

LIVE NEWS OF THE INDUSTRIAL WORLD

AS OPERATORS VIEW THE CONDITION OF THE MARKET.

Make Up of the D. L. & W. Board for Today—Lackawanna Men Will Meet at Binghamton to Advance the Federation Idea Which Has Been Under Discussion for Some Time—Notes of Various Kinds from the Labor World.

The September Letter of the Anthracite Coal Operators' association says of the hard coal market: "During the past month the anthracite market has followed the course indicated in the August Letter and gained in strength, while the tonnage purchased has increased. The interior markets have shown greater activity and at tide, both for local consumption and shipment to New England points, there has been a steady movement. Western shipments have increased and there is now an effort being made to fill stocks as a reserve in case of a scarcity later in the fall months.

"The present condition of the market is much similar to that of the year. The tonnage produced has not been in excess of the consumption and a relatively small amount has gone into reserve stocks. Consequently prices have been held firm and subject to advances on delayed acceptance of delivery. The orders already taken for future delivery have had a certain effect upon prices, but not yet enough to result seriously, though there was reason for fear during the past month.

"The production of 2,581,000 tons in July leaves some 23,800,000 to be mined in the last five months of the year, or 4,760,000 tons per month if the consumption continues in the ratio indicated in the July Letter. Estimating August at 4,100,000 and December at 4,500,000, the output should reach over 5,000,000 tons in September, October and November. It is apparent that the situation is in the hands of the selling companies. They are holding prices firmly and any indication of increasing demand will result in an advance."

Union Meeting Tomorrow.

Representatives of all branches of the train service on the Lackawanna will assemble at Binghamton tomorrow in a union meeting to discuss a proposition to establish a permanent system federation and to take action looking towards the redress of certain grievances, demanding immediate attention.

Each local lodge or division of the engineers, firemen, conductors and brakemen will have three delegates at the meeting. Some of them will be instructed as regards the wishes of their division on the matter of federation, but many others will be un-instructed and without power to vote one way or the other on the federation or any other question that may be put forward. This means, necessarily, that nothing definite can be done.

There seems to be a strong sentiment in favor of the federation project, but the old opposition to affiliation with the engineers crops out in various places and may possibly defeat the movement. At all events, it will require a vote of the men of the whole system to make a federation effective and this precludes the possibility of the scheme being carried out for some time at least.

D. L. & W. Board for Today.

Following is the make-up of the Delaware, Lackawanna and Western board:

- Friday, Sept. 7. 5:30 p. m.—Moser. 11 p. m.—Moser. Saturday, Sept. 8. 12:30 a. m.—Haling. 4:30 a. m.—Balfert. 6 a. m.—Henry Killgus. 10 a. m.—E. M. Hallett. 1 p. m.—F. J. Stevens. 8:30 p. m.—H. DR. PIERCE'S FAVORITE PRESCRIPTION

"I had been a sufferer for many years from nervousness with all its symptoms and complications," writes Mrs. O. N. Fisher, 1861 Lexington Ave., New York, N. Y. "I was constantly going to see physician or purchasing medicine. In the spring of 1897 my husband induced me to try Dr. Pierce's Favorite Prescription. After taking one bottle and following your advice I was so encouraged that I took five more bottles, and then stopped for several weeks as I felt so much better, but still I was not completely cured. I commenced taking it again and felt that I was improving faster than at first. I am not now cross and irritable, and I have a good color in my face; have also gained about ten pounds in weight and one thousand pounds of comfort, for I am a new woman once more and your advice and your 'Favorite Prescription' is the cause of it, coupled with the 'Pleasant Pellets' which are not to be dispensed with. I took eight bottles of the 'Prescription' the last time, making fourteen in all, and will not take any more unless you so advise, for I do not see as I need it."

makes weak women STRONG sick women WELL

NOTICE. Brakemen Thompson, Doucien and M. Burke will go out with staples. This and That. W. P. Johnson, ex-master mechanic of the Delaware and Hudson company at Carbondale, was in the city yesterday.

Master Car Builder L. T. Canfield, of the Lackawanna railroad, returned to the city yesterday on No. 6 train. He has been in Dayton, O., several days.

General Superintendent T. E. Clarke, of the Lackawanna railroad, was at his office yesterday, after an absence of several days, during which he was on a tour of inspection with President Truesdale.

ENTHUSIASM AT GRAND RAPIDS UNSURPASSED

(Concluded from Page 1.)

will try to transplant a full grown oak into an old well.

Remember that to surrender the Philippines to a little band of military scoundrels would be to surrender the islands to bloodshed and to a reign of terror. The only way to secure peace is to stand firm. The only way to secure peace is to stand firm. The only way to secure peace is to stand firm.

Rescued from Tyranny

I received the other day a letter from Captain Moffett, of the First Dakota Volunteers, giving his experience with the prisoners in Manila prison, when that city was captured by the rebels. He says that 1,200 prisoners, 1,100 were released. It appeared that they had been tortured and wronged in the most terrible way, and most of them had not even been tried for the crimes they were alleged to have committed.

We have worked and planned to get these people who were so cruelly wronged and wronged to come into town. We succeeded. Many of the prisoners came in and were given homes. These will be the most comfortable, the best, the most comfortable, the best, the most comfortable, the best.

"I cannot understand how our own country should do so much to encourage the insurrection and the loss of so much of our territory. In the island I know that the army of insurgents and guerrillas is kept alive by people at home. Bryan's election is most closely followed. The speeches of public men who oppose expansion, and in doing so, praise the Filipino. The several districts and islands as situated. From an insular point of view, I believe that I believe that the people were assured that Bryan would be elected and that our ships would be with them in the case of a rebellion.

Proposition of the Antis. Now, with these extracts in your mind, I wish you to remember that our opponents' proposition is that we should turn over to unrepentant scoundrels at the hands of those who have been fighting us, the men, women and children who have been friendly to us and who have trusted

in our honor and power, it seems to me difficult to stigmatize such a proceeding as unjust. It is hard language. The proposition is to give the Filipino natives who have been fighting us the right to work their wicked will on their fellow countrymen, and have been friendly to us. Such an act would be not merely one of culpable folly and weakness, but one of the basest treachery and infamy.

I have in my possession letters from Mr. George F. Becker, the geologist, who was out in the Philippines for considerably over a year, and during a large part of the time acted as a staff officer of General Bell. He writes that on June, 1899, Mr. Becker, while visiting a light house on the island of Negros, under the escort of some California volunteers, was attacked by the insurgents. A savage fight ensued, and the volunteers were routed. Their leader, General Vincente, being killed. Upon his person was found a list of Filipinos who were to be killed by the insurgents, if victorious. The list of slaughter thus coolly made up contained the name of the wife of a Swiss gentleman at whose ranch they had just spent the night.

The People Must Decide. My fellow citizens, the truth as regards the present situation is simply and clearly that the American people must decide whether they will give up the Philippines to a few scoundrels who aim in life to avoid every difficulty and danger and stay in the shelter of our own home. They are trying to cheat us out of the Philippines, and we must decide whether we will let them do so.

MRS. TOMAR IS THE MOTHER.

She Saw Her Child in a Cell in the County Jail. Mrs. Mary Tomar, of 914 Scranton street, charged with being the mother of the child found Wednesday in a Scranton street cesspool, was yesterday morning arraigned before Alderman Miller and held in \$500 bail, to await trial.
