# THE AMERICAN ART LEAGUE.

#### Local Attorneys Refuse to Have Any Dealings with It.

Mention was made in yesterday's Tribune of the fact that the American Art League, a concern having postoffice boxes in New York and Chicago but no other discoverable headquarters, and directed by one T. J. Clark, had placed in the hands of a firm of local attorneys for collection a number of accounts contracted in this city by alleged fraudulent representatives. The firm of local attorneys was Messrs. Vosburg & Dewson. They knew nothing of the league's methods. and yesterday when informed of the facts promptly returned the accounts. refusing to handle them. There are the ditch is of considerable length. a number of men in Scranton whose wives have been victimized by the sleek woman canvasser employed by Clark who are willing to pay Mr. Clark's expenses from Chicago here if he will agree to put himself within reach of our courts.

If any more of the American Art League's abusive letters calculated to intimidate women into paying a dishonest claim are received in Scranton, remedy should be sought through the postoffice authorities.
