Court House News Notes. The report of the viewers on the

was yesterday confirmed nisi by the Anton Mikowitz with larceny and re-

ceiving entered bail in the sum of \$300 yesterday before Judge Kelly. Alexander Shlanto became his bondsman. Daniel Holland yesterday began an action in replevin against W. S. Bartlett, constable, and J. F. Murphy, attor ney. He alleges that they have unlawfully seized \$300 worth of his house

A marriage license was granted yesterday by Clerk of the Courts Daniels to John A. Casey, of Lenox, Susquehanna county, and Annie McDonough,

of Scranton. Francis Hughes, William Evans, D. M. Davis, D. R. Watkins and Wallace Mosier have been named as tailsmen in common pleas court for the remainder

The bonds of two state and county tax collectors were filed with Prothonotary Copeland yesterday. They are those of William C. Beaumont, of the Eighteenth ward, in the sum of \$2,200, with Richard R. Walsh, surety, and that of John S. Davis, of the welcome news that the twelve blue prints and Sixth ward, in the sum of \$5,100, with five maps, and all the plans for the construction Evan J. Evans and Thomas Price as of the sewer in the Second sewer district had Evan J. Evans and Thomas Price as

Notification reached the clerk of the ceived and filed. courts office yesterday of the release of M. Suravitz from the Eastern penitentiary where he served eighteen months for receiving stolen good. He is the son of Nathan Suravitz, the Penn avenue junk dealer and was indicted with his father for buying goods stolen by boys knowing the same to have been stolen. On the trial Nathan Suravitz was acquitted and the son convicted He was sentenced by the late Judge Gunster to eighteen months' imprison

INDUSTRIAL JOTTINGS.

Large Washery of the Fuller Coal Company at Mt. Pleasant Culm Heap Is Almost Completed.

Another large coal washery is near-ly ready for operation. It is located on the flats between the Mt. Pleasant culm dump and the Ontario and Western railroad, north of the Linden street bridge. It will be operated by the Fuller Coal company, and the washed coal will be handled by the

Ontario and Western railroad. The machinery is now being placed in order, and a branch from the Ontarlo and Western main tracks has been built upto the washery. The Mt. Pleasant dump is one of the largest in the city, and extends over an area from the Lackawanna to the Ontario and Western railroad.

Superintendent E. M. Rine has issued orders regarding the Taylor yard

limit as follsw: The east-bound yard limit board at Taylor yard has been placed on the east-bound track at a point about two telegraph poles west of where is was formerly located.

The west-bound yard limit board in Taylor yard has been placed opposite Minooka function switch. Second class and irregular trains will run through this yard under perfect control, expecting to find main

Two Industries Lost.

tracks occupied.

Secretary Atherton, of the board of trade, said yesterday that the big coal strike has already lost the city two prospective industries. One of thes, he said, was a large spike factory, now located in Brooklyn, the proprietor of which was on the point of moving here when the strike was declared.

The other is a paper mill, arrangements for the location of which on the Diamond Flats were almost completed when the miners went out. Mr. Atherton is hopeful, however, that both may be landed when the strike is over. He would not give the names of either

This and That.

Angus Sinclair, publisher of Locomotive Engineering, New York, was in the city yesterday and paid a friendly visit to General Superintend ent T. E. Clarke, of the Lackawann railroad. Mr. Sinclair is one of th best posted and most popular pul lishers in the railroad world, and h knowledge of engineering is known t be superior to many of the so-calle publishers. He has made some re markably clever tests for the Ne York Central and other railroads, an his time is much occupied in the line of work. During his stay, he pa a visit to the International Correspond ence schools, on Wyoming avenue, i which he is much interested.

General Superintendent T. E. Clarke of the Lackawanna railroad, was a his desk yesterday after an absence of several days in the west. He report everything moving smoothly along th

Master Car Builder L. T. Canfield, o the Lackawanna railroad, is in But falo, in the interest of the company. The new pattern shop now in cours of erection near the Delaware, Lacks wanna and Western foundry, will soon be ready for occupancy. The roof nearly finished and the siding and window casings are finished. A new shed for storing iron

been built near the new engine hous in the Lackawanna yard. Locomotive No. 512, for the St. Loui and San Francisco railroad, was turn ed out of the Cliff works yesterday This is the twelfth engine out of a

order of eighteen being built by the Dickson Manufacturing company. The employes of the Dickson Manu facturing company are now working o ten consolidated locomotives for the proposed sewer in the Eleventh ward Delaware and Hudson company. Five have already been turned out of the order of fifteen.

DUNMORE DOINGS.

Lackawanna Telephone Ordinance Passed Two Readings in Council Last Night.

A development which caused some discussio and considerable surprise at last night's meet-ing of the borough fathers in the council chambers, was a motion made by Mr. Ward to commence legal action against the Scranton Railway company for not keeping the electric light dusters on North Blakely street in burning

The matter has been before council three time Mr. Payton remarked that he thought it would not do to be too hasty in the matter and sug-gested that General Manager Silliman be told the circumstances and asked to keep the lights burning, as a last resource. Upon a vote being taken the motion was carried.

The outcome of this matter will be watched with considerable interest. Another matter of been completed. The communication was re

Mr. Ward moved that the time limit for pay ing the assessments made upon the property owners for the sewer be extended from six mentlis to ten years, in order to allow the people time to pay their assessments. It was referred to the borough attorney in conjunction with council. Mr. Ward had an ordinance that had been passed by the Scranton councils granting an extension of time, and quoted the same as

Ordinance No. 82, giving the Lackawanna Telehone company the right of way through the orough was referred to the electric light committee, which reported favorably forthwith. One of the provisions of the ordinance gives the bor-ough the free use of eight telephones. After some spirited discussion by Messrs. Payton and Ward, the ordinance passed first and second

readings.

Ordinance No. 83, regulating the erection of poles in the borough, was read and referred to

he railroad committee.
Upon the reading of the minutes at the open ing of the meeting by Clerk Gilligan, Mr. Ward objected to the clause regarding the auditors' report, and made a motion, which was passed, referring it back again to the auditors.

The electric light committee, through Mr.
Ward, reported the arc lights as not being lighted at an early hour evenings. Councils instruct ed the committee to notify the company to rem edy the matter. The fire committee decided to purchase, with councils' consent, three dozen spanners for the fire department. The street commissioner was instructed to repair portions of Prospect avenue, Mortimer, Illoom and Jef-

INTERESTING MENTION.

The borough school teachers will meet in the high school building tomorrow morning at 0 o'clock. All teachers are requested to bring

o o'clock. All feachers are requested to bring their monthly reports with them.

The United Mine Workers held a meeting, full of interest to the members, last evening in Temperance hall.

The school board will hold a special session tomorrow night in their accustomed places, when the pay roll will be considered.

Clara Millet, of Binghamton, is a guest of triends in town.

An odorless, colorless liquid; powerful, safe and cheap. Instantly destroys foul odors and chemically neutralizes disease-breeding matter.

Especially prepared to meet the daily sanitary uses of the careful housekeeper; for purifying the waste pipes, water closets, sinks, cesspools, etc.; for sprinkling about the cellars, stables and all suspicious places where disease gorms lurk.

the waste pipes, water certain the cellars, stables and all suspicious places where disease germs lurk.

Sold in quart bottles only, by druggists and high-class grocers. Prepared only by Henry B. Platt, Platt street, New York.

THE MARKETS.

Wall Street Review.

New York, Oct. 4.—Today's stock market had to undergo the stress of realizing profiles which was the natural sequence of yesterday's successful manipulation for the advance. The dimensions of the upward movement were sufficiently impressive to attract a considerable outside demand for stocks and the first hour of the market saw very active trading with very small fluctuations in price after the opening, which was made higher to facilitate the taking of profits. The general demand was judiciously fed by the professional operators in order not to discourage the buying, but before the end of the hour an impression began to be made in the railroad list. When prices fell back to about last night's level the selling pressure was relaxed. The builts then turned their attention to other quarters. impression began to be made in the railroad list. When prices fell back to about last night's level the selling pressure was relaxed. The balls then turned their attention to other quarters of the market, bidding up prices actively wherever any signs of strength showed, in order to support the market and help on the realizing. They found the best field for these operations in the steel and iron group. Tennessee Coal and Iron was a feature. When the news was published therefore that the regular quarterly dividend of 2 per cent, had been declard a large short interest was badly caught and a violent recovery ensued. The first sale after the announcement was 2% points over the preceding sale. The stock ran off again in the final dealings but closed with a net gain of 3%. Sugar and People's Gas was very feverish all day as a consequence of the cut in Refined Sugar and the legal steps taken in the gas war in Chicago. With the exception of movements in some of the closely held dormant stocks the railroads continued singgish during the latter part of the day. The local traction tracks were strong and showed evidence of manipulation. The whole market ran off at the close, which was easy and quite active. Total sales, 423,500.

The hond market continued 'irregular and not very netive. Total sales, par value, \$1.180,000. U. S. new 4s declined '15 per cent. in the bid price.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed lecal remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Chency & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address,

SCRANTON'S SHOPPING CENTER.

Hosiery of Many Kinds To Suit All Purses.

We are told that there is no better stock in this city. We don't think there is another as good. A better stock than ours means greater assortment of all known-to-be-good kinds. The showing of fancy kinds is particularly large. This is to be a season of highly colored effects. Values, as always, a little better or much better than those found in stores generally. Just brief random notes of interest to men, women and children

Women's Stockings--25c a pair. Of fast black cotton, all black and black with unbleached feet or split soles. \$1.38 per half dozen. 39c a pair -- Lisle Thread Stockings in fancy printed designs, various colors. Value 50c.

For Men == 19c a pair. Black half hose with unbleached feet, unequaled for wearing qualities. \$1.00 per half dozen.

For Children==121/2c a pair. Ribbed fast black cotton for school wear and knockabout service. Double soles, heels, toes and knees.
