LACKAWANNA COUNT

Critical Condition of Walter Baker. Council to Regulate Street Car Speed-Personal News.

Dr. Wehlan, of Scranton, assisted by Drs. M. J. Shields, the attending physician, and Graves, of Jermyn; Stegner of Rendham, and A. J. Baker, of Duryea, yesterday held a consultation on Walter Baker, who was seriously injured on Thursday afternoon by being thrown from a wagon, as described in yesterday's Tribune. It is thought that the injured man's spine is fractured, and while his case is considered very critical, there is a faint hope, and should there be a dimunition of the paralysis from which he is suffering, an operation may be performed few days. The injured man is well known throughout the valley and the sad accident has caused his many

friends a severe shock. The reckless speed at which the street car company compels their employes to run cars through the borough has again been trought to the attention of the people of the borough Thursday's deplorable accident and conversation with the president of the borough council last evening, learned that the council contemplate taking action that will compel the street car company to regulate speed of the cars as stipulated in their franchise, which limits the speed to ten miles an hour, or steps will be taken to revoke their charter. We are glad to find the authorities have at last aroused themselves to the danger and they should immediately proceed to compel the company to run their cars in accordance with the provisions of the franchise.

John Torschner, the Main street jeweler, had a warrant sworn out last vening for the arrest of Mrs. Alfred Butterworth on the charge of assault and battery on his two children, Bertha and Howard. The defendant entered bail to appear at a future hearing, Thomas McDonough becoming bondsman. The case is only a trivial one and the result of a nieghbors' quarrel, and will probably be settled. James Mann, of Fourth street, will

go to New York on Tuesday to meet his wife, who is expected to arrive on Wednesday on the White Star liner Majestic, after a four months' visit with friends in England. The many friends of William Mellow will be glad to hear that he is re-

covering from the operation performed upon him in D. Wheeler's hospital several days ago. He is still in a very weak condition and his progress is very slow. Tomorrow morning at 10.39 a mission will open in Sacred Heart church,

under the supervision of the Redemptorist fathers of New York. People of all denominations are invited to attend the services. Arthur Winters has entered the

Wyoming seminary at Kingston. Thomas Heart and family, of Main street, has moved into his property lately vacated by Rev. M. E. Lynott,

The Carbondale Telephone company has commenced the erection of their

poles on Main street, A little child of Mr. and Mrs. Thomas Hocking, of Third street, had narrow escape from death by poisoning Friday by swallowing a medical tablet which it mistook for candy. Prompt action by a physician saved the child's life.
