Be Abant from Canton Several Weeks. anton, O., Aug. 9.-When President

McKinley leaves Washington next week it will be for an absence of several weeks from his Canton home. Mrs. McKinley expects to accompany him They probably will start from Canton next Thursday. On Saturday a reception will be tendered 1,400 Cuban school teachers visiting in the United States. On Sunday the president and cabinet will attend memorial services for the late King of Italy. President and Mrs. McKinley probably will remain in Washington the greater part of the week and will go direct from the capttal to Chicago to attend the Grand Army Republic encampment. Chicago they will return to Canton and probably remain here until the second week in September, when they will go to Somerset, Pa., to attend the wedding of Mabel McKinley, the president's niece, to Dr. Herman Baer.

Beyond that the plans have not been definitely arranged, but it is probable the president will be in Canton at least a part of the time between that and election day. Colonel and Mrs. Myron T. Herrick,

There is no change in the standing of the leaders in The Tribune's Educational Contest this morning. Several of the contestants scored points, among them Richard Roberts, who recently started, although he did not secure enough to pull him out of last

place. As the contestants take hold of the work, residents of Scranton and surrounding towns will no doubt be appealed to many times to take The Tribune. Many are already subscribers, but they can probably inform the young person of some one of their friends or neighbors who would be willing to subscribe, and thus aid them in their efforts to secure an advanced education.

There are undoubtedly many who are not subscribers, but who are in the habit of purchasing The Tribune each morning. There may be some young persons among the contestants whom they would be willing to aid, but who has not as yet called upon them. Drop a postal to the address of the contestant-the address of each is at the head of this column-and you will probably receive a very prompt response. The young people are aiming at a worthy object and deserve encouragement.

THE MARKETS.

Wall Street Review.

Well Street Review.

New York, Aug. 9.—Quotatons were hardly more than nominal in the stock market today. There was not single feature of air left in the day's trading and the aggregate number of shares sold fell below a hundred thousand for the first time in several years in a full trading day. There was a disposition to disregard the weakness reflected from London, in spite of the fact that sales for London account ran up to 8,000 shares which is a large tetal compared with the recent average, but the declines which resulted here were lardly more than momentary. The variation during the latter part of the day was scarcely appreciable in most of the snocks traded in and the average level of prices showed an insignificant change in the day. It was noticeable, however, that in any individual stock in which a large order was executed the resulting price movement was wide. This was true of either a selling or a buying. Chicago and Northwestern, for there was a buying order for several thousand shares, was a conspicuous example, running up nearly four points. A number of lately dormant stocks ran off sharply on selling order, Buffalo, Rochester and Pittsburg rose i points on a single transaction. Realizing in Rubber cost this stock? points.
