

LAST DAY OF TRIBUNE'S CONTEST

It Is Absolutely Impossible to Forecast the Result.

INTEREST IS VERY INTENSE

Contestants Are All Working Hard and with Few Exceptions Are Confident of Advancing in the List—It Is Probable Many Changes Will Be Made—Contest Closes at 8 O'Clock Tonight—Result Will Be Announced Monday—It Will Not Be "Leaders" but "Winners"—Rules of the Closing Day—Some Interesting Tables—What Was Done Yesterday—What the Fortunate Ten Will Win.

Today is the last day of The Tribune's Educational Contest. This contest started on July 5, nearly three months ago, or, to be exact, just eighty-six days ago, and will reach its finish to-night at 8 o'clock, when the court house bell tolls that hour. During the twelve and a half weeks that have elapsed there have been forty-two names enrolled in the book of contestants, but a majority of these were faint-hearted and soon wearied of their self-imposed task. There were sixteen, however, who stuck at their posts. Some of these have fallen woefully behind the last month, and today, the last of the competition, sees twelve active participants striving to secure enough points to win one of the ten special rewards. Two of them will be left at the finish, but which two will it be? That issue remains in doubt, and it will depend entirely on the contestants themselves. Those who have worked hardest will reap the reward of labor in strict accordance with the showing they make at the time the books are closed to-night.

Many Changes Are Possible.

It is quite probable that there will be a number of changes on Monday morning from the list we publish to-day, and it may be that some who have held a commanding position all through the contest may finish lower down than they are at present. In nearly all contests most of the competitors reserve themselves until the last day and finish in a grand rush. This may or may not be the case in The Tribune's Educational Contest. But if there is any one of the leaders who can strengthen his or her position to-day, or who can even advance beyond the point where they now stand according to the published list, it will be an act of courage that should befall to exert every effort to do so. The race between the contestants from first to twelfth place is closer than it has been at any time during the past two months, and even the position of Charles Rodriguez who has been in the lead for eighty-two days is threatened by the upward rush of David V. Birtley, who has gained forty points on him in the last month, and from third place down to twelfth there are but slight differences. It is now open to contestants who will make the most showing on this last day. As it is the last chance to better their standing, it may be depended upon that each and every one of the contestants who has the least show to go up higher will make the very best of the few hours that remain.

Not "Leaders" but "Winners."

The list of leaders which is published herewith appears for the last time this morning. On Monday morning there will be a list published, but it will be the list of winners, and it will give the correct order of their standing at the close of the contest at 8 o'clock to-night.

The Tribune will not divulge the standing of any contestant after this morning's edition of the paper until it is published on Monday morning. This precaution is taken to protect the contestants as well as The Tribune from the charge of favoritism. During to-day each contestant will be accorded every opportunity to have the points he has secured recorded, and the office of the Editor of the Educational Contest will be open to receive points from 8 a. m. to 8 p. m. No information will be given out to any one, however, and every contestant may feel absolutely secure that his or her interests will be safeguarded. Contestants will take notice of the following rules regarding the closing day:

- 1. After the hour of this morning no further information will be given out until the final result is announced on Monday morning, October 1.
2. Returns will be received at this office until 8 o'clock p. m. tonight, but no delay bringing in your points until an hour afterwards, as the contest will be closed at 8 o'clock.
3. Contestants will be responsible for the accuracy of their returns, and the number of points any one may have registered during the day will in no case be decided after the final announcement.

Interesting Tables. In order that contestants may be able to do a little figuring on how many points they may be necessary for them to get in some desired position, providing the contestant who now holds it does not make any extra effort today, or does not increase his daily average for the month, a table is given, showing the number of points secured by each contestant during the

month of September, up to this morning, as well as the daily average of points secured by each:

Table with 2 columns: Name and Points. Includes Miss Mary Yeager (14 days) 18.5, Miss Jennie Meyers (16 days) 10.13, David V. Birtley 6.54, Charles Rodriguez 5.39, Arthur Kemmerer 5.29, David C. Spencer 5.25, Oliver Callahan 5.24, Miss Fannie E. Williams 5.23, Harry Reese 5.17, Eugene Boland 4.11, Sidney W. Hayes 2.58.

The remaining four contestants do not average one point daily and are therefore not included in the above table. The work of the two young ladies, Miss Jennie Meyers and Miss Mary Yeager, both of whom entered about the middle of the month, is phenomenal, and shows what can be done if an earnest effort be made.

In addition to the above we give the following summary showing just how many points will be necessary to tie any contestant with the one leading. Add to this the average number of points scored as shown by the preceding table and an approximate estimate can be made of the number of points necessary to enable a contestant to pass up in the list. It must be remembered, however, that an extra effort will be made on this, the closing day, and due allowance made. Here is the record:

Table with 2 columns: Name and Points. Includes Charles Rodriguez leads Birtley by 56, David V. Birtley leads Miss Meyers by 109, Miss Jennie Meyers leads Kemmerer by 112, Fannie Williams leads Rose by 129, Miss Mary Yeager leads Callahan by 131, Oliver Callahan leads Spencer by 17, David C. Spencer leads Miss Williams by 41, Fannie Williams leads Rose by 117, Harry Reese leads Boland by 7, Eugene Boland leads Miss Smirrell by 4, Miss Grace Smirrell leads Hayes by 24, Sidney W. Hayes leads Roberts by 30.

Returns Made Yesterday.

The changes made yesterday bring Arthur Kemmerer to fourth place from fifth, where he leads Oliver Callahan by 13 points. Miss Mary Yeager advances from seventh to fifth, both of these contestants going over Mr. Callahan, who drops to sixth place. David C. Spencer, who was sixth yesterday, is forced to relinquish his hold and is now seventh, the lowest he has been. Miss Fannie E. Williams succeeded in breaking her tie with Harry Reese, and this morning has undisputed possession of eighth place. Miss Grace Smirrell brought in some points, but lacking five of going into tenth place, now held by Eugene Boland. Richard Roberts also secured for the first time in twenty-three days.

Both Charles Rodriguez and David V. Birtley increased the number of points they had secured. Rodriguez gained 13 points on his competitor for first place. What the result will be at 8 o'clock tonight it is impossible to forecast, but as the contestants are so close together there will undoubtedly be many changes. It will be necessary to get Monday's Tribune to learn the winners.

Standing of Contestants.

- 1. Charles Rodriguez, 428 Webster ave., Scranton. 323
2. David V. Birtley, 103 West Market street, Scranton. 267
3. Miss Jennie Meyers, Lake Ariel. 162
4. Arthur Kemmerer, Factoryville. 150
5. Miss Mary Yeager, Moscow. 147
6. Oliver Callahan, 415 Vine street, Scranton. 146
7. David C. Spencer, Bloomsburg. 130
8. Miss Fannie E. Williams, Peckville. 89
9. Harry Reese, 331 Evans court, Hyde Park. 78
10. Eugene Boland, 235 Walnut street, Dunmore. 72
11. Miss Grace Smirrell, Carbondale. 68
12. Sidney W. Hayes, 922 Olive street, Scranton. 47
13. Richard Roberts, 1313 Hampton street, Hyde Park. 12
14. John P. Smith, 2532 Boulevard ave., Providence. 8
15. Edward Murray, 442 Hickory street, South Scranton. 6
16. Robert Campbell, 1532 Broadway ave., Providence. 4

To show what the contestants would be entitled to if their order should remain unchanged, a list of the ten special rewards is given below:

- 1. Scholarship in Union Seminary 4 years \$1,000
2. Scholarship in Bloomsburg State Normal School (3 years) 600
3. Scholarship in Scranton Business College 400
4. Course in Piano Instruction at Scranton Conservatory of Music 25
5. Columbia Chamber Bicycle, 1900 Model, Five Commercial Co. 60
6. Scholarship in Scranton Business College (Short Course) 50
7. Solid Gold Watch, Lady's or Gentleman's 50
8. Solid Gold Watch, Lady's or Gentleman's 50
9. Tele-Photo Kodak Box B, Camera, 45
10. Lady's Solid Gold Watch or Gentleman's Solid Silver Watch 30

It must be remembered, however, that a contestant holding any particular place in the list at the close is not thereby entitled to the special reward bearing a corresponding number, as the contestants are to be given a choice of the rewards. The first choice is the one holding second position, a choice of the remaining nine rewards, and so on down the list. Also that the contestants failing to secure one of these ten special rewards is to receive ten per cent. of all the money he has turned in during the contest.

BEKES TO HAVE CONTESTER.

By Exclusive Wire from The Associated Press. Reading, Sept. 28.—Congressman Green received a dispatch today from Director of the Census Merriam giving the population of Bekes county at 154,615. This settles the fact that a county controller will have to be chosen at the next election, and will also bring the county within the operations of the salary act which regulates the salaries to be paid officials in counties having over 150,000 population.

NO CHANGE IN STRIKE SITUATION

(Concluded from Page 1.)

with instructions to meet in conference and discuss the matter. It would be advisable to make terms with the strikers on the basis stated. This involved a great deal of labor and caused endless discussion. Some of the superintendents thought the increase could not be granted without loss. It was argued by those opposed to granting the increase that the cost of mining has increased considerably the past five years and with the mines getting deeper every year it is bound to increase still more in the years to come. The only way to meet operating expenses in case an increase is granted is to advance the price of coal. The president of one of the big companies in New York, who was called up by long distance telephone for his views on this point, is said to have replied that he did not think an increase in price could be entertained. Bituminous coal is too sharp a competitor now, and an increase in anthracite would be to the advantage of bituminous. The conference was asked to examine into the cost of mining coal and see if there could not be a saving made somewhere in operating expenses.

Lackawanna Favorable.

It is reported that the representatives of the Lackawanna company, after going over the operating expenses of their mines in this district, are of the opinion that they could stand the New York contract. The Lackawanna company were in a more favored position than some of the other companies. It still had vast tracts of virgin coal lands and its operating expenses are not as great as some of the other companies. From what can be gathered by the miners, they were not opposed to granting a reduction in the price of powder, but there was a strong feeling expressed against an out-and-out recognition of the miners' union. A stenographic report of the meeting was dispatched to New York in charge of a special messenger.

The Officers of the United Mine Workers' assemblies here say no agreement which leaves the union out will be acceptable to the strikers.

By Exclusive Wire from The Associated Press. Shamokin, Sept. 28.—When the North Franklin colliery at Trevorton closed down this evening a number of men who are not on strike decided that they would continue work next week, and that meantime they would hold themselves aloof from strike agitators. The latter are putting forth their best efforts to induce the men to tie up the colliery. The Reading company's deputies will not permit strikers to assemble near the colliery, and will hold up their way to and from work and solicit them to strike.

FRANKLIN MEN CONTINUE WORK

They Will Also Keep Away from Strike Agitators—Deputies Guard the Men Who Are Employed.

By Exclusive Wire from The Associated Press. Shamokin, Sept. 28.—When the North Franklin colliery at Trevorton closed down this evening a number of men who are not on strike decided that they would continue work next week, and that meantime they would hold themselves aloof from strike agitators. The latter are putting forth their best efforts to induce the men to tie up the colliery. The Reading company's deputies will not permit strikers to assemble near the colliery, and will hold up their way to and from work and solicit them to strike.

THE STRIKE WILL END NEXT WEEK

Rumor That Negotiations for Settlement Are Off Are Untrue—Miners Deserve Advance.

By Exclusive Wire from The Associated Press. New York, Sept. 28.—The Herald tomorrow will say: "One of the men who has participated in the plans for the settlement and is familiar with the facts and attendant circumstances said in an interview last (Friday) night: 'The rumor that negotiations looking to the settlement of the strike are off is untrue. My belief is that the strike will come to an end some time early next week. It will not be ended by a flare of trumpets by sweeping general orders, but by the men quietly going to work in colliery after colliery day after day at the ten per cent. advance. It will be the work to recognize Mitchell in any way, but as a matter of fact the miners really deserve the ten per cent. advance and they probably would have obtained it anyhow when the question first came up if so many of the members of the different boards of directors from independent companies had not been away on their vacations.'

POSITION OF THE PENNSYLVANIA

President Cassatt States That His Company Will Take No Part.

By Exclusive Wire from The Associated Press. Philadelphia, Sept. 28.—President Cassatt, of the Pennsylvania Railroad company, was seen by a representative of the Associated Press and was asked whether he had anything to say with reference to the statements published in the newspapers of yesterday and today in regard to the settlement of the strike in the anthracite coal region. Mr. Cassatt said, in reply, that he had read the statements, but that the Pennsylvania Railroad company had not been a party to the negotiations referred to. The company was so small a factor in the anthracite coal trade, that the coal carrying companies could get without reference to it.

Mr. Cassatt said that in all such matters it had been the uniform policy of the Pennsylvania Railroad company through its entire existence to deal only with its own employees directly, and it had always found them quite capable of presenting their own case and of protecting their interests in the discussions which ensued. Access was always easy by any of its employees desiring to present any such matters to the executive officers and the officers of this company were firm in the belief that it was wise to adhere to this rule in the present instance, believing such a course to be in the best interests of both employer and employed. In saying this, Mr. Cassatt added he had no desire to criticize the acts of any other company whose officers thought some other course more conducive to its interests.

DO NOT RECOGNIZE PRESIDENT MITCHELL

Soft Coal Miners of Altoona Take No Boycott Orders.

By Exclusive Wire from The Associated Press. Altoona, Sept. 28.—The soft coal miners in this section, although members of the United Mine Workers of America, will not take boycott orders from President Mitchell. In disregard of his edict the largest soft coal shipment of the season was sent east today by the Rochester and Pittsburgh Coal and Iron company at Punxsutawney, and from mines along the Branch Creek railroad. These roads are feeders of the New York Central. The miners employed by these companies, with the operators, were parties to a wage agreement signed at Altoona last March. This agreement was not observed by the operators, and although Mitchell was appealed to by the miners, he refused to support them in a demand for the terms of the contract. Now they refuse to help him out of his trouble in the anthracite region and mean to stand by the operators, and can, regardless of the district price.

SERIOUS TRAIN WRECK IN UTAH

Woman Killed and Fifteen Persons Injured Near Gartner—Nine Cars in a Ditch.

By Exclusive Wire from The Associated Press. Ogden, Utah, Sept. 28.—A disastrous wreck occurred on the Southern Pacific at Gartner siding, near the Utah-Nevada line. Train No. 4, due to arrive at Ogden at 10 o'clock last night, was wrecked. There is a sharp curve on the line and about fifteen other persons were more or less severely injured. Six of the badly injured passengers were brought to the hospital in this city. The rest were taken to their homes. Those who were not injured were: Nelson Neil, Shelby county, Ill., leg fractured; Mrs. Gross, Elmer, Cal., collar broken; Mrs. Kiefe, San Francisco, collar broken and leg fractured; Mrs. McDaniel (address not given), arm broken.

NEW DISCOVERIES OF ANTHRACITE COAL

Judge Bennett Has Located Veins Near Valley City, N. D., That Are Very Promising.

By Exclusive Wire from The Associated Press. Minneapolis, Sept. 28.—A special to the Tribune from Valley City, N. D., says: Judge J. M. Bennett has just returned from the Cascade mountain district of Washington, bringing samples and news of the location of vast fields of pure anthracite coal. In company with Prof. Baruch, a mineral expert of Seattle, Judge Bennett penetrated the range six miles from the railroad, and after two days of prospecting, located veins showing 19 feet of coal and located on six hundred and forty acres of land. He estimates the quantity of coal in this field at 25,000,000 tons. Judge Bennett discovered the coal on a prospecting trip in the sixties, but lost track of the location till late in the nineties. He then formed a company to work the vein. The samples shown are of the same quality but lighter than the Scranton product.

GREAT FIRE AT HAMBURG

Warehouses and Residences Burned. Loss 1,000,000 Marks.

By Exclusive Wire from The Associated Press. Hamburg, Sept. 28.—A fierce fire here today destroyed the Pflugk, Tietzen and Robertson warehouses on the Hafenstrasse. Botche's granary and four residences. The loss is estimated at more than 1,000,000 marks. The flames were under control at 4.30 p. m.

To Cure a Cold in One Day

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. W. C. Store's signature is on each box. 25c.

"I would rather have my advertisement in one paper reaching the home, than in forty sold on the street."

Marshall Field.

Over 85 per cent. of the circulation of the SCRANTON TRIBUNE is delivered directly into the homes.

price and of better quality and has it quickly delivered. Under the old system, statistics show that more than eighty per cent. of the small stores failed. And all of them had to sell poorer goods at a higher price in order to make their money and save their lives. It is a fact that the department store sells at a lower price better goods in more convenient form, and the small dealer who before was a fully equipped with bankrupting and failing in the end, is now the well paid and prosperous head of a department of that great variety of distribution for the masses, called the department store. And yet that department store has not destroyed the small dealer who succeeded before. That small dealer still exists and flourishes more than ever. The shops devoted to the sale of the small individual skill is required are more numerous than ever. The department store really injures the specialist his opportunity. It also affords the neighborhood store and neighborhood stores more plentiful and prosperous today than ever before. They do the small and immediate business just as well as the big store. The only business required of more because we have ten, twenty, and fifty dollar bills is no reason why we should dispense with the dollar, the quarter, the dime and the nickel. Each has its sphere of usefulness. And just so the trust and the small dealer, the department store, the specialist and the neighborhood store have their respective spheres of usefulness. And the department store takes the work of the neighborhood store and neighborhood stores more plentiful and prosperous today than ever before. They do the small and immediate business just as well as the big store. The only business required of more because we have ten, twenty, and fifty dollar bills is no reason why we should dispense with the dollar, the quarter, the dime and the nickel. Each has its sphere of usefulness. And just so the trust and the small dealer, the department store, the specialist and the neighborhood store have their respective spheres of usefulness. And the department store takes the work of the neighborhood store and neighborhood stores more plentiful and prosperous today than ever before. Each has its sphere of usefulness. And just so the trust and the small dealer, the department store, the specialist and the neighborhood store have their respective spheres of usefulness. And the department store takes the work of the neighborhood store and neighborhood stores more plentiful and prosperous today than ever before. They do the small and immediate business just as well as the big store. The only business required of more because we have ten, twenty, and fifty dollar bills is no reason why we should dispense with the dollar, the quarter, the dime and the nickel. Each has its sphere of usefulness. And just so the trust and the small dealer, the department store, the specialist and the neighborhood store have their respective spheres of usefulness. And the department store takes the work of the neighborhood store and neighborhood stores more plentiful and prosperous today than ever before. They do the small and immediate business just as well as the big store.
