THIEF IN SEELEY RESIDENCE

Daashed Out with a Pocket-book Containing Small Sum of Money.

A very nervous thief, one who evidently combines the coolness of an ice man with the audacity of a Jesse James, Jr., gave the residents of the 700 block, Monroe Avenue, a very large sized scare Wednesday night by entering the residence of W. S. Seeley, at 721 Monroe Avenue, while the family was busily engaged in one of the rooms and by afterward leaving the house most quietly on being discovered, taking with him a purse containing a few dollars.

Mrs. Seeley, Mrs. Troch and Mrs. Charles Seeley, of Olive Street, were sitting on the front porch together until about 9:30 o'clock, when they entered the house to partake of a light lunch. Mrs. Charles Seeley was spending the night with her sister-in-law, as her husband was out of town, and she declared she was afraid to remain home on account of the burglars who were said to be in the neighborhood. Therefore, the subsequent proceedings came somewhat in the nature of a joke on Mrs. Seeley.

While the three ladies were at lunch

the burglar slipped into the house by way of the front entrance and went up the steps into the room of Mary Maguire, the servant girl. Every one retired to rest a short while later and on Miss Maguire hearing a noise in the room she rose, lit a light and went into the hall. A moment later the light was extinguished and the noise was heard of some one dashing down the front steps.

Mr. Walker, a nearby neighbor, saw a man come out of the house and walk hurriedly down the street and that was the last seen of the burglar. He took with him Miss Maguire's pocket-book.

PREPARATIONS NEARING END.

War on Speakeasies Will Soon Be On in Earnest.

The air about Mayor Moir's office at present seems to be heavy and ominous, and from all present indications the storm threatening the unlicensed liquor dealers of the city will soon break, and the speakeasy keepers meet their doom.

Mayor Moir declares that the work of accumulating evidence and making preparations for the battle is daily drawing to a finish, and that ere long the contest will be on in earnest.

"The work," says he, "naturally requires time and deliberation, and we are going about the matter as carefully as possible, in order to make no false steps."

THE EMPLOYEES OF THE DELAWARE, LACKAWANNA AND WESTERN COLLIERIES WILL MEET IN MEYER'S HALL, WEST SCRANTON, AT 7:30 O'CLOCK THIS EVENING FOR THE PURPOSE OF TAKING STEPS TO RATIFY THE MOVEMENT INAUGURATED SEVERAL WEEKS AGO TO ORGANIZE A UNION TO BE COMPOSED ENTIRELY OF THE MEN EMPLOYED BY THE DELAWARE, LACKAWANNA AND WESTERN COMPANIES.

At the last meeting a general committee was appointed, composed of representatives from the various collieries for the purpose of canvassing the men relative to the proposed union, and 50 per cent. of the men are said to be favorable to the plan.

At a meeting of the general committee held last Saturday evening it was resolved to extend an invitation to all the employees of the Delaware, Lackawanna and Western mines over the years of age to join the movement. Committees were appointed to canvass the different collieries to enroll the names of those desiring to become members. The responses received were exceedingly gratifying to the promoters, and what will in future be known as the "Lackawanna Union" has been successfully launched.

STATEMENT OF MEMBER.

In speaking of the new union, one of the members of the general committee stated: "The Lackawanna union has been organized for the purpose of giving to the employees of the Delaware, Lackawanna and Western mines a voice in the management of the company who own their own homes and others who have homes partially paid for, and it is the intention to have it comprised of the conservative or very best element in the mines."

"It will place its members out of the control of agitators who are controlled by the soft coal interests and who would reap the result of whatever misfortune might befall the anthracite workers. It is argued that in the event of a general strike the hard coal companies would lose business which it would take them ten years to recover from the soft coal dealers."

At the meeting tonight the committee propose establishing a branch organization at each mine. Each branch or mine will be entitled to one member of the executive committee, whose headquarters will be in West Scranton. This committee will elect officers and draw up the necessary constitution and by-laws.

BRANCH ORGANIZATIONS.

Representatives from each colliery will be selected to perfect the branch organization at the different mines and select meeting places for the meetings of the branch officers and their representative on the executive committee. Addresses will be made by several prominent speakers and all employees who are members of the organization are invited to attend the meetings and participate in the proceedings.

The men have not balloted on the question of joining the union, as has been stated, but have merely been invited to attend this evening's meeting. It is expected by its organizers that the new union will be one of the strongest ever organized in the coal regions.

BUILDING COMMITTEE MEETS.

Mislaid Papers Caused Adjournment of Session.

The building committee of council met yesterday afternoon in Street Commissioner Thomas' office to consider bids received for those buildings on the extension of Wyoming Avenue which have been condemned. City Solicitor Vostburg attended the meeting, which was in session about an hour. Nothing was done by the committee, however, as some necessary papers had been mislaid and could not be found.

The meeting adjourned to meet again tomorrow afternoon at 3 o'clock. A few bids were presented at yesterday's meeting, but no action taken regarding them. Two of the buildings have already been disposed of to George F. McCarthy and N. A. Hulbert.

THOMAS ROLLAND KILLED.

Miner in the Von Storch Shaft Struck by a Trip of Cars.

Thomas Rolland, of West Market Street, a miner at the Von Storch shaft, was killed yesterday afternoon by being struck by a trip of cars. He had quit work for the day and was walking up the plane when suddenly a trip of cars which had just ascended the plane broke loose and came down the track.

Before Rolland could get out of the way he was struck by the cars and four of them passed over his body. Fellow workmen picked up his remains, which were removed home in the hospital ambulance.

ONLY TWO NAMES MENTIONED.

Democratic Candidates Are Scarce in the First Legislative District.

T. D. Hayes, of North Scranton, and Attorney M. J. McAndrew are the only candidates mentioned for legislature in the first district. Mr. McAndrew has not openly declared that he is a candidate. Mr. Hayes, who is a member of the Mine Workers' union, is actively after the nomination.

The primaries will be held next Wednesday afternoon, between the hours of 4 and 7, and the convention will be at 2 o'clock Friday afternoon in Golden's hall in Bellevue.

D., L. & W. MEN TO MEET TONIGHT

PURPOSE IS TO ORGANIZE THE LACKAWANNA UNION.

Meetings Have Been Held at the Different Collieries in Accordance with the Terms of the Motion Passed at the Meeting of One Week Ago Monday Night and Tonight the Wish of the Members with Reference to Organizing a Union Will Be Made Known.

The employees of the Delaware, Lackawanna and Western collieries will meet in Meyer's hall, West Scranton, at 7:30 o'clock this evening for the purpose of taking steps to ratify the movement inaugurated several weeks ago to organize a union to be composed entirely of the men employed by the Delaware, Lackawanna and Western companies.

At the last meeting a general committee was appointed, composed of representatives from the various collieries for the purpose of canvassing the men relative to the proposed union, and 50 per cent. of the men are said to be favorable to the plan.

SLATE FIXED UP FOR TUESDAY NEXT

Contains the Name of Prof. George Howell for Congress, but M. F. Conry Believes He Can Break the Slate.

There was a conference Wednesday night of a number of the prominent Democrats of the county, at which the coming primaries and convention were talked over and a slate blocked out, with the idea in mind that every man on it will be able to pay the freight. "It's a business proposition this year," said one of the men who was at the conference, in discussing the situation with a Tribune man yesterday. "If you are a good fellow, and have elements of strength, you can get on the ticket, provided you do your share toward paying expenses. It takes money to make the mare go, and the men who are nominated next Tuesday must prove their ability to produce the amount they will legitimately be required to pay."

This is the ticket that was agreed upon at Wednesday night's conference: CONGRESS—PROF. GEORGE HOWELL, WEST SCRANTON. JUDGE—JOHN P. KELLY, SCRANTON. SHERIFF—CHARLES H. SCHMIDT, SCRANTON. TREASURER—C. G. BOLAND, SOUTH SCRANTON. DISTRICT ATTORNEY—HON. JOHN P. QUINNAN, SOUTH SCRANTON. OR JOHN J. "MURPHY" SOFT, SCRANTON. CLERK OF THE COURTS—FRANK THOMPSON, SCRANTON, or P. J. HICKEY, SOUTH SCRANTON. PROTHONOTARY—FRANK P. BROWN, CARBONDALE. RECORDER OF DEEDS—FREDERICK W. WARD, WEST SCRANTON. REGISTER OF WILLS—WILLIAM KOCH, SOUTH SCRANTON. JURY COMMISSIONER—ANDREW HEALEY, DENMORE.

This slate will meet with opposition at the top and bottom. Attorney M. F. Conry, who is a candidate for the congressional nomination, said yesterday to a Tribune man that he is in the fight to stay and that his name will go before the convention. He is not dismayed by the fact that his name does not appear on the slate.

"I believe I can break that slate," Mr. Conry said, "for I have assurances of support from all parts of the county."

"The slate-makers would like to have Frank Thompson on the ticket for clerk of the courts and if he can give assurances of his financial strength he will get the place. Ex-Chief Hickey of the fire department is the second choice.

There is no rush for the district attorney nomination, and either Mr. Quinnan or Mr. Murphy express a desire for it they can have it. The slate-makers seem to have no choice as between them.

For the office of jury commissioner there will be a very lively struggle. Andrew Healey, who has been slated, is the choice of a very influential element of the party that has been a liberal contributor to campaign funds in the past. Another element wants M. O'Malley, and still another William Kane. John E. Flynn, of Archbald, and M. W. Grogan, of Olyphant, also have a following that may disturb the harmony of the convention.

The primaries will be held Saturday afternoon, at which delegates will be elected to Tuesday's convention.

UNION'S AGENTS ARE BUSY.

Wholesale Arrests Will Shortly Be Forthcoming.

According to Attorney F. E. Beers, of counsel for the Men's union, the surface indications that the union is taking a summer vacation are decidedly misleading.

The agents of the union were never more busy and have never done more effective work than they are doing just at present, Mr. Beers says. Chief Agent Robert Wilson, who is tabulating the prosecutions and arranging the evidence, told Mr. Beers yesterday that up to Wednesday the union had just twice as many cases on hand as it had when the agents ceased making arrests.

A new corps of agents was employed because of the fact that the others had become generally known by being called upon to testify at hearings, and these new agents have proven themselves quite as enterprising as their predecessors.

The reason no arrests are being made is that the union does not wish to disclose the identity of the new agents until they have gathered up about all the evidence they can be reasonably expected to carry around with them.

Mr. Beers says that when the union resumes the issuing of warrants there will be wholesale arrests. Evidence against half a hundred additional speakeasies is already at hand, he says, and before many more weeks he expects the list will grow to a hundred.

The union hopes that the mayor, with the assistance of the tipping house ordinance, will save the agents the trouble of prosecuting a large number of cases.

SOME ARE INDECENT; SOME ONLY CROOKED

SOME OTHERS IRREGULAR AND OTHERS QUESTIONABLE.

Report of Commissioner John P. Quinnan on the Indebtedness of Lackawanna Township, Just Completed, Will Be a Big Surprise to the Holders of Township Orders, It Is Claimed—The Total Claims, Amounting to \$36,300, Will Be Cut Down 75 Per Cent.

Hon. John P. Quinnan, the commissioner appointed by court to marshal the debt of Lackawanna township, has practically completed his report, and will presently transmit it to court.

Attorneys representing the parties who have banded together to see that no illegal claims are allowed, allege that the report will be a big surprise to the claimants.

The total amount of the claims presented is \$36,300. In round numbers, \$19,000 worth of these were thrown out by Commissioner Quinnan, it is said, as being duplications or otherwise faulty. About \$7,000 worth more are ruled to be invalid, because the holders secured judgment by suing on the orders in their own names. Instead of suing as assignees and using the orders as an evidence of a claim. The law, it is contended, the commissioner will find, declares a township order is not negotiable paper and not a claim, and that in every instance where the holders used the orders as being anything more than evidence of a claim they sued out their claims irregularly.

Another thing which will work against another large number of the orders is the fact that a technical error was made in not presenting the best evidence of the debt in instances where otherwise the claim was regularly sued out.

Those latter parties proceeded regularly till it came to the attention of the claims before the commissioner. Then, instead of introducing in evidence the judgment docket of the prothonotary's office, they contented themselves with furnishing the commissioner with a memorandum of the entries. These papers were taken out blank orders by the opposition attorney that exceptions would be taken to this procedure as being an insufficiency, and now, it is alleged, the commissioner has come to the opposition attorney's way of thinking, and all these claims are likely to be thrown out.

The claim is made that the indebtedness when reported will have been cut down from \$36,300 to less than \$10,000, and the more sanguine of the opposing attorneys say it will surely not exceed \$5,000.

There will be exceptions, of course, and the commissioner's findings may be overthrown, but at the most the indebtedness will be less than \$20,000.
