# Beginning of the End of the Strike Is Believed to Be at Hand.

## **MEETING TO BE HELD ON FRIDAY** SENATOR DEPEW

Joint Convention of Miners Will Assemble in Scranton to Decide Whether the Ten Per Cent. Increase Offered by Operators Shall Be Accepted-It Is Believed That the Deliberations Will Be Brief and That the Offer Will Be Accepted by Representatives of the Strikers.

Hazleton, Oct. S .- The issuing of the call today by President Mitchell, of the United Mine Workers of America, for a joint convention of the anthracite miners to be held at Scranton beginning next Friday, for the purpose of deciding whether to accept or to reject the ten per cent. net increase in wages offered by the operators, is a long step in the direction of bringing the great coal miners' strike to a close. Genuine satisfaction was expressed today by both miners and persons not directly connected with the coal induswy that the contest is approaching an end. Business throughout the entire anthracite coal field is practically at a standstill and it will take some time before normal conditions will again prevail.

It is believed the convention will not be a long one, as it is expected the strikers will almost unanimously accept the advance in wages. There is, however, a possibility that by the introduction of a proposition to abolish the sliding scale, and another to have the operators agree to a yearly wage contract, the termination of the strike might be somewhat delayed.

None of the operators who could be seen here today would have anything to say in regard to the convention call. Most of them preferred to wait and see what action the convention will take. Some of the local unions in various parts of the coal field have selected their delegates to the convention and many of them were in session tonight for the purpose. President Mitchell will leave here tomorrow morning for Shamokin, where a labor demonstration is to take place in the afternoon. On Wednesday he will go to Scranton to take part in a big mass meeting and parade of miners on that day and will remain there until the convention adjourns. Mr. Mitchell will then probably return to Hazleton.

President Mitchell at 1 o'clock today issued the following call for the Scranton convention, at which the practically unanimous offer of a tep per cent. advance in wages to all employes in the anthracite region will be considered:

### President Mitchell's Formal Call.

### THIN Temporary Headquarters, United Mine Workers, Hazleton, Pa., Oct. 8, 1900.

To All Members and All Mine Employes of the Anthracite Region: Brothers: In view of the fact that the mine operators have posted notices, offering an advance in the wages formerly paid, and believing it

our plain duty to consult your wishes as to our future actions, we deem it advisable to ask you to elect delegates to represent you in convention. You are therefore notified that a convention will be held in Scranton, Pa., beginning Friday, October 12, 1900, at 10 a.m. The basis of representation will be one vote for each 100 persons on

strike, or, if desired, one delegate may represent as many as 500 mine workers; but no delegates will be allowed to cast more than five votes. Each delegate should have credentials signed by the chairman and secretary of the meeting at which he is elected, and wherever possible credentials should bear the seal of the local union.

(Signed)

JOHN MITCHELL, President, U. M.W. of A. T. D. NICHOLLS, President District No. 1. THOMAS DUFFY, President District No. 7. JOHN FAHEY, President District No. 9.

## CAUCUS TO BE HELD.

## Mine Workers of the Wyoming Valley Will Arrange Programme for the Convention.

By Exclusive Wire from The Associated Press. Wilkes-Barre, Pa., Oct. 8 .- Meetings of local assemblies of the United Mine Workers were held in many places throughout the county tonight and

President Mitchell's circular, calling a convention to meet at Scranton on Friday, read.

Some of the assemblies had not ver received official notices of the call and will not take action until tomorrow.

The United Mine Workers of the Wyoming valley will be represented in force at the convention. They will probably hold a caucus before the convention meets and decide upon a programme. This is at the suggestion of the miners of Nanticoke, who as yet have not been notified by the Susquehanna company that their wages will be increased.

The employes of the mines at Nanticoke cannot understand the delay of Susquehanna company. At the office in this city the officials said this evening that they did not know what action the company would take in the matter. They could not say whether an increase would be offered their employes or not. Sentiment seems to be growing in this section that the convention will vote for a settlement of the strike on the basis of ten per cent. increase in wages.

The grievance committee, representing the engineers and firemen on the Wyoming division of the Lehigh Valley railroad, have returned from New re they conferred with the officials of the road regarding certain grievances which the men have complained of for some time past. orators By Exclusive Wire from The Associated Press Harrisburg, Oct. 8 .- Two thousand miners participated in a parade tonight at Williamstown, about half this number coming from Lykens, where the collieries are idle. About 300 mer at Williamstown went on strike today and more are expected to remain away tomorrow. The officials assert that tonight's demonstration will have little effect and they will be able to keep their collieries in operation.

Trouble is feared tomorrow, as the strikers seem determined to accomplish the closing of the Williamstown mines. Sheriff Reiff has a large number of deputies on the ground to prevent a possible collision between the strikers and non-union men.
