IMPROVEMENTS AT PUBLIC SCHOOLS

NEEDED CHANGES MADE AT NOS. 13, 14 AND 32.

Prof. Phillips, Principal of No. 14, Granted an Eight Months' Leave of Absence—Transfer of Teachers in Consequence—Case Before Alderman John—Miners' Union Meetings—Funeral of Edith Lindabury. Recent Mine Accidents—Shorter Paragraphs of Interest.

When the pupils of public schools Nos. 13, 14 and 32 return to their studies on September 10 they will observe many needed improvements in and around the buildings which have been made during vacation. In addition to the improvements there will be a temporary transfer of teachers, owing to the temporary absence of Prof. Daniel Phillips, principal of No. 14, who has been granted an eight months' leave of absence, owing to sickness.

Prof. H. L. Morgan, principal of No. 32 school, will take Prof. Phillips' place at No. 14, and Prof. W. D. Edwards, principal of No. 17, will go to No. 32, while the latter's position at No. 17 will be filled by William Jamieson, a graduate of Mansfield State Normal, who is at present a clerk in the Lackawanna railroad car accountant's office. Mr. Jamieson taught night school last term at No. 17. Prof. Phillips and wife will leave today for Denver, Col.

At No. 13 a complete new wall has been built in the rear of the building to govern the drainage from the grounds, and the front wall has also been remodelled. A new steam boiler has been added to operate the ventilating fans, and a new set of speaking tubes have been put in to connect the different rooms with the principal's room. New water faucets have also been placed in all the rooms to regulate the water supply. A new fence will soon be built around the grounds on the wall.

Controller Evans has been instrumental in having a new wall built around No. 32 school, which is a much needed improvement instead of a needless expenditure, as has been stated by people opposed to the improvement. A new pipe fence has also been added within the grounds to protect the lawn and the playground for the pupils has been enlarged. The interior walls and ceilings have also been frescoed and the desks renewed.

At No. 11 new speaking tubes have

been placed in all the rooms connecting with the superintendent's room, and the ceilings have been painted in pleasing colors. The outside wood-work has also been refreshed with paint and other exterior changes made. The principal's room has been divided, and the 150 pupils will now have four teachers, Prof. Morgan, Sarah Clark, Anna Munson and Margaret Jamieson.

Miners' Union Meetings.

Local branch, No. 637, United Mine Workers of America, held a meeting in Co-operative hall last evening, which was attended by a very large crowd. Several candidates for membership were admitted, and reports were read from the Hazleton convention.

No. 1072 met Tuesday evening in D. D. Evans' hall and initiated new members. The branch will assemble at its meeting place at 9 o'clock next Monday morning to participate in the Labor day parade. Another meeting will be held next Tuesday evening. A special meeting of local union, No. 1028, will be held tomorrow evening in Flanagan's hall, on Luzerne street. At the meeting of Branch 55, held in Co-operative hall, Tuesday evening, fifty-five new members were taken in, it is stated.

Before Alderman John.

Ex-Sheriff Fahy was the prosecutor in a case before Alderman John last evening, when John Lally, Peter Smith and Patrick Coyne were arraigned on the charge of malicious mischief. The prosecutor alleges that the defendants damaged the lawn on the premises adjoining Lynn's hotel, on Luzerne street, last Sunday, by the careless handling of a lawn mower.

After hearing the evidence, the alderman held each of the defendants in \$200 bail for their appearance at court.

Funeral of Edith Lindabury.

The funeral of the late Edith Lindabury was largely attended yesterday afternoon, particularly by the young ladies who were associated with the deceased. Rev. J. P. Moffat, of the Washburn Street Presbyterian church, officiated, and the church choir sang the hymns. The pall-bearers were Eugene Fellows, Tudor Williams, Harry Miller and Paul Williams. Burial was made in the Dunmore cemetery.

Lake Winola Events.

The members of the Plymouth church choir have returned home from their outing at Lake Winola. Richard Owens, of South Lincoln avenue, has returned from a pleasant stay at the lake. HAY FEVER OR ENDEMIC CATARRH

The Remarkable Experience of a Philadelphia Architect with This Malady.

Hay fever is really acute catarrh excited by minute emanations, from certain grasses, flowering plants, fungi, or dried vegetable substances. It is very sudden in its onset, and, without proper treatment, continues until the season changes or the patient goes to some favorable locality. It has all the symptoms of acute catarrh—sneezing, abundant exudations of mucus, and thickened, reddened, mucous membranes, sometimes exciting spasmodic asthma.

Mr. J. Naschold.

Mr. J. Naschold, 426 West Mt. Pleasant avenue, Philadelphia, Pa., recommends Peruna for endemic catarrh (hay fever). He writes: "I have used your treatment for ca-

terrh of the head, nose and throat, as you diagnosed it, and have taken four bottles of Peruna, which did accomplish all the good work you claimed for your valuable medicine. I can say truthfully that I am entirely cured. I have for years been a sufferer of this disease, especially during spring and summer time and have never received relief until very hot or very cold weather set in.

"I had taken these four bottles during February, March and April, when I not only felt greatly better, but was as the case stands now, cured, for every year for these three years the attacks returned about the middle of August and lasted until December. During the critical month of September I have had only a slight attack of hay fever or catarrh, which I get rid of by taking about three-fourths of a bottle of Peruna, while, for instance, the autumn of '97, during which time I had only redness to the remedies then known to me, I suffered from catarrh this autumn with the exception of the above mentioned time.

"J. Naschold."

Peruna is a specific for hay fever, and should be taken during the whole season of the exposure to the cause; for, as long as the exciting cause remains, no cure can be permanent. People who are unable to change their location during the season of hay fever will find Peruna a priceless benefit to them, as it meets every disagreeable symptom exactly. It is always advisable to begin the use of Peruna a week or two before the expected attack of hay fever in old cases, where the attack can be foretold, and this will often prevent entirely the return of the disease. SOUTH SCRANTON NOTES.

Marriage of John Ketrick and Miss Mary Hastings—Funeral of Christian Petry—Other News.

St. John's church, on Fig street, was the scene of a charming wedding yesterday morning at 8:30 o'clock, when Miss Mary Hastings, an accomplished and well-known young lady of Prospect avenue, was united in marriage to John Ketrick by Rev. E. J. Melley. The bride, who was handsomely gowned, was attended by Miss Mary Nailon, while James Heiloy attended the groom. After the ceremony, congratulations were in order and the bride party drove to the home of the bride's parents, where a wedding reception was served. The couple left on the 12:55 train for New Jersey watering points.

Funeral of Christian Petry.

The funeral of Christian Petry, of Decatur street, took place yesterday afternoon at 4 o'clock and was largely attended. Residence lodge, Independent Order of Odd Fellows, No. 513 attended the obsequies in a body and pronounced the impressive rites at the house and cemetery. The funeral services were in charge of Rev. W. A. Norit, of the Hickory Street Presbyterian church, who delivered an able funeral sermon. Interment was made in Pittston ave-

Beautiful French, English and Saxony Flannels

Especially designed for Ladies' Waists, Dressing Saques and Children's Wash Dresses, are now open in our Flannel Department for your inspection.

They're different from the flannels of other days. Prettier for one thing, and as beautiful in weave and color effects as to rank them easily among the highest achievement of modern textile art.

The Newest Designs Include

Two-Tone Atlantics, Atlantics in solid shades, lovely creations in Silk Stripe Effects, as well as all the popular fancy shades that will be much in demand during the season.

Of Course, Silk Embroidered

French Flannels will be as much sought after as ever and the variety we offer this season surpasses any display previously made in this city.

"Duckling Down" Is the Name

Of a new cotton material that equals the prettiest French Flannels in appearance, comes in quite as large a variety of effects and will be found both economical and serviceable by those who do not care to invest large sums in the highest class goods.

Golf and Double-Faced Skirting

Are much in demand now. There is no more complete line on this continent than we are showing, and every novelty of the season is abundantly represented. Fine Golf Skirtings and Plaid or Stripe Back Weaves in the regular Dress Goods Department.
