## THE SCRANTON TRIBUNE-WEDNESDAY, AUGUST 15, 1900.

## **DEMOCRATIC CAUCUS** WILL BE HELD TODAY

## TO SELECT DELEGATES TO FIRST DISTRICT CONVENTION.

Candidates Will Be Nominated to Oppose T. Jefferson Reynolds-T. D. Hayes, of North Scranton, the Probable Nominee-Miss Williams Kissed by a Kissing Bug-B. Y. P. U. Excursion to Harvey's Lake. Small Fire on Sixth Street-Notes and Personals.

The Democrats of the First legislative district will caucus this afternoon from 4 to 7 o'clock for delegates to the convention to be held in Golden's hall next Friday afternoon, when a candidate will be placed in nomination to succeed Hon, John R. Farr, the present incumbent.

The Republicans have placed in nomination T. Jefferson Reynolds, of South Main avenue, and from present indications his opponent will be T. D. Hayes, of North Scranton, who is the only candidate who has thus far announced himself.

Comparatively little interest is manifested in the primarles today and it is doubtful if many of the polling places will be open, Attorney M. J. McAndrew, who has been mentioned in connection with the nomination, will not be a candidate. This information was vouched for yesterday by one of his closest friends.

Mr. Hayes is a conspicuous figure in the ranks of the United Mine Workers of America and looks for his support among the members of the local unions in the district.

### Postoffice Improvements.

Now that the branch postoffice is in successful operation and is a source of much convenience to the general public, it would be well to have a suitable sign crected over the door to enable people to easily locate the office. The paint on the windows at present is unbecoming an important station. Another improvement which is need-

ed is a larger letter or package drop in the door, which can be used after closing hours.

### Excursion to Harvey's Lake.

An unusually large gathering of young people attended the annual excursion of the Baptist Young People's Union of Northeastern Pennsylvania to Harvey's lake yesterday. The day was delightfully spent by the excursion-

Ask Jenkins about it.

sts in various ways, which included boating, fishing and other amusements. Delegations were present from all of he Baptist churches in this city, and eprosentatives of the Olyphant, Pittsn, Taylor, Wilkes-Barre and other scieties were also on the grounds in urge numbers, President David J. Dais deserves much credit for the abla anner in which the excursion was inducted, as it was one of the most accessful gatherings ever held under

he auspices of the union. Slight Fire on Sixth Street.

A lamp was exploded last night at o'clock in the house occupied by David Williams and family, on Sixth reet, and in consequence an alarm was turned in from Box 14, corner of West Lackawanna avenue and Sevanth street, but before the firemen arrived the flames were extinguished with a few pails of water, The table cloth and wallpaper be-bind the table were damaged, but not ery much. The Hook and Ladder impany was ready for business, but heir services were not needed. The

Another Kissing Bug Victim.

damages are slight.

Miss Margaret Roberts, of Hampton treet, is the latest victim of the kissng bug, which has again made its appearance in this vicinity. She was se-verely bitten recently while seated on the porch at her home with a number of friends.

The young lady felt something bitng her, which she thought was a mosquito, but her face began to swell and caused her much pain, A physician vas called who reduced the swelling.

## GENERAL NEWS NOTES.

An infant child of Mr. and Mrs. Andrew An infant Child of Mr. and Mrs. Andrew Judge, of Van Buren avenue, was boried in the Cathedral cemetery yesterday afternoon. ## SOUTH SCRANTON NOTES.

James Flood Badly Bitten by a Dog. Scranton Athletic Club's Com-

## ing Fair-Other Notes.

James Flood, of Elm street, a young nan engaged as a driver for Casey & Kelly, was painfully bitten by a large St. Bernard dog last Saturday while delivering goods to a party named Slavoski, living on Prospect avenue, Mr. Kelly was sent to the house about 8 o'clock at night, and, upon entering the yard, the dog made a spring for him, painfully lacerating the leg above the knee. He fought the dog off, until assistance arrived, when he was immediately taken to Dr. J. J. Manley's office, where the wound was cauterized. No serious results are anticipated.

A well-attended meeting of the committee on arrangements for the com-ing fair of the Scranton Athletic club vas held last night in their hall on Alder street, when plans were discussed to make this fair a most successful one. The exact time of the

# THE WOMAN WHO WAS.

## Change of life.

What will that change bring to me? Will it see me living in dreams of a happy past, a healthy woman who has given to the world fair daughters and strong sons? Or will it see me only the woman who was; a moaning invalid, a burden to those I love, broken of body and miserable of mind?

The pertinency of those questions to every woman lies in the fact that few of them pass through this period of functional change without suffering both physically and mentally. Like so much of womanly

condition there should be no suffering for women at this period of change. When there is suffering; when the body is in pain, and the mind is clouded by jealousies or darkened by fears, it is generally because the womanly organism is diseased and the nervous force exhausted.

It is at this crisis that the great medicine for women, Dr. Pierce's Favorite Prescription, proves its value anew. This medicine, which helps the maid, wife and mother, will carry the woman safely

and happily through this critical period of change. It will preserve her from the chronic invalidism which claims so many victims at this period of functional change. It will give her physical strength, tranquil nerves, sound

sleep, and a healthy appetite.

## A Woman's Recommendation.

Mrs. M. Barnes, of Balls Ferry, Shasta Co., Cal., writes: 'My physician said I was suffering from the effects of 'change of life.' I had heart disease, uterine trouble, and rheumatism. My head was so dizzy 1 could hardly stand. When I began to use Dr. Pierce's medicines I improved right along. I took seven or eight bottles of the 'Favorite

Prescription,' a teaspoonful three times a day, and the 'Pleasant Pellets' at night. I feel as well as I ever did. I take great pleasure in recom-mending Dr. Pierce's medicines to suffering women. I think they are the best medicines in the world. I can't say enough in their praise. The 'Favorite Prescription' cured me after I had been so sick for two years that I was hardly able to be about."

The greatest advertisers of Dr. Pierce's

time of change of life, and I have been sick a good deal, off and on. When Mrs, Hemmis moved beside me I was sick in bed, and when she came to see me and we were talking over the sickness. Mrs. Hemmis told me to try Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,' and also 'Pellets.' I got her to being me a bette of methods from the device of the size of the bring me a bottle of each from the drug store, and I used them. They did me a great deal of good, and I got two more bottles of 'Favorite Prescription.' That made three bottles of 'Prescription,' two of 'Discovery,' and two of 'Pellets.' I

name three bottles of 'Prescription, two of 'Discovery,' and two of 'Pellets.' I never saw such a wonderful cure. Before I commenced your remedies I was good for nothing. I had to send my washing out for I was not able to do it. Then I got worse and had to get a girl to do my work. I would have headache so badly; would bloat up, and was in such misery I hardly knew what to do with myself. I was ever so thankful to Mrs. Hemmis for letting

me know what a grand medicine Dr. Pierce's was. I believe I would have been dead had it not been for this medicine. I was so sick and bloated that I did not know what was to become of me. Now I am better of all that. I can do of me. Now I am better of an that. I can do all my work myself, and feel well now. That was the reason I wanted to get one of your 'Common Sense Medical Advisers.' I thought that when I received so much benefit from your medicines I would also receive more from your book."

## It always Helps. It almost always Cures.

The patient, persistent use of Doctor Pierce's Favorite Prescription results in a perfect and permanent cure in ninetyeight cases in every hundred. But in every case the use of this medicine greatly benefits, if it does not completely cure. In the case of

Mrs. Bowman, given below, she was relieved of three-fourths of her pain. From a woman who was unable to do anything, and who feared that she would lose her mind because of the terrible pains in her head and neck, she has been changed by "Favorite Prescription" to a woman who can work every day in reasonable comfort.

## Her Duty Done.

"I feel it my duty to write you, as have received so much benefit from the use of your medicine," save Mrs. Lizzie A. Bowman, of New Matamoras, Washington Co., Ohio, "I have taken four bottles of Favorite Prescrip tion' for female

weakness and

change of life. Before I began taking it I could not do anything. I had such pains in my head and in the back of my neck that I thought I would lose my mind. Now I can work every day and do not suffer one-fourth of the pain. I recommend 'Favorite Prescription' to all fe males suffering in the period of change of life. It is the best medicine I have ever found."

Nothing is claimed for Dr. Pierce's Favorite Prescription which has not been accomplished by it, not once only, but

over and over again. Behind the claim

that "Favorite Prescription" makes weak

women strong and sick women well stand

half a million women, who have been

cured of irregularity, disagreeable drains,

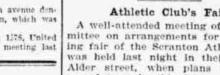

inflammation, ulceration, or female weak-

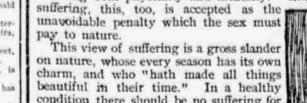

ness, and who have been strengthened for

the strain of motherhood.

What "Favorite Prescription" has done for so many other women it

Athletic Club's Fair.

The real Twentieth Century Draperies, Upholsterings, Lace Curtains, etc., are now ready for your inspection. Lines are nearly all complete for the approaching fall and winter seasons, while the few gaps that remain are being filled up as rapidly as we can take delivery of the new creations from the manufacturers at home and abroad.

# Quality, Novelty and Elegance

Combine in making these latest products of the textile arts a more than ordinarily interesting exhibit of the beautiful, and as the variety in all cases is based on the usual broad guaged Globe Warehouse plan it simply means that there is no similar collection in or near Scranton that offers the same attractions and inducements to intending buyers.

Many Controllers Don't Want Schools to Open Until Sept. 10.

There is a growing sentiment among the members of the schol bard in favor of extending the school vacation this year until September 10. September 3 is the date fixed for open-

ing the schools. Various reasons are assigned for this the principal one being the fact there is a fear on the part of some that the

three new buldings, now in course of construction, may not be completed by the earlier date, thus necessitating the putting back by one week of the sorrow afternoon at 2.50 o'clock. Rurial will pupils attending them, Another reason advanced is the fact that many people are away from the

city during the first week of September on their vacations, and are compelled, when school opens so early, funeral will occur this afternoon at a o'clock.

to cut off their outlings and return home, so that their children may start in at the beginning. Mr. Roche made motion on Monday night that the acation be extended till September 10.

out his reason was merely to give the ontractors more lime. This did not meet with much approval, and the proposition was voted down, but it is believed that it can be put through if the other reasons
