CARBONDALE.

W. R. JOHNSON DISCHARGED.

William R. Johnson, the well-known naster mechanic of the locomotive shops of the Delaware and Hudson company in this city, was on Monday last notified that he will not be needed after August 30. Naturally Mr. Johnson asked the reason for his dismissal, but he was told that the company had decided to make a change. The announcement will come as a great surprise to all who know him, as he is considered one of the most capable mechanics in this section of the

ocuntry.
Mr. Johnson's connection with the Delaware and Hudson company dates back to September, 1875, at which time he entered the office of Mr. Pierce Butler as office boy. In the year 1880 he qualified as a machinst and since that time his progress was so marked that he was transferred to the locomotive shops, and in 1885 was promoted to the position of foreman. In July, 1898, Mr. Johnson was again promoted, this time to the responsible position of master mechanic. The affair is shrouded in mystery and among the men who worked under Mr. Johnson there is a bitter feeling caused by the treatment he has received. An official of the company states that Mr. Johnson resigned. The latter person told The Tribune correspondent that he was discharged. Rumor has it that there are others who will get the "blue" envelope.

JERMYN AND MAYFIELD

Large Excursion to Lake Lodore Yesterday-Attractive Services at the Baptist Church Tomorrow-Personal News.

The excursion of the Methodist Episcopal, Congregational and Episcopal Sunday schools of Jermyn went to Lake Lodore yesterday and was, as anticipated, the largest from the borough this season. Nine cars, some of which were uncomfortably crowded, left the depot at 9 o'clock in the morning and at Carbondale three additional cars, well laden, were attached to the train. Although the weather was most threatening at the hour of starting, the day proved an ideal one and every one had a thorough day's enjoyment. At the lake a number of sports were indulged in, among which was a base ball match between George Cudlip's Old Timers and the Mayfield Brown Seniors. Both teams were composed of men over forty years of age and one or two of the players were over sixty. The game proved a great attraction and to mention all the excellent points would require fully a column of space. Some of the features of the game, however, were the excellent work of Catcher Wheeler, the base running of C. L. Bell, all around playing of William Eastlake and the home runs of Eastlake, C. L. Bell and Thomas Evans. The teams lined up as follows: Old is survived by her parents, Mr. and Timers-Shortstop, Thomas Evans; Mrs. Lewis Curtis and by four broth- | third base, George Cudlip; second base, ers, Reuben, Charles and Archbald, of C.
