

IS BUILDING ON THE RESERVATION INJUNCTION ISSUED AGAINST JACOB SHIFFER.

It is Alleged That He is Erecting a Building in Defiance of the Terms of His Deed and the Building Regulations—Case of J. D. Stocker Against the Borough of Jermyn Is on Trial in Common Pleas Court. Verdicts Returned—Arbitrators Said There Was No Cause for Action.

Jacob A. Shiffer has been restrained by the court from continuing the work of erecting a building at the corner of Franklin avenue and Mulberry street, it being alleged that he is building on the ten-foot reservation, which is supposed to be used only for porch or piazza.

The matter was brought to the attention of the court yesterday by Attorney A. A. Vonburg, who filed a bill of equity in the name of the city of Scranton and Adam Schroeder, who owns the property on Mulberry street adjoining the plot of ground on which Shiffer proposes to erect the building.

Building Inspector Jackson refused to approve the plans for the proposed building, but Shiffer is proceeding with the construction notwithstanding this. The application for the injunction was made to Judge R. W. Archibald, who granted a preliminary injunction and made it returnable next Saturday at 9 a. m. In the case of P. J. Vetter against Patrick Flaherty, which was heard before Judge Archibald a little over one year ago it was decided that it is unlawful to build on the ten-foot reservation.

The only case of any consequence tried in common pleas court yesterday was the trespass suit of J. D. Stocker against the borough of Jermyn. The borough council of Jermyn passed a resolution for the grading of Tacon and Main streets, in the borough, which Mr. Stocker owns a property at the intersection of these streets and he alleges that it was greatly damaged by the grading, the street along the side and front being cut forty inches.

The case is being tried before Judge Searle in the Supreme court room, and Mr. Stocker is represented by Attorney J. H. Torrey. The counsel for the borough is H. W. Mulholland and A. J. Colborn, Jr. While on the stand, Mr. Stocker testified that his property was damaged to the extent of \$1,500 at least. The borough contends that the property was benefited rather than injured by the grading of the streets. The jury went to Jermyn late in the afternoon to view the property.

In the case of Patrick Burke against M. P. Wymbs, tried on Monday, a verdict of \$5.68 was yesterday returned in favor of Wymbs.

Yesterday morning the case of Michael Weir against Bert Gibson was given to the jury and later a verdict of \$59.64 for the plaintiff was returned. A non suit under the act of 1812 was granted yesterday in the case of C. D. Herzhberger & Bro., against the Hadam Lime company.

No Cause for Action. The case of Swift & Co. against Lizzie Lahotsky, of Throop, was tried yesterday before Arbitrators Douglas Ward, W. H. Roe and Charles Horn. The husband of the defendant runs a store at Throop and bought goods from Swift & Co. to the amount of \$7, the wife, who owns a considerable amount of property becoming security for the payment.

The bill was not paid and Swift & Co. brought suit against Mrs. Lahotsky. The arbitrators decided there was no cause for action. The plaintiff was represented by Attorney George W. Okell and the defendant by Attorney T. P. Duffy.

Yesterday's Marriage Licenses. Thomas F. Hart, Charlotte Emma J. Gilman, Carlisle; Ernest O. David, Blakely; Libbie McNeil, Beckville; James J. Gorman, Candale; Julia T. Houston, Carbondale; John J. Murphy, Danmore; John M. Danner, Danmore; Patrick Jennings, Danmore; Annie Thomas, Danmore; Walter Davis, Scranton; Ella May Rader, Scranton; Andro Marawa, Scranton; Bridget Bolio, Scranton; Philip Heckman, Scranton; Matilda March, Scranton; Charles Cantelary, Scranton; Mary Lascombe, Scranton; William Allen, Olyphant; Dinah Evans, Olyphant; Almer Spencer, Olyphant; Mary Kelly, Scranton.

TRouble ABOUT THE BONDS. Successful Bidders Make What Are Said to Be Frivolous Requests. R. L. Day & Co., the Boston firm, whose bid for the big issue of sewer bonds was accepted by committee, are, according to Deputy Controller Hartley, interposing a number of objections regarding the final transfer of the money.

They insist that they must have a debt statement up to the day the bonds are turned over to them. Deputy Controller Hartley says that this could not possibly be furnished, and is not required by law. He says they demand a whole lot of other little things which are mere frivolities.

He believes that they have not yet secured the purchase for the money and that they are simply killing time. The bonds are now being printed, and the idea is to offer them to Day & Co. who they are finished, agreeing to any reasonable requests which they have made. If they refuse to take them, their certified check for \$3,000 will be forfeited.

PORTABLE SCHOOL ANNEXES. Controller Leonard Favors Their Introduction. School Controller Leonard, of the twenty-first ward, has a money-saving scheme which he has submitted to the building committee of the board of control and which is being considered by that body.

Mr. Leonard believes that too much money is spent every year for the renting of annexes and he believes the board should adopt the portable annex now in use in Milwaukee and several other large cities. These annexes are so constructed that they can be taken apart and put together again very easily, thus allowing their removal from one place to another.

They could easily be erected on the

THE MARKETS.

Wall Street Review. New York, Sept. 25.—Today's rally in prices of stocks was very clearly due to covering operations by the bears who sold stocks last week while the covered buying was going on. The bears continued their efforts to further the decline in prices this morning and had good success in some of the most prominent individual stocks, notably sugar, tobacco and People's Gas, but the general list failed to respond as readily to the advance. The declines in the special stocks, the bears in consequence bought to cover all through the list and brought some substantial rallies. The declines in the special stocks were mostly wiped out and Brooklyn Rapid Transit and People's Gas were lifted a point over last night. Some timidity was introduced in the bears by the possibility of additional favorable developments in some directions. The price of steel rails has not yet risen to large buying, so far as known and railroad officials expect that the decline in the price was not placed lower. When the railroad companies began to place their contracts for the coming year, the steel market was expected to be produced on these stocks of steel companies generally. Wall street is on the alert for a selection of steel stocks, but there was nothing to show the imminence of any such event, outside the fears felt by the bears, which were 200-300 shares.

Bonds active in the market show an advance, but loans were scored by the loss active loans. Total sales, \$2,000,000. U. S. refunding 2%, when issued, and the 5% declined 1/8 in the bid price.

The following quotations are furnished The Tribune by M. S. Jordan & Co., brokers 705-707 Mears building, Scranton, Pa. Telephone 8049.

Table with columns: American Sugar, American Tobacco, Am. Steel & Wire, etc. Includes various stock prices and market data.

INDUSTRIAL JOTTINGS. Strike Has as Yet Made Little Difference in the Work at the Local Railroad Shops.

Thus far the strike among the coal miners has had little or no effect on the Delaware, Lackawanna and Western shops in this city. A full force of men are at work in the various departments and, if anything, there is an increased amount of work on hand, owing to the repair work necessary on the rolling stock.

The various improvements under way are being rapidly completed, and the changes around the machinery shops recently noted in The Tribune are now almost finished. Ground was broken yesterday for the erection of a new pattern and cabinet shop, between the mill room and the foundry. The structure will be 50x126 feet, one story, 4 1/2 feet high, of wood, with corrugated iron sidings.

The work will be done by the Grace, Hyde Co., of New York, and will be under the direction of the bridge and building department. The pattern and cabinet work is now done in a room over the saw-mill, which is inadequate for the purpose.

Another improvement which has not been noted is the substitution of a pneumatic elevator for the trestling near the foundry, which greatly facilitates the work of hauling scrap iron from the yard to the foundry.

This and That. W. B. Hunter, industrial agent of the Lackawanna railroad, was in the city yesterday.

The Pullman sleeper Dansville, which has just been renovated at the Lackawanna car shops, was sent to Hoboken yesterday for the afternoon milk train.

None but the coal carrying crews have been affected on the Lackawanna railroad by the strike, the freight and passenger crews being kept busy as usual.

It is a noticeable fact that on several of the engines on the Lackawanna, Central and Delaware and Hudson roads soft coal is being burned. At the Cliff works, car shops and other shops the soft coal is used, and even the cooks on the new Lackawanna dining cars are burning it in their ranges.

Several new pieces of machinery were received at the Lackawanna machine shops yesterday from the Niles Tool works at Hamilton, Ohio. In the order is a horizontal boring machine, a cylinder planer and a horizontal planer. The new machines will be placed in position as soon as possible.

Master Car Builder Campbell was in Detroit, Mich., yesterday inspecting a sample of the new twin hopper cars, which have been ordered by the Lackawanna company from the American Car and Foundry company. The order calls for 1,000 cars, 500 of which will be turned out at Berwick and 500 at the Detroit shops.

The great success of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the treatment of bowel complaints has made it standard over the greater part of the civilized world. For sale by all druggists, Matthews Bros., wholesale and retail agents.

LIST OF ADVERTISED LETTERS. List of letters remaining unclaimed for the Scranton postoffice, Lackawanna county, Pa., Sept. 25, 1900. Persons calling for these letters will please say advertised and give date of Ed. E. H. Ruppel, postmaster.
