HOW THE LEADERS STAND

For the first time in several days there was no change in the positions of the leaders in The Tribune's Educational Contest yesterday. Although there were quite a number of points turned in by contestants, no one of them secured enough to advance his standing, yet material gains were made in some instances. For example, Arthur Kemmerer gained five points on Eugene Boland, and is now but one point behind him for fifth place; Kemmerer also drew away from Harry Reese, who is close behind him. Rodriguez, as usual, reported with several points. The other points were equally divided, so that the leaders are in the relative positions they held Wednesday morning.

New contestants are desired by The Tribune, as the field will admit of the presence of several more active young persons, whether male or female. There is plenty of time to do good work and ample opportunity to advance into the ranks of the foremost leaders for any one who will faithfully labor. The special rewards offered are all highly desirable, comprising a wide variety of beneficial, ornamental and educational objects. For full details of both the special rewards and the rules of the contest, read the fourth page of this morning's Tribune.

MONTROSE.

A very unique and enjoyable affair was a "children's party" given by Mr. and Mrs. W. S. Edgar, of New York, at "Rosemont" last evening. The guests were adults, but they appeared, one and all, in toilets belonging to the nursery and the school room and their ornaments consisted largely of toys and other paraphernalia attending the days of infancy and childhood. One was attired in a robe cut in the manner and form of an infant's long dress and carried a nursing bottle. This is but an illustration; the characters assayed were many and the costumes and accessories were mirth-provoking in the extreme.

Mr. McLeod and family, who live on the Johnson farm, at South Montrose, had been shopping in town yesterday and were returning home in the afternoon when at a point on a cross-road, near the brickyard, just south of this borough, the horses broke from a lively trot into a mad run and Mr. McLeod was unable to bring them under control. Mrs. McLeod was so badly frightened that she jumped from the wagon, striking on her head and immediately losing consciousness. Mr. McLeod clung to the reins, but was thrown out and dragged a short distance, receiving painful, though not serious, injuries. Help was soon on the spot and a messenger was sent to town for a physician. Doctors Gardner and Decker arrived about the same time, and a hasty examination was made, which showed that Mrs. McLeod was dangerously injured. It was reported last night that she could not recover, but reports received today are much more hopeful.

A number of camping parties from Dunmore and Scranton are located on the shores of the lake, which is reached by carriage or a ten minute walk from Clemo station on the Erie and Wyoming Valley railroad. The lake is under the control of prominent Scranton gentlemen, who have erected the Lake Clemo hotel, with all of the modern improvements, which is under the management of Mr. Byron Simons, formerly of Lake Ariel, whose popularity as a landlord has secured for him a house full of boarders and a host of transient patrons. Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube get inflamed you have a rumbling sound of imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
