LACKAWANNA COUNTY.

CARBONDALE.

TWO OPERATIONS IN A YEAR.

William Mellow, of Jermyn, is having more than his share of surgery showered upon him. To undergo two laparotomies within a year is more than most mortals are called upon to do. About eleven months ago Mr. Mellow suffered appendicitis and had his appendix removed. Pain and hardness in that region during the past two weeks led his friends to believe the old trouble had recurred. Yesterday afternoon the patient was again operated upon at Dr. Wheeler's Private hospital and a large abscess was found. It contained nearly a quart of pus. At last accounts the young man's condition was favorable. says he now remembers having strained himself while at work and this accounts for the trouble which puzzled the physicians for several days.

SHUT OFF COAL SUPPLY.

The threatened strike has caused a great stampede for coal at the Delaware and Hudson company's chutes in this city. Some people seem to imagine they will not get another opportunity to buy coal in six months, and the rush kept the company guessing until they had to refuse orders. The Palace creamery put in eight tons one afternoon and when the driver hauled up at the scales for the last two-ton load to fill the bin the clerk said "No more pea coal for you." So he concluded he had enough anyway.

\$1,000 HORSE DIES.

Harvey T. Frank Brown's fast pacer, died yesterday of colic. Several of the best veterinaries of the county treated the animal, but to no avail. He had been ill since last Friday. One of the doctors said in speed, size, color and disposition the animal cannot be replaced for \$1,000. Mr. Brown was offered \$600 for it last fall. Harry T. was 9 years old and had a record af

LAST NIGHT'S FIRE.

Fire broke out at No. 3 Canaan street at 9.15 o'clock last night. The house owned by John Higgins, of South Side and occupled by Levi Wilcox. Mrs. Wilcox fainted with a lamp in her hand in one of the upper rooms. Both companies responded to the alarm from box 12 and soon had the blaze under control. Little damage was done. The building was creeted several years ago by Henry Reynolds.

TAB ON TIME.

The Delaware and Hudson company has instituted the clock system of time keeping in its shops. A large Bundy clock, such as are used in postoffices is hung in the machine shop and every shop man has a key with his number on. When a man goes to work he "rings in" registering his number and the time to the second. 'Ringing out" is on the same principal.

LOCAL AND PERSONAL
