BAYLOR CASE IS IN THE JURY'S HANDS

CHARGE WAS DELIVERED IN THE AFTERNOON.

Other Cases That Had a Hearing During the Day in Common Pleas Court-Judge Archbald Has Cleared Up the List in Naturalization Court-Sheriff's Deeds Acknowledged in Open Court-Grand Jury Will Make Another Report to Court Today-Not Its Last Report.

At 3 o'clock yesterday afternoon the trespass case of William Baylor, of Benton township against Loren G. Stephens was given to the jury. verdict was not returned up to ad-

journing hour. After court opened in the morning the testimony of Aaron Phillips, Christopher Cooper and Grant Reynolds was heard on the part of the defendant, Attorney A. A. Vosburg closed the case to the jury for the defendant, and Attorney Joseph O'Brien, for the plaintiff.

A verdict of \$63.74 for the plaintiff was returned in the case of M. J. Ruddy against William Repp, of OH Forge. Ruddy, who is a contractor, residing in this city, sued to recover for the value of stone which he furnished for a school house in Old Forge, built by Repp. Jacob Burg, an important witness, failed to appear when his name was called, and an attachment was issued for him. He was brought into court.

Before Judge Albright, when court adjourned, the trespass case of W. J. McDonough against Christ Moulter and John Booth was on trial, McDonough was in the ice tasiness at Car-bondale and had a small ice house in Fell township, which he rented from In 1897 it is alleged that Moulter and Booth went to the ice house and threw McDonough and his property out. All of the plaintiff's side of the case had not been heard work to perform. Before it adjourn at adjourning hour.

Late in the afternoon the wage case of P. G. Boland against Thomas R. Pierce was put on trial before Judge Kelly. Boland seeks to obtain his pay for certain painting he did on houses erected for Pierce, alleging that Pierce

ngreed to see that he was compensated. Because it was found impossible to reach them this week, the following cases were yesterday continued until the next term: Mary Calpin against the city of Scranton and the Scranton Traction company; Julia Cloherty against the city of Scranton and the Scranton Traction company; Mary Duffie against the city of Scranton, trespass: W. J. McDonough against Christ Moulter, trespass: John L. Harris against Mary Barrett, assumpsit.

List Is Exhausted.

Judge R. W. Archbald yesterday cleared up the list in naturalization court and it adjourned until Monday, when other applications will be heard. About 400 men were granted papers. It was the largest term since the new rules about naturalizing went into ef-

Nearly all of the men naturalized were either Austrians, Hungarians, Poles, Russians, Italians or Swedes. The percentage of Welsh, Irish, English, Scotch and Germans was very small, which would seem to indicate that the emigration from these coun tries to this region has almost entirely ceased. Of the men naturalized during the week the natives of Poland were in the majority. They not represent a considerable percentage of the population of this valley.

From Olyphant came a large number of men who call themselves Red Russians. They were among the best informed and most intelligent examined during the week and showed a very thorough knowledge of our institutions and forms of government. There are in the neighborhood of 1,000 of the Red Russians in one settlement at Olyphant and they are to be found nowhere else in the county. They came from a part of Austria known as Red Russia, and though they are surrounded on all sides, and have been for centuries, by people who speak the various dialects of the Austrian tongue, these speak Russian of almost the same puprity that is heard in Moscow, The names of those naturalized yesterday:

Stranger with Bandaged Hands Steals Small Fortune in a Bank.

by Exclusive Wire from The Associated Press. St. Louis, Mo., Sept. 20.-Edward S. Plummer's pity for a man with both hands in a bandage cost him a small fortune this afternoon. He entered the Third national bank with a small tin box containing several hundred dollars and some checks which he intended to deposit. He was about to make the deposit when a stranger with bandaged hands asked him to write out a check for him

Plummer wrote the check, but when he turned to give it to him the man was gone and with him Plummer's

THE MARKETS.

Wall Street Review.

By Exclusive Wire from The Associated Press. New York, Sept. 20. -The closing of the stock market this afternoon was quiet and steady, in temarkable contrast to the disturbed state of feeling which prevailed all day. So far as general considerations are conserned the weakness and violent liquidation of the day must be due to a growth of conviction as to the inevitable effect of these factors rather than to any new status. These general conditions are the harden-ing money market and the coal stock and rather n the background the Chinese situation. Those who found nothing in the actual news sufficient to account for the extreme weakness of the marto account for the extreme weakness of the mar-ket offered a supposition that some development not yet generally known in the Chinese tangle had induced large selling by persons with ad-vance information. Certainly, it is hard to ac-count for such wholesale selling as that of today in a market which has been supposed to contain comparatively light speculative commitments on the ground of fears of future events or sentimental considerations. The progress of the strike arouses keen apprehension of outbreaks of vioence and extension of the trouble into new fields. But no actual occurrence of the day seemed to bring such developments any nearer than did the first stoppage of mining. The spe-cial weakness of the steel stocks seemed to show some peculiar apprehension that the conferences ver wages and the efforts to adjust prices would not bring the industry to a profitable basis, Tennessee Coal was apparently without any support and was nearly 8 points off at the lowest, the stock rallied 21g on short covering. Pressed teel Car, American Car preferred, Steel and Wire and Federal Steel preferred were down 2 to 2½. In the railroad list, Missouri Pacific, Baltimore and Ohio and Reading first preferred suf-tered most severch among the active stocks, lesing two points or over at the extreme low level. Among the recently domaint stocks there were some wider declines, but the length of time since the last siles detracts from their signifiince. Total sales, 436,400 shares,

Bonds yielded in sympathy with stocks, but the elling was not on anything like as large a scale s vesterday. Total sales, 91,125,000, The following quotations are furnished The Tribune by M. S. Jordan & Co., recus 703-704
