

TRIBUNE'S EDUCATIONAL CONTEST

Substantial Advances Are Made by the Two Leaders.

FROM EIGHTH TO SIXTH

Jump Made by Miss Fannie E. Williams, of Peckville—Miss Grace Simrell, of Carbondale, Took Another Step Forward and Miss Jennie Meyers, of Lake Ariel, Earned for Herself a Place Among the Ten Leading Contestants.

The battle for the prizes in the Tribune's Educational Contest grows more interesting and exciting with each succeeding day.

As the time for the closing of this contest draws near the contestants appear to throw themselves into the work with renewed vigor which indicates that the close will be exciting in the extreme.

The two leaders, Charles Rodriguez and David V. Birtley, have made substantial advances yesterday and Miss Fannie E. Williams, of Peckville, also made good progress, jumping from eighth to sixth place and Miss Grace Simrell, of Carbondale, made a very substantial advance which makes her a dangerous rival for Jennie Meyers, of Lake Ariel, and Harry Reese, of West Scranton. The present standing of the ten leading contestants follow:

CRUSADE AT STROUBSBURG.

A Number Have Been Arrested for Illegal Liquor Selling.

Strousborg, Sept. 10.—The two Strousborgs are somewhat stirred up over the recent arrests of men who are charged with the illegal sale of liquor and gambling. The accused men will have a hearing on Friday of this week. Some days before the recent fair was held, it was announced that the Women's Christian Temperance union, a strong organization in this county, would employ detectives to see that no one broke the law, as it is claimed was done a year ago. Enlisted with the Women's Christian Temperance union were a number of well known clergymen including Rev. E. E. Dixon, who fought the new brewery; Rev. William Veenschoten and Rev. Robert H. Crawford. These men, in behalf of the Women's Christian Temperance union, enlisted the services of the Law and Order society, of Philadelphia. A number of arrests were made late last week. Rev. Dixon today said that the prosecution will be pressed. It is claimed by the temperance people that the law was openly defied during fair week. A number of gamblers heard of their intended arrest and left town to avoid arrest. The present crusade is the outcome of the fight against the new brewery. In this fight the temperance people were defeated.

FOREST CITY.

Special to the Scranton Tribune. Forest City, Sept. 11.—School opened with an attendance of over seven hundred. Three rooms in the new school building are being used. Presiding Elder Warner preached in the Methodist church Sunday, and the sacrament of the Lord's supper was administered. About \$1,000 worth of bark was destroyed by fire at Stillwater mill last week. Mr. and Mrs. J. Elwood, of Walton, N. Y., spent Sunday at the home of Myron Woodmansee. John McLaughlin and son, William, have purchased the job business of John and W. J. Maxey. Mr. McLaughlin, jr., will manage the business. Rev. J. Nathan Davis, of the Welsh Congregational church, is in attendance at the annual session of the association, which is being held in Stratton.

Misses Grace Menhennett and Alice Melvin left yesterday to enter the Bloomsburg State Normal school. Joseph Jennings leaves today to take an engineering course at Lafayette college. Miss Loretta Farrell and Irving Pennington resumed their studies at Stroudsburg Normal school last week, and Joseph F. White has gone to Worcester, Mass., to enter Holy Cross college. Edgar Martin, who has been ill for two weeks, was taken to the hospital Sunday. Hundreds of tons of coal have been stored by our residents the past few days in anticipation of a strike. Every

ANOTHER EFFORT TO MARK MEREDITH'S GRAVE.

Susquehanna's Strike Experience. Hon. James T. DuBois a Favorite Son—The Discovery of a Big Footed Reptile—Dots and Dashes—An Episode of the Cistern.

Special to the Scranton Tribune. Susquehanna, Sept. 11.—A bill is being drafted and will be presented at the next session of the Legislature of this state, to appropriate the necessary sum to erect a monument over the grave of Samuel Meredith, third treasurer of the United States. In a neglected, unmarked grave at Belmont, Wayne county, near the Jefferson division of the Erie railroad, rests the remains of the first treasurer. He was appointed by Washington in 1789, in the days of Alexander Hamilton and held the office until 1801, resigning during the administration of Thomas Jefferson. He received the commendation of congress and of President Jefferson. He gave \$20,000 in silver to the starving patriots at Valley Forge.

In 1778, Meredith purchased several thousand acres of land in Wayne county. His object was to cut the timber from the tract, burn it and manufacture therefrom potash and pearline for commerce. The venture failed miserably, and he abandoned the project, resigning as treasurer. Meredith returned with his family to Wayne county, and at Belmont erected a home costing \$10,000. It was a mansion for those days, and was visited by President Jefferson and other great men, signing during the administration of Thomas Jefferson. He received the commendation of congress and of President Jefferson. He gave \$20,000 in silver to the starving patriots at Valley Forge.

Men should think about forty times before they strike once. Susquehanna had a big, long strike once upon a time, and it was a hard one. The times were so hard in the old town that you couldn't cut them with an axe. Nobody has since yearned for a strike.

A "FAVORITE SON." Hon. James T. DuBois, of Halstead, our consul general to Switzerland, will speak at the banquet in West Virginia. Of him the Birmingham Republican says: "When the assistant secretary of state, who has charge of the consular work, was in Europe last November he said the conspicuous success in the consular service were three consuls, whose names are mentioned and Mr. DuBois was one of these. One of the others was Consul-General Mason, of Berlin, who has been in the service for about twenty years. Mr. DuBois is comparatively a new man in consular work, but his effective assistance he rendered Appraiser Wakeman in breaking up the under valuation frauds on Swiss embroideries has given him almost a national reputation. For an officer comparatively inexperienced to have thus singled out among several hundred of his colleagues, as one of the three conspicuous successes in the consular service, is a compliment as distinguished as it is deserved."

BIG-FOOTED REPTILES. A great discovery of fossil footprints was recently made in a quarry near Forest City. In a clear surface of shale are seen about forty tracks. Nearly all of them are in rows, the largest one containing sixteen tracks. The tracks are from six to eight inches in length, and were probably made by a reptile that, if it had front feet, seldom used them. This is, without doubt, the largest and uncovers tracks within ten years.

DOTS AND DASHES. A sewing bee can't sting, but it does lots of buzzing. An optimist is a woman with a sea cloak and hat. A pessimist is a woman without either. What a dull, stupid world this would be without any sea serpents in the summer and daisies and dandelions in mid-winter.

A rubber-neck was recently killed near Starbuck. It had the faculty of swallowing its own neck. Never argue with a bull, a mad dog or an editor. The man that all the town admire, and calls the "boss superior," is the leading advertiser.

A CISTERN EPISODE. Mrs. Rollins, of Cascade Valley, has long desired to visit relatives at Kalamazoo, but her husband has strenuously objected. She has coaxed and threatened for three years, but the old chap has been obdurate. He has been "not at home" for a long time. Last Saturday Rollins was cleaning out a deep cistern, using a long ladder, to descend and ascend. Mrs. Rollins pulled up the ladder, and then asked permission to go to Kalamazoo, but Rollins refused and told her to go to the stars, saying that he would visit the cistern, and this time her husband was tired and hungry, and he relented, and the ladder went down after he had promised to let his wife visit her relatives. He said a few things when he reached the surface, but he is a man of his word, and the white dove of peace again broods over the home of the Rollins.

NEGATIVE DISTINCTIONS. In Ararat there is a farmer nearly 86 years old, who is not wise in the ways of the world. He has never seen a piano, has never been ten miles on a railroad, never owns a collar or necktie, and has never had on a pair of socks.

MATTERS IN GENERAL. They thought they had found a girl in Great Bend who had died of a broken heart, but an autopsy revealed the fact that she owed her taking-off to dyspepsia. However, it is pretty near the same thing. Eight times out of ten the man who attempts to do too much for a church, a party, a society, a village, a city, or an individual, is misrepresented, misguided and in the end misused. It was a baldheaded man who originated the motto, "There is room at the top."

A Birmingham paper wants to know, "why it is, with so many Negroes dying, nobody ever sees a black ghost?" It is for the same reason that with so

many white people dying, nobody ever sees a white ghost. The war continues. It is said to have extended to the barrooms. Whitney

WHAT CAUSES ARE AT WORK To undermine the beauty and strength of married women? To answer that question it is only necessary to ask and answer another question: What causes are at work to undermine the health? For health is the foundation upon which womanly strength and beauty must rest. What causes these terrible headaches which ring the eyes with dark circles and wrinkle the smooth brow. What causes the backache, the nervousness, and sleeplessness which result in the weak and pinched features? Let a woman answer that question—a woman who speaks out of an experience of ten years of suffering: "For ten years I suffered with female trouble, also catarrh of the stomach, liver and kidney troubles, and catarrh of the bladder," writes Mrs. Lottie M. Douglas, of Glenmore, Oneida County, N. Y. "I would have very hard headaches and blind spells; stomach and bowels used to bloat a great deal, and I was troubled with bearing-down pains all the time. Tongue cannot tell how much I suffered from nervousness. I used to believe that my head would feel so bad. My heart was so bad that the least excitement, and even to turn over in bed, would cause palpitation. Had female weakness so bad for three years that I was in bed most of the time; in fact, scarcely ever on my feet at all. I tried seven different doctors, but received no lasting benefit. I was entirely discouraged when I wrote to Dr. Pierce, stating my case. He advised me to try his remedies, and I did so. The first bottle I took helped me, and the bloat began to get out of my stomach. I continued the medicine until I had taken nine bottles of Dr. Pierce's Favorite Prescription and nine bottles of his 'Golden Medical Discovery' and six vials of his 'Pleasant Pellets.' I also followed special directions for home treatment (which he advised), and the result was wonderful. My bad feelings left me and I can work with comfort now. I give all the praise to Dr. Pierce and his remedies. I believe they saved my life. Our family physician said I could not get well."

Gerson, near Starbuck. Misses Estella Howard and Mae Brown spent Sunday at Fern Hall and Sand Beach Cottage, Coxtown. Mrs. L. M. Callender is visiting at the home of her son, S. L. Callender. Miss Louise Strong, who has been very ill of typhoid fever, is spending the day at Thompson, Pa., where she is recovering. The school will be closed for a week on account of the typhoid fever. The school will be closed for a week on account of the typhoid fever. The school will be closed for a week on account of the typhoid fever.

WOMEN, THINK OF THIS! If you follow out the clue of headache, backache, the physical torment and mental misery endured by women, you will find it lead to a diseased condition of the delicate womanly organism. Cure that diseased condition and the effects of it in head, back, and nervous system will be cured too.

THE MARKETS. Wall Street Review. New York, Sept. 11.—An opening decline on the Stock exchange this morning was quickly followed by a recovery. The consensus of opinion is that the market is in a strong position. There was some short covering in sugar. People's Gas and Brooklyn Transit, these three stocks maintaining their conspicuous position in the trading. Later there was some demand for Southern Railway preferred and Louisville and Nashville recently had the same demand. There were three isolated movements in United States Leather preferred, General Electric, Colorado Fuel preferred, Chicago and Eastern Illinois, C. C. C. and St. L. preferred, and Chicago Great Western preferred. There were all gains except for Chicago and Eastern Illinois. The better comprehension of the extent of the Texas disaster and St. Paul's decreased earnings were the chief factors and helped to cover up the affected territory moved narrowly. The market for wheat was quiet and the final prices showed very important net changes. Total sales, 114,200 bushels. Kansas City Southern Time Deposits and Bankers' Acceptances were without any feature. Total sales, par value, \$40,000. United States old advanced 1/4, and the 3's registered 1/4, do. coupon 5/8 per cent. in the bid price.
