RESOLUTIONS BY REPUBLICAN CLUB

ENDORING THE NATIONAL AND COUNTY NOMINEES.

Request the County Committee to Open the Campaign in West Scranton—Complicated Case Before Alderman Davies—Wheelmen's Clambake and Inevitable Meeting of United Mine Workers. Other News Notes.

An enthusiastic meeting of the West Side Central Republican club was held last evening and preparations were made for opening the fall campaign in earnest. The county committee will be asked to hold the rally in West Scranton under the auspices of the club.

Resolved, That the West Side Central Republican club request of the Republican county committee that when the campaign is opened, it be opened on the West Side, and under the auspices of this organization. To that end the committee is hereby authorized to confer with the county chairman and if the request be granted, to make necessary arrangements.

The following resolutions were also unanimously adopted: Whereas, The Democracy has again resorted, with unusual determination and organized aggressiveness, their perditional warfare against Republican principles and those distinguished individuals who have been chosen as representatives thereof; therefore be it

Resolved, That the West Side Central Republican club enter the coming campaign with its full time energy and activity, and to that end we use our own ability to party and our own labor in those fields of national and international principles which have advanced our country to the foremost position among the nations of the world, for the perpetuation of which we now pledge our individual and united support, and we call upon all Republicans to join us, with unswerving loyalty, in promoting the election of one standard bearer in county, state and nation.

In McKinley and Roosevelt we have a matchless representation of the nation's progress, whose hands the nation's future and the nation's growth can be safely entrusted. In William Connell we have a trustworthy Republican in the house of representatives, who has carefully and wisely guarded the interests of the diversified constituency which he has and will again so ably represent.

Whereas, Stephen Gonto and Michael Faeco, of the Central party, appeared before Alderman Davies in a complicated case last evening, at which twenty-two members were present; reports were received from the delegates who attended the district convention at Hazleton and a committee was appointed to confer with the committees from other local

Miss Jennie Davis, of North Blakely

There is a territory as large as Ireland," said Mr. Bramble, "in the center of Canada that no civilized man has ever explored. Nothing is known of that part, even to whether it is inhabited. The Canadian government is working industrially in this direction, and has many engineers and men engaged for the purpose."

JOHN LANGAN RUN OVER BY A WAGON.

Was Playing on Birch Street When Thrown Under the Wheels—His Ankle Broken—Several Interesting Events at Tomorrow's Picnic of William Connell Hose Company. Funerals of Thomas Norton and Mrs. George Kleinschrodt Held Yesterday—Other Notes.

Joseph Langan, a boy 9 years of age, residing on Birch street, was run over by one of Guthehn's delivery wagons on Birch street yesterday afternoon and as a result had his leg badly contused.

The young lad, in company with several others, was playing around the stone crusher of the Scranton Railway company, on Birch street, where new rails and a concrete base are being laid. One of Guthehn's delivery wagons was coming along Birch street just at this time, and the noise of the grinding stone crusher frightened the animal, which swerved and knocked young Langan down.

Medical assistance was summoned and it was found that Langan had a broken ankle and an injured leg, he was all right. Later he was taken to the Lackawanna hospital for treatment.

At the Picnic Tomorrow.
At the William Connell Hose company's picnic at Lake Ariel tomorrow, there are several events scheduled to take place, which, although not down on the regular day's programme, will undoubtedly draw large crowds. The first of these is a 100-yard dash for a purse of \$25 between John Trever and Elmer Hammond. Both men are training hard for the event, and any evening can be seen climbing South Side hills to get their wind in good order.

The next event, which will be the star one and prove the largest drawing card is a fat man's race, which will be participated in by James Keeler, James Durkin and Walter Riley. The last mentioned is from Cohoes, N. Y., and he says he is going to show these Scrantonians how they run in York state.

These events will prove star attractions, and no doubt will be witnessed by a large crowd, anxious to see the fat men kill themselves.

JUSTICE GREEN PASSES AWAY

The Well Known Jurist Dies of Uraemic Poisoning at Atlantic City—Sketch of His Career.

Atlantic City, Aug. 16.—Chief Justice Henry Green, of the Supreme court of Pennsylvania, died at 11 o'clock today at the Hotel Traymore, of uraemic poisoning. His death was unexpected, as he had only been ill one day. The chief justice, who had been staying here for several weeks, had apparently been in his usual health until yesterday morning, when he complained of a severe headache after arising. Later he was taken with a chill and went to bed. Dr. Seibert, of Easton, Pa., his physician, with two local doctors, were summoned. At noon he went into convulsions, and at 4 o'clock in the afternoon the chief justice became unconscious. At his bedside at the time of his death were his wife, his son, Frederick, his granddaughter, Miss Howard; Associate Justice of the Supreme Court of Pennsylvania John Dean and Judge Charles A. Mayer, of Clinton county.

Justice Green had been under treatment for rheumatism for many years, which weakened his constitution to such an extent that he was unable to withstand the attack of uraemia. The body of the late chief justice will be taken to his home in Easton tomorrow and the funeral services will be held either on Saturday or on Monday.

Sketch of His Career.

Henry Green, chief justice of the supreme court of Pennsylvania, was born in Warren county, N. J., Aug. 29, 1828. His father, however, was a native of Easton, in this state, and his grandfather had been one of the original settlers of that place. He was educated at Lafayette college, at Easton, graduating from that institution in 1846. He studied law with Judge Washington McCartney, and in September, 1849, was admitted to the Northampton county bar.

From that time until September, 1879, he continued in the uninterrupted practice of his profession, never holding any office which would interfere with his professional duties. The only public position, in fact, that he had held was a seat in the constitutional convention of 1872-73, to which he was appointed on February 21, 1873, as a Republican delegate at large to fill the vacancy caused by the resignation of Hon. Samuel E. Dimmick. He was for years the law partner of the late Andrew Reeder, who became famous as governor of Kansas in the anti-slavery days. On September 29, 1879, Mr. Green was appointed by Governor Hoyt to fill the vacancy on the bench of the Supreme court, occasioned by the death of Associate Justice Warren J. Woodward. This appointment held good only until the close of the year of 1880, when he was elected in November of that year as the successor to Judge Woodward for a full term of twenty-one years. With the single exception of the late Judge Keel, he was the first judge of the Supreme court of this state who came directly from the bar to the supreme bench without previous judicial service since the election of judges in 1851.

He succeeded Chief Justice Sterrett in January of the present year, and his term of twenty-one years would have expired in January, 1902. Justice Green was a staunch Republican since the organization of that party, but he was never a "working" politician. He sat in the first national convention of the party, that which nominated John C. Fremont for the presidency in 1856. Since his appointment to the supreme bench, Lafayette college, Easton, has conferred upon him the honorary degree of doctor of laws.

The New Chief Justice.

Harrisburg, Aug. 16.—Judge J. Brewster McCullom, of Montrose, becomes chief justice of the Supreme court of Pennsylvania by the death of Chief Justice Green. Judge McCullom ranked next to Justice Green in seniority, and had the latter lived until the expiration of his commission on the first Monday of January, 1902, Judge McCullom would have become his successor. The new chief justice is a Democrat, and his commission does not expire until the first Monday of January, 1910. Governor Stone will probably not be in a hurry to appoint a judge to fill the vacancy created by this death, as the commission of the appointee will not expire until the first Monday of January, 1902. Had the death of Chief Justice Green occurred three months prior to the next general election, his successor would have been chosen in November.

Governor's Message.

Harrisburg, Aug. 16.—Governor Stone today sent the following message to Mrs. Green:

"I am greatly shocked to hear of your bereavement. In the death of Chief Justice Green the bench and bar and the state will suffer a great loss. Please accept my sincere sympathy."

DISINFECTING OF SLEEPING ROOMS.

From the Philadelphia Record.
Prof. Konig, of Gottingen, in a recent article on this subject, says that at one time, while he was practicing medicine in Hanau, he suddenly discovered that his bedroom was thickly inhabited by obnoxious insects. A friend assured him that he could easily get rid of the pests, and proceeded to fumigate the apartment with corrosive sublimate. The success of this measure was most gratifying, and when the room was opened for infection remaining in the room in which the patient had been confined. The mode of procedure is very simple. From one and a half to two ounces of corrosive sublimate are put on a plate over a chafin dish, and then the windows and doors of the room are closed. At the expiration of three or four hours the windows are opened and the apartment is thoroughly aired. The person entering the room should take the precaution to hold a sponge or cloth over the mouth and nose in order not to inhale the vapor. The following day the windows are again closed, and some sulphur is burned in order to neutralize any of the mercurial fumes which may linger about the furniture and other articles. The room should then be again aired and cleaned when it will be ready for occupancy.

A Mother Tells How She Saved Her Little Daughter's Life.

I am the mother of eight children and have had a great deal of experience with medicines. Last summer my little daughter had the dysentery in its worst form. We thought she would die. I tried everything I could think of, but nothing seemed to do her any good. I saw by an advertisement in our paper that Chamberlain's Colic, Cholera and Diarrhoea Remedy was highly recommended and sent and got a bottle at once. It proved to be one of the very best medicines we ever had in the house. It saved my little daughter's life. I am anxious for every mother to know what an excellent medicine it is. Had I known it at first it would have saved me a great deal of anxiety and my little daughter much suffering. Yours truly, Mrs. George F. Burdick, Liberty, R. I. For sale by all druggists.
