FUNERAL OF PERRY DEEN.

Conducted from His Late Residence at Danville.

The funeral of Perry Deen was conducted from his late residence in Danville yesterday, and was largely attended by friends from Scranton and other cities as well as by those of the place of his birth. The services were conducted according to the ritual of the Episcopal church, of which the deceased was a communicant, by Rev. Erskine Wright, rector of Christ Memorial church, of Danville. With the exception of his eldest daughter, Mrs. Harriet Reynolds, of Bellefonte, and his aged sister, Mrs. Julia Boyer, the members of his family were present. The survivors included his widow, John and T. E. Deen, Mrs. W. M. Gardner, of this city, and the Misses Helen and Sarah Deen, of Danville.

At the conclusion of the brief and impressive services the flower-hidden casket was carried to the Episcopal cemetery, where interment was made in the family plot. The pallbearers were: Theodore F. Patterson, George and Boyd Gearhart, George Miles, Dr. John Swelsford and William Silder.

HON. GEORGE FARBER DEAD

Petersburg's Leading Citizen Dies After a Brief Illness—Fired the Last Shot of the Civil War.

The man who fired the last shot in the civil war, Hon. J. George Farber, died last evening at 5:15 o'clock, at his home in Petersburg, after a three months' illness of dropsy.

The deceased was born in Allegheny, Prussia, May 28, 1810, and was brought to this city by his parents in 1845. Since 1851 he lived in the Petersburg portion of the city. He worked in the mines until the breaking out of the civil war, when he and his brother Louis enlisted in Company B, Ninth Pennsylvania cavalry. His father had previously gone out with the One Hundred and Seventh Pennsylvania Infantry. The deceased was discharged in July, 1865, after four years of the most arduous service.

The incident by which he won the distinction mentioned in the opening paragraph occurred at Edwardsburg, N. C., just previous to Johnson's surrender. Mr. Farber and George Burke, who still lives on Phelps street, were detached from their company of cavalry and assigned to artillery work. They were operating a large gun in a wooded place some distance from the main body and in this way continued firing after hostilities had been called off. They did not know of the surrender. Mr. Burke and George Schultze, sr., brother-in-law of the deceased Mr. Farber, are the only survivors of the seventeen sturdy young men who went out from Petersburg with the 112th artillery.

On returning to Scranton he was captain of a boat on the Pennsylvania canal for a year, then engaged in mining and finally established the Fairview hotel on Ash street, which he conducted until about ten years ago, when he retired from business and engaged in the fruit and vegetable trade. Mr. Farber was a commissioner and then a member of select council from the Tenth ward from 1872 to 1878. In 1870 he was elected the first register of wills of Lackawanna county, but the supreme court declared the election illegal. In the following year, however, he was re-elected for three years and served his term.

For twenty years he served on the city council, and was elected to a seat in the house of representatives, to which he was elected on the Republican ticket by a majority of 900. During his term he secured a \$15,000 appropriation to the Lackawanna hospital. In 1886 he was again the nominee for the legislature, but his opposition to the Brooks High License law militated against him and he was defeated. In 1890 he was again elected to the select council and served four years.

For twenty years he served on the Republican county committee and for a good part of that time on the city committee also, having once been its chairman.

He was a member of Union lodge, No. 1886, and Colonel Monies post, 313, Grand Army of the Republic.

The deceased is survived by his wife and the following brothers and sisters: Frederick Farber, L. J. Farber, Mrs. Jacob Starb and Mrs. Alonzo Price, all of this city.

ACCUSED OF LARCENY.

George Adams Charged with Theft of Quantity of Gum.

George Adams was arrested early yesterday morning by Patrolman Lona Day, on the charge of stealing a large amount of gum from Antoine Tiso's stand on Lackawanna avenue, near the railroad. Young John's Christian association rooms. About 2 o'clock Day noticed Adams, whose pockets were bulging and who was industriously engaged in the mastication of a quantity of gum.

Day seized him, and then woke up Mr. Tiso, who was a willing prisoner in the arms of Morpheus. On being awakened, Tiso was asked to look for him gum, and then discovered the theft. Adams was searched and found to have a large number of packets of gum in his pockets.

Mayor Moir held him for a further hearing.

INFANT IN A CESSPOOL.

Mother of the Child Not Yet Discovered.

An infant, apparently a few days old, was discovered early yesterday morning in a cesspool in the rear of 921 Scranton street. It was removed and cared for by several women in the neighborhood. The child was alive when recovered, but was almost suffocated.

The discovery was made by a little girl named Rosa Cassano, who heard the child's screams. The case was reported to the police and an investigation was made, but the mother of the child has not yet been discovered. From what could be learned of the case, an Arab woman gave birth to a child recently, and afterwards disappeared.

TODAY'S EVENTS.

EFFORT TO IGNORE TWO OFFICES FAILED

PROHIBITIONISTS NOMINATE A COMPLETE TICKET.

W. H. Richmond is the Candidate for Congress and A. A. Stevens, of Tyrone, Named for Judge—Resolutions Condemn Both of the Old Parties and Say Some Harsh Things About President McKinley. Members of the New County Committee Chosen.

After some opposition and debate, the Prohibitionists of the county yesterday nominated a complete county ticket. Some of the delegates favored making no nominations for judge or sheriff, but the convention decided otherwise. It was a mass convention and was attended by twenty-four persons.

A. G. Thomason, of this city, who has been county chairman for two years, called the convention to order and read the call therefor, and after a prayer by Rev. C. H. Henry, pastor of the Methodist Episcopal church of Tyrone, he said, "We had to organize a party of our own; a party that ought to attract every honest, conscientious citizen." He then proceeded to discuss the causes that keep men out of the prohibition party and closed by saying, "If that is for us let us go forward and success is sure to come."

THE RESOLUTIONS.

The following resolutions were read by W. W. Lathrop and adopted by the convention:

Resolved, That the representatives of the Prohibitionists of Lackawanna county, in convention assembled, do reaffirm our unqualified declaration that the suppression of the liquor traffic is the most important question now before the American people, whether considered from a political, a moral or a financial point of view.

Resolved, That it is our solemn conviction that there is no hope of reform, either moral, political, through the agency of the two great parties. Their organizations are hopelessly corrupt. Under their rule, salubrious desecration, immorality, vice and crime have increased, and are now increasing at a fearful rate. And they offer no remedy. Such of their leaders as are honest and truly patriotic are either afraid to antagonize the liquor dealers and political bosses, or else they are constantly outwitted by them. These bosses and liquor dealers control nearly all our large cities and many of our state governments, and they are now supreme in the political arena.

Resolved, That we, the Prohibitionists of Lackawanna county, do hereby declare our opposition to the liquor traffic, and our support of the prohibition party, and we hereby pledge our support to the following named candidates:

For Congress—W. H. Richmond, of Scranton. For Judge—A. A. Stevens, of Tyrone. For County Treasurer—Minor C. Carr, Green Ridge. Sheriff—J. A. Davis, Milwaukie. Probationary—Peter Bell, Ransom. District Attorney—Levi P. Bird, D. D., Scranton. Recorder of Deeds—Joseph E. Loveland, Scranton. Register of Wills—William H. Nuber, Scranton. Clerk of the Courts—C. C. Robinson, Carbonade. Jury Commissioner—Edward B. Sturges, Scranton.

THE TICKET.

The following were named as a county committee: W. W. Lathrop, C. L. Hawley, E. A. Williams, A. G. Thomason, Rev. James Fielding, B. G. Morgan, J. F. Hand, Scranton; E. F. Altomus, Dunmore; Freeman Leach, Chincilla; J. F. Lacey, New-Town; Mark Walter, Peckville; Rev. C. H. Henry, Tyrone; George H. Peart and Rev. J. N. Bailey, Moosic. The committee organized by electing B. G. Morgan chairman.

W. W. Lathrop announced that \$45 has already been contributed toward the campaign. He asked for additional subscriptions, saying they desired to hold meetings throughout the county during the campaign and distribute a good deal of literature.

PROHIBITION TRAIN.

Rev. Levi Bird, D. D., said that an effort ought to be made to have the train in which the candidate for President McKinley will make a campaign, pausing our stop in this city. It will be in this vicinity about Oct. 17. It will stop fifteen minutes for \$25; thirty minutes for \$50, and one hour for \$100. No one volunteered to advance the money and the project was dropped.

At the county convention the delegates from the four legislative districts conferred about candidates for the legislature. In the Second district Rev. Levi Bird, D. D., was nominated, and in the Fourth, W. J. Emery, a merchant who resides at Wimmers. The nominations in the other two districts will be made later.

DROWNING OF FRITZ PILGER.

An Investigation Held Yesterday by Coroner Roberts.

Coroner Roberts went to Troop yesterday and investigate the drowning case of Fritz Pilger, who was overcome with cramps while bathing in Bird's Eye pond. The young man, with several companions, had gone to the pond, and Pilger ventured out too far. He was seized with cramps and before his friends could reach him he sank to the bottom. The coroner decided that an inquest was unnecessary.

Pilger was formerly a resident of Bethlehem, where the remains will be taken for interment. A telegram was sent to his mother yesterday, notifying her of the death.

COMPLAINTS ABOUT CHICKENS AND COWS

THEY ARE MADE TO HEALTH OFFICER ALLEN.

In His Report Which Was Read at Last Night's Meeting of the Board of Health He Said That Humanity Should Be Kept at a Decent Distance from the Brute Creation—Reports That Were Presented by the Different Officers for Consideration.

"It is as hard to write a report without having anything to report about as to make bricks without straw," was the euphemistic way in which Health Officer Allen prefaced the reading of his report at last night's monthly meeting of the board of health. The report itself consists principally of a statement against the nuisance of chicken coops and cow stables in thickly populated portions of the city, and among Dr. Allen's terse comments are the following:

"Humanity, I think, should be kept at a decent distance from the brute creation. Noth always had my sympathy. It would not seem to be difficult to prove that the somets and odors mentioned contain disease germs, but they are full of wrath at least." The report in its entirety follows:

To the Board of Health.

Gentlemen: During the month of August fifty-one nuisances were reported to the board of health and forty-four were abated—ungraded streets and lack of sewers causing the remaining seven. Forty-two houses were plastered and seventy-two rooms cleaned by Mr. Lewis. Numerous bad and sometimes angry complaints were made of chicken coops and cow sheds in thickly settled parts of the city, and it is not to be wondered at altogether. Aside from all other disagreeable conditions arising from chicken coops, the crowing, or, more properly, laying, of the mammoth chickens, brans, etc., is quite enough to prevent any citizen from sleeping in their vicinity.

The barking of dogs is bad enough, but when they are kept in a cage with a voice that might be a good sound to the last trumpet, it is almost certain to be the result; and, as to cows, every one who lives near them knows that no matter how carefully they might be attended to, however clean the stables and the animals themselves may be kept, there is always a strong taint of odor in evidence, which is not conducive to appetite, nor comforting in any way. Humanity, I think, should be kept at a decent distance from the brute creation—Noth always had my sympathy. It would, perhaps, be difficult to prove that the somets and odors mentioned contain disease germs, but they are full of wrath, at least.

Very respectfully,
W. E. Allen, Health Officer.

MR. O'MALLEY PRESIDED.

The meeting was presided over by G. O'Malley, who was elected to the chair in the absence of President Reynolds. Dr. Allen, in making his report, said that the chickens and cows matter came directly under the board's supervision, as he was willing to touch for it that the vocal efforts of the fowls alone, were enough to give a man's nervous prostration.

The recent inspection of the city water supply was then discussed, and in connection with the subject, Dr. Allen remarked that the Spring Brook Water company's reservoir has not as yet been visited by the board, whereas it was decided to make an inspection of this source of supply, at some near date.

Food Inspector Widmayer then petitioned the board for a carriage, as he complained that his duties necessitated much travel about the city and he was sorely in need of a vehicle. One of the fire department horses is at his disposal, and all that he needs is a carriage.

The board discussed the matter, and found that there was no particular fund which could be drawn upon for the money, to gratify the food inspector's request, and decided to let it rest for a while. In the interim, however, Mr. Widmayer will have the use of a carriage furnished him by Mr. Eisle, of the board.

The stream of stagnant water at the corner of Philo street and Short avenue, North Scranton, which was reported at the last meeting of the board, occasioned considerable comment again last night. The matter was finally referred to the committee appointed at the previous meeting, consisting of Dr. Allen and Dr. Rodham, with power to act.

SECRETARY'S REPORT.

The report of the secretary showed that during August there were 134 deaths, compared to 127 last year; 19 deaths were accidental and three cases of death from heat prostration were reported. Thirty-six deaths from cholera infantum were included in the total. There were 29 births during the month, and 21 marriages; 46 cases of contagious diseases were reported.

The food inspector's report showed that 527 stores and market inspections

THE HELLER WATER HEATER.

NO SMOKE, NO ODOR, NO DIRT, is attached to the kitchen boiler, heats forty gallons of water in thirty-five minutes, for less than one-half the expense of any other gas heater, and one-third the expense of coal stove heater. It allows you to dispense with the hot fire in the range during the heat of the summer months.
