CARBONDALE.

ENTERTAINMENT COURSE.

The New Century club, which has given such excellent satisfaction in conducting entertainment courses for several seasons past, will treat the public to another next season. Miss Wiley, of Scranton, is now making a ticket canvass of the city. Any revenue above the amount required for expenses will go to the hospital, as on former occasions. The following attractions have been decided upon: General John B. Gordon will give his

renowned lecture on "The Last Days of the Confederacy," on October 31. The Slayton Jubilee Singers appear on December 3. This is decidedly the best company of jubilees on the road and the entertainment they give is de-

The last number on the course is not positively arranged for, but it is expected that Albert Armstrong with his picture play of the "Little Minister" can be secured.

C. H. CUPP ELECTED.

Councils in joint session last evening elected C. H. Cupp, of Scranton, engineer of the city of Carbondale, to succeeed Randolph Mason, resigned. He will take charge of the office at once, as Mr. Mason's services are in demand at the Delaware and Hudson headquarters in this city. He has made an admirable official and it is to be regretted that the company succeeded in getting him back. Mr. Cupp. however, comes highly recommended; in fact, as a councilman expressed it, he had good recommendations enough to fill a vault in the municipal building. He was formerly with the Jersey Central and pore recently on the Erie and Wyomas Valley. His was the only name proposed.

FOR A TENT.

Those in charge of the arrangement for the Schiverea meetings have so far been unable to get a tent in which to conduct them. They are in correspondence with Mr. Schiverea daily and Mr. Chaffee, who is the leader in the enterprise, when approached on the subject yesterday by a reporter said that there was nothing definite to give out. "Mr. Schiverea may be here next Sunday and he may not. We don't know for sure. We have wired him to come and are awaiting his reply," he said. "About the best thing to say is that we are as yet entirely at sea in the
