

NORTHEASTERN PENNSYLVANIA

WYOMING COUNTY REPUBLICANS

They Nominate a Stalwart Ticket and Line Up Unitedly for the Coming Contest.

Special to the Scranton Tribune.

Tunkhannock, Aug. 27.—The Republicans of Wyoming county met in convention at the court house at this place today for the purpose of nominating county officers. The convention was called to order at 2 o'clock by County Chairman George A. Carter, of Meshoppen. The first business in order was the nomination of permanent chairman and for that office H. S. Harding, of Tunkhannock, was chosen.

The organization was completed by the nomination of John Walters, of Factoryville, and C. G. Brown, of Braintrim, as secretaries and Berkeley Lyman, of Tunkhannock, as reading clerk.

As a committee on resolutions, E. J. Jordan, E. C. Frear and Norman Sterling were appointed. The resolutions, as reported by the committee, were adopted by the convention. The nomination of representative in the general assembly, for this office three candidates were named, S. R. Brungrues, of Tunkhannock township; H. D. Nichols, of Nicholson; and the call of the roll showed: Tiffany, 25; Brungrues, 24, 25 votes being necessary for a choice. Mr. Tiffany was declared the choice of the convention for representative.

For the office of associate judge but one candidate was named, H. W. Bardwell, of Tunkhannock, the present holder of the office. He was nominated by acclamation. For the office of coroner, Dr. E. L. Meade, of Tunkhannock, and Dr. H. Tibbins, of Noxon, were nominated, the roll call resulting in the nomination of Meade on the first ballot. There being no further business, the convention adjourned.

THE SENATORSHIP.

In the resolutions offered by the committee on resolutions and adopted by the convention was one authorizing B. W. Lewis, Wyoming's candidate for senator, to choose six conferees to represent him in the senatorial conference to be held jointly by Bradford and Wyoming counties. Bradford and Wyoming have been joined in a senatorial district ever since the last apportionment of the state. Bradford is a large county and holds a large Republican vote. Owing to their large population, they have always been conceded six conferees in the senatorial conference, as opposed to Wyoming's two. The result of the nomination has always gone to Bradford county and never once to Wyoming. For this reason, the convention today authorized the selection of six conferees instead of two.

FINE COPPER ORE FOUND IN BRADFORD

Eight Hundred Acres of Land Leased in the Vicinity of New Albany—Prospects Flattering.

Special to the Scranton Tribune.

Towanda, Aug. 27.—Rich copper ore has been found at New Albany, about fourteen miles from the county seat. Several private parties have become interested in the project, and have leased nearly 800 acres of land and have commenced work on the Hibbard farm, where fine ore has been discovered.

The leases cover an area of which about three miles is ore bed. The first opening is only a few feet into the hillside, where an eight-foot vein has been uncovered. Prospects are flattering for the New Albany Mining company for the copper and also silver.

GOLD ORE DISCOVERED.

Find in Columbia County Is Declared to Be Profitable.

Bloomburg, Aug. 27.—For some years past the people in Roaring Creek valley, this county, have claimed that valuable minerals exist in that section, and several shafts have been sunk, but without profitable results. Simon C. Shivers, of Franklin township, has persisted in his investigation, however, and his efforts have been rewarded by finding a number of different varieties of rock that seemed to be valuable.

A box of samples of this rock was sent to an analytical and metallurgical chemist in Philadelphia, and an analysis shows that the ore yields gold to the value of \$144.42 per ton, gold being worth \$20.00 per ounce. The find is what is known as "dust" ore, and is found upon the surface of the ground, where it was deposited from the parent ledge. The location of the latter is now the all-absorbing question in that vicinity. The ore, it is declared, is rich enough to pay well for the working.

Deafness Cannot be Cured.

By local application of any remedy, because the diseased portion of the ear is there. There is only one way to cure deafness, and that is by constitutional treatment. Deafness is caused by an inflammation of the mucous lining of the Eustachian tube. When this tube gets inflamed it swells and when it is entirely closed deafness is the result, and if not restored to its normal condition, hearing will be destroyed forever. The case of deafness is caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

FACTORYVILLE.

Special to the Scranton Tribune.

Factoryville, Aug. 27.—There was some disposition to sell stocks today and the market showed a falling tendency. Sugar advanced close to one-fourth of the day's total decline. The market for bonds had some sympathetic effect on the rest of the list. Sentiment was affected also by the apparent abandonment of any prospect for a rise in the weakness of sugar might be called such, but there was no urgency in the legislation, but the weakness of sugar found no explanation in any new announcement. The approach of a quarterly dividend period gives opportunity for the usual manipulation of the stock and the board of directors of the Sugar Trust was moved in the speculation which promises an appreciable amount of profit. The stock closed within 1/4 of 1 cent and closed only a fraction above or below the demand from the market.

The bond market was dull and reactionary. Total sales, per value, \$7,500,000, or 4 1/2 advanced 1/2 per cent. in the bid price.

TRIBUNE'S EDUCATIONAL CONTEST

Harry Reese Regains Lost Ground.

Charles Rodriguez, 428 Webster avenue. David V. Birtley, 103 West Market street. Oliver Callahan, 415 Vine street. David C. Spencer, Bloomsburg. Eugene Boland, 235 Walnut street. Arthur Kemmerer, Factoryville. Miss Fannie E. Williams, Peckville. Harry Reese, 331 Evans court. Miss Grace Simrell, Carbondale. Sidney W. Hayes, 922 Olive street. Edward Murray, 516 Hamm court. John P. Smith, 2532 Boulevard avenue. Richard Roberts, 1303 Hampton street. Robert Campbell, 1532 Money avenue.

HOW THE LEADERS STAND

Yesterday marked the beginning of another week of The Tribune's Educational Contest. There are now less than five weeks left for the contestants to finish their work in, as the contest closes on Saturday evening, September 29, at 9 o'clock. There will unquestionably be some very aggressive "hustling" done toward the close of this competition, but the leaders in the contest should not make the possibly fatal mistake of leaving their best work until the closing hours, as others may do the same thing, and by bringing in enough returns of new subscribers succeed in winning by a very narrow margin. These are the days to do the work—get a sufficient lead to insure against nervousness as to the final result.

Harry Reese brought in enough points yesterday to pass Miss Grace Simrell, of Carbondale, and tie with Miss Fannie E. Williams, of Peckville, for seventh place. He is now only a few points behind Arthur Kemmerer, of Factoryville, and the distance is the same between Kemmerer and Eugene Boland of Carbondale. Richard Roberts made a slight gain on John P. Smith in an effort to get away from thirteenth place. Otherwise the positions remain unchanged.

There will be plenty of time during the remaining four weeks and a fraction for new talent to take hold and see what capabilities they possess for trying to advance their own interests. Full particulars of both the special prizes and the conditions of the contest may be read on the fourth page of this morning's Tribune.
