Mr. Kelly has been holding this position in addition to acting superintendent. H. H. Patterson is appointed superintendent of transportation, and P. F. Since the departure of Superintendent of Transportation Robert F. The new superintendent has already

made himself well liked. Mr. Reilly only recently came to this city, being transferred from the Carbondale branch. In connection with the order, there was issued a blue print, showing the heads of the department to whom the company employes will now have to report. are as follows: Superintendent of transportation, dispatchers, conductors, motormen; chief clerk, clerks and accounting employes of all kinds; engineer, all track foremen, and employes engaged in the construction and maintenance of tracks and paves; master mechanic, all foremen and employes of shops and car barns engaged the repair and maintenance of cars and equipment: chief engineer of power station, all employes of power station; superintendent of lines and cables, all employes engaged in construction and maintenance of overhead system, special officers.

The heads of all of these departments are of course, under the super-
