THE LADIES MAKE **BIG RETURNS**

They Make Continual Advances in The Tribune's Contest.

THE RESULTS YESTERDAY

Miss Jennie Meyers, of Lake Ariel, Advances One Place and Miss Mary Yeager Three-Rodriguez Approaches His Third Century-How Old Subscribers May Aid the Con-

It is the young ladies that are making the largest returns just now in The Tribune's Educational Contest. Miss Jennie Meyers, of Lake Ariel, again succeeded inscoring the largest number of points, passing her first century, and this morning appears in fourth place, only 8 points behind Oliver Callahan, who is in third. The last three days Miss Meyers has made large gains, advancing in the list each day, and if she is as fortunate in her canvass today will pass Mr. Callahan, unless he, too, is able to increase

Miss Mary Yeager, of Moscow, who was in twelfth place resterday is this morning advanced to ninth, with every prospect of going higher.

Charles Rodriguez made a gain, as usual, is still some distance ahead of David V. Birtley in second place, and is now very close to his third century. This young man has scored points every day this month with but two exceptions.

Eugene Boland and Arthur Kemmerer also made returns yesterday, al-though the latter's score was not sufficient to prevent his dropping one place in the list,

As the contest nears its close, some of our subscribers are becoming more and more anxious to aid the contest-ants, and regret that they are not allowed to pay their subscriptions in advance. The Tribune does not fail to realize that in refusing to accept money for this purpose it is turning away many dollars, but these dollars will eventually reach us, although it may be slower in coming. The Tribune's aim in promoting this contest was to secure new subscribers, and the rules were made with this in view and cannot now be changed. Doubtless*many of our subscribers, however, have friends to whom they could send The Tribune as a gift-a Christmas gett, if you will, the paper need not be started until them-and by so doing will please the triend and aid some worthy young person to secure an education for which he is so gallantly striving. At least, when a canvasser calls, they can direct him to some of their acquaintances who might be induced to rubscribe.

Occasionally new subscriptions are banded in and requests made that they be credited to certain contestants. These The Tribune gladly accepts and proper credits are given. Help the young contestants all you can-they are all worthy of your sup-

MARCH OF STRIKERS WAS CALLED OFF

Authorities of Lykens Feared That It Would Result in a Clash with the Non-strikers.

By Exclusive Wire from The Associated Press Harrisburg, Sept. 19.-The expected elash between the union and non-union miners in the Lykens valley region was averted by the strikers at Lykens abandoning their proposed march to Williamstown tonight to attempt to force the miners there to quit work, The feeling between the Lykens and Williamstown miners is so bitter that the strike leaders were induced this ifternoon by the borough authorities of Lykens to persuade their fellow-men not to invade the territory of the non-

Seven hundred strikers were to have started for Williamstown at 6 o'clock with two bands of music and they were much chagrined when the proposed march was called off. A small delegation of strikers went there this evening and held a meeting in the pubic square, at which speeches were by District Organizer Miles Daugherty, of Shamokin: District Vice-President Paul P. Pulaski, of Mt. armel, and District Treasurer Wilson '. Yoder, of Shamokin. There was no lisorder, and this has encouraged the uthorities of the neighboring boroughs to believe that the danger of trouble between the strikers and non-strikers

The mules have been removed from he Lykens mine and the colliery will be suspended indefinitely if the men next week and close the mines for the ere not at work next Monday morning. About fifty pump-runners, engineers and firemen are at work and they will not join the strike unless called out by the miners' union. Twelve hundred men are working at the Williamstewn colliery and about 1,500 at Tower City.

SEVENTY PER CENT. ARE NOW ON STRIKE

Mine Workers Make Gains in Lehigh Region-The Operators Claim That Men Are Intimidated.

by Exclusive Wire from The Associated Press, Hazleton, Sept. 19.-The third day of he strike passed off as quietly as the wo preceding days. Beyond the occasional stoning of a mine worker going to or from his work there has been no disorder. It was estimated tonight that about 70 per cent, of the mine workers of this region were idle today. which is quite an increase over yesterday's figures. President Mitchell did not issue a formal statement tonight, because of his absence from headquarters. He said, however, that from reports he had received he figured on more than 126,000 being idle in the anthracite district.

No negotiations for a settlement of he strike are yet in sight, and the situation in that respect is precisely the same as it was yesterday. The United Mine Workers' officials are confining their efforts to getting the men to quit work everywhere believing that they cannot successfully carry on the contest unless every operation in the three districts is tied up completely. The operators are working the collieries which are crippled as best they

can. The mine owners in the Hazleton district complain bitterly of what they call the "cruel tactics" of the union men. They claim that the workmen who are still going to the mines are being intimidated and even threatened with serious bodily harm if they do not quit work. They also add that most of the men now idle desire to resume work, but through fear of assault they

QUIET REIGNS IN WYOMING VALLEY

Strikers Keep Away from the Works and There Was No Disorder.

Coal Is Becoming Scarce.

Wilkes-Barre, Sept. 19.-The third day of the miners' strike was an unventful one in the Wyoming valley. The strikers kept away from the works and there was no disorder of any kind. The men employed by the West End Coal company at Mocanaqua continue to regist all attempts to get them out. President Nichols made a last attempt today and failed. It is now said that an effort will be made to reach the men through their wives and daugh-"Mother" Jones, the female lathe mining village to persuade the wo-

to have uphill work if she attempts the n the modern world are used in that been treated kindly by their employers fere with the minors who wish to and they cannot understand why they should be called upon to inconvenience

their benefactors by quitting work. owners of the Mocanaqua colliery are getting well paid now for the turkeys they gave their employes last Christ-The company is mining a great deal of coal and they have inquiries from many places at fancy figures for the same. President Nichols would give a great deal if he could close up the colliery. He says it is the only black mark on his chart. The officials of the company say they propose to protect their employes from intimidaion now, and with that object in view they have employed eight special offi-

cers to see that their employes are not interfered with So far as surface indications go there is no sign of a settlement in this section. If anything, the opposing forces

are drifting further apart. Barre company are now busily engaged

Our Showing of Millinery Has Captivated All Scranton

"The eyes of the people are upon us." We knew that yesterday morning, and when the veil was litted from before the Autumn Millinery Showing of 1900, we had nothing to tear. It is a gorgeous, a praiseworthy array. We're proud to have it so. Millinery art never attained a higher standard of true beauty than just now. The best has been applied, Every touch is for harmony, grace and becomingness.

If our Millinery has maintained leadership in the past, through the channels of our extraordinary facilities and untiring efforts, and the thought and study given to the work by our Mr. Edward Long, it is no misnomer to say that this season's display is even on a grander scale, commanding universal admiration because of the novelty of style and taste applied. THURSDAY AND FRIDAY ARE EXHIBITION DAYS.

The show is complete during today and Friday. Beyond that, however, many of the novelties disappear. That you may see the exhibition in all its completeness, we reserve these special show days and invite you to spend them here, The invitation is inspired by the greatest cordiality—as we know you would wish it to be.

JONAS LONG'S SONS

middle of October to pay their men, will pay them off next week and then repare to put their collieries in shape for a long suspension. No effort will be made to run the mines with nev

It is almost impossible to buy a ton of coal in Wilkes-Barre now. The Susquehanna Coal company began taking the mules out of the mines at Nanticoke tonight. They will be shipped to Dauphin county, where the ompany has purchased a farm. The Susquehanna officials say that they will pay their men up in full early

PRICE OF COAL GOES UPWARD

winter.

At Boston and New York It Is Now Sold for \$7 a Ton-At Albany \$7.25 Is Charged.

By Exclusive Wire from The Associated Press. Boston, Sept. 19 .- The coal merchants f this city have decided that the price of stove coal of all grades from today on will be \$7. This is an advance of two dollars a ton within a week. The object of the dealers in raising the price to \$7 is to stop the people, who seem to have been seized with panic on account of the great strike, from buying. The coal men say they do not wish to become tied up with orders without knowing whether it will be possible to make a delivery.

New York, Sept. 19.-The Brooklyn coal exchange has decided to advance the retail price of coal to \$7 a ton. Steam coal has advanced from \$2.95 to

Albany, Sept. 19 .- The Albany dealers today advanced the price of coal to \$7.25 a ton and even at that rate they refuse many orders. They will not accept any large ones.

Syracuse, N. Y., Sept. 19.—The price of coal was raised here today \$1 a ton on all grades. The local supply of anthracite is sufficient for one month. Montreal, Sept. 19.-The different steamship lines running to Montreal have notified shippers of an advance in freight rates of 10 per cent., on account of the increased cost of coal and

MITCHELL AT MAHANOY.

other ship stores.

Addresses Mass Meeting of Miners with Unknown Effect. By Exclusive Wire from The Associated Pres

Mahanoy City, Sept. 19 .- A mass neeting of mine workers was held here tonight. The principal speakers were President Mitchell, of the United Mine Workers: Organizer Harris, "Mother" Jones and Charles Purcell, of Indianapolis. President Mitchell discussed the sliding scale which is in effect in this region.

The situation here is practically unchanged. It cannot be said at this ime what effect the speeches of the abor leaders will have on the mine workers in this section

STRIKE NOTES.

By Exclusive Wire from The Associated Press. Reading, Pa., Sept. 19.-One feature of the coal situation tonight is that shipments to the west have been cut down considerably and that they will ecome smaller in that direction as the product from the mines become The demands of the local trade along the Atlantic seaboard are so enormous that every carload is needed in the Reading company's own terri-

Pottsville, Pa., Sept. 19,-Captain Daniel Christian, of the Philadelphia bor advocate, will probably be sent to and Reading coal and iron police, tonight marshalled 160 deputies at this men that it is their duty to urge their place. Part of the force was sent to husbands and brothers to join the the Northumberland region. More will strikers. But "Mother" Jones is liable be sent tomorrow to protect the Philadelphia and Reading mine workers in task. She us not a linguist and it is the upper part of the region. The said nearly all the languages spoken Reading company intends to thoroughly police their collieries in order that mine. These people know they have the strikers will not be able to inter-

Shamokin, Pa., Sept. 19 .-- An effort was made today by a committee of A representative of one of the big miners employed at the Natalie col-coal companies said today that the liery, Mt. Carmel, to secure a settlement. They came this afternoon to consult with several leading mining officials as to the best method of effecting their object. It is believed that if they can effect their object, the other operators will follow in the same line

New York, Sept. 19.-11 is asserted here by retail coal dealers that the mining companies have begun to reuse their orders and as a precautionary measure, are holding on to their supplies of fuel, which are said to be large. A statement printed this afternoon declares that the Susquehanna and Western rallroad has a supply of 18,000 tons stored here, but not a ton is for sale, the officers declaring is for the use of their own roads. It is also claimed that the Eric and The clerks of the Lehigh and Wilkes- Lackawanna people refuse to sell, but no statement could be obtained as to

AGRICULTURAL FAIR

DAY NOT LARGE. It Was Devoted Principally to Get-

ting the Numerous Exhibits in Shape-There Are Three Exhibition Buildings and All of Them Are Well Stocked-Horse End of ty point lace handkerchief. the Fair Is One of the Chief Attractions-Racing Card for Today and Tomorrow.

From a Staff Correspondent.

Tunkhannock, Sept. 19.-Today was scheduled as the opening day of the twenty-fifth annual fair of the Wyoming County Agricultural society, but It was devoted almost entirely to the receiving of entries and getting all in readiness for the large crowds that are expected tomorrow and Friday. There were but few sightseers to the grounds today, but as that is the usual way the first day it can give no indi-cation of what the remaining two days

The directors of the fair are quite optimistic over the probabilities of this silver centennial of the society being largely attended, for they aver they have a better card of attractions and more exhibits on view than usual, and as the weather promises to be fair and cool they have every arrangement made to handle a large crowd the rest

The grounds are delightfully situated n a green, level tableland su rising hills on all sides. Miller on the left hand and Mount Avery on the right present beautiful. green sides to rest the eyes that become tired of gazing on the yellow, dusty half-mile track in the foreground of the landscape.

REFLECT CREDIT.

The exhibition buildings proper number three. The first is a ladies' hall, in which are displayed an assortment of doylies, lace ware, bed spreads, rag carpets, silk quilts, preserves, pastry and domestic manufactures of almost every variety, reflecting great credit upon the women folks of Wyoming county for their industry and skill.

The second building is the agricultural hall. There are set forth with definess and taste the fruits of the field, orchard and vine, from the tiny cereals to the mammoth pumpkins. Fancy apples of all hues and all sizes, enormous, catch and reflect the straggling sunbeams that peep in the cracks of the board walls, and their olished skins smile invitingly to the thirsty. Any one who sees the display of huge notatoes will have hard work to believe that that crop is a

fallure this year. The third building is given over to and farming machinery, but the display is limited to a few buggies and but little farm machinery as yet. Scatare small stands for side shows, refreshments, and other features,

CATTLE EXHIBIT. The exhibit of cattle is very good, over eighty head having been enpoultry exhibit are also in evidence. customary, the chief attraction. Be- side in New York city. sides the horses on the ground which tered for premiums. A buff mare and suckling colt of the same color atract most of the visitors, because of

the oddity of their hue. The track is wide and level and a lear view of it may be had from any part of the field and from the surrounding hillsides. It is now very heavy with dust, but a sprinkling cart which starts at work on it tonight will fix that in time for tomorrow's races.

Dr. Tibbets, of Noxon, who owns two automobiles, had arranged with and his injuries consist of bad the directors of the fair to start them tusions of the leg, hip and arm. this morning he was compelled to cancci the engagement because of sick-The crowd of fakirs who usually

throng county fairs are conspicuous for their absence here. Only a very few side shows have opened up. One of these, a "British-Boer war reproduction," owned by W. J. Hymen, of Wilkes-Barre, has been making the rounds of all the fairs this season and a good entertainment. The rest are of the usual ball-throwing and ring tossing kind.

The agricultural exhibition is arated into eight divisions and sixty-one classes. Premiums are offered for norses in four classes, for cattle in eighteen, for sheep in sixteen, for swine in seven, and there are forty first and second premiums of \$1 and 50 cents for poultry.

In agricultural implements diplomas

AT TUNKHANNOCK generous rewards are offered for the best displays of vegetables, fruit, grain, butter and choese,

ATTENDANCE ON THE FIRST The premiums offered for domestic manufactured articles are for the women's benefit and act as an inducement to bring out displays of many good things, such as canned fruits and jellies, canned goods, pickles, butter dried fruit, wine, bread, cake and all kinds of crocheted, knitted and embroidered products, from a pair of hand-knit coarse wool socks to a dain-

The entries for the two days' racing have come in well, and plenty of sport is assured. As can be seen from the appended list of entries, Scranton is well represented in nearly every race by good horses. Following is the card for tomorrow and Friday: THURSDAY, SEPT. 20.

Green Race-For horses owned in Wyoming county, purse \$30. Minnie G., Charles Sayder, Montrose; Jennie B. R. M. Abrams, Pittaton; Miss Reed, G. D. Reed, Tunkhannock; Albert,

THE MARKETS.

Wall Street Review.

Wall Street Review.

New York, Sept. 19—Quite severe inroads were made on prices before trading had stopped on the Stock exchange today and an average level was established considerably lower than the low point touched on Monday morning before the raily commenced. The difficulty of continuing the advance which was felt yesterday and was emphasized this morning prompted the traders to take their profits and the two days aivance was effectually wiped out. After the speculative holdings which had been bought on Monday were dislodged the market came to a pause and railied and sold vigorously by the bears, making the closing easy and mar to the lowest level of the day. As a result a long list of prominent railroad and miscellaneous stocks show net losses ranging from 1 to 2 points. Tennessee Coal was the most conspicuous for weakness and fell over 4 points on large selling closing with a not loss of 324. The weakness was the more conspicuous as other stocks in the steel group were relatively steady up to a late hour. The local tractions were conspicuously weak as a group. Tobacce suffered to the extent of 2½. People's Gas was relatively firm, but yielded to the late welling movement. The day's weakness in stocks must be explained by general disquiet over tie anthracute miners' strike and the monry market outlook. The announcement of advances in the prices of coal was an unfavorable factor in the market. The money market continued firm in one, call loans commanded 2 per cent, at the maximum. Total noney market continued firm in tone, call loan commanded 2 per cent, at the maximum. Total sales, 259,500 shares. Honds, which were active in the market were weak but others firm; total sales, par value, \$1.05,000. United States retunding 2s when issued and the 5s declined \(^1\)_4 in the hid order.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deainess, and that is by constitutional remedies. Deafness is caused by an internal condition of the mucous lining of the Eastachian Tube. When this tube get inflamed you have a rumbling sound of imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. ucous surfaces. We will give One Hundred Dollars for any case

of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circu-lars, free. F. J. CHENEY & CO., Toledo, Q. Sold by Druggisto, 75c. Hall's Family Pills are the best.
