

FILIPINOS YIELDING

Mojica's Officers Are Surrendering to Americans.

THE SOLDIERS ON THE RUN

His Organization Being Broken Up. Men Captured Endeavoring to Escape—West Coast of Leyte in Turmoil—Manila Merchants and Harbor Improvements.

By Exclusive Wire from The Associated Press. Manila, Oct. 11.—The west coast of the island of Leyte is in a state of turmoil. The rebel leaders are actively plundering, raiding and attacking and then returning to the civilized towns while the Americans pursue in the mountains.

General Mojica's officers are surrendering, and his soldiers, attempting to escape to Zamboanga in boats, are being captured and his organization broken up. The captured men said, when questioned, that the 5th infantry, thirty Americans attacked forty-five rebels in their stronghold in the Camarin province, routed them and killed ten. Two Americans were killed and three wounded.

Twenty men of the Thirty-second regiment in an engagement on the 10th inst. in Bataan province had one man killed and four wounded.

The Philippine commission, of which Judge Taft is president, today passed eight bills of minor importance. One was for an increase of civil salaries of several of the municipal departments, including the navy school teachers, another provided for the organization of the mining and forestry bureaus, and a third appropriated \$7,000 in gold for the construction of a garbage crematory at Manila, while the fourth required the reorganization of the insular auditor's office.

Wright's bill asking for a million dollars in gold for the completion of Spain's plans for Manila harbor improvements elicited comment from the representative of Manila's International Chamber of Commerce. He said that, as the merchants had long been paying a special impost fund to that end, they should be represented on the board controlling the construction. The United States had collected \$3,000,000 in gold since the occupation by impost for harbor improvements. Accordingly he failed to see the necessity for the appropriation of insular funds and suggested the use of a special fund.

The discussion was deferred until Friday.

SERENADERS SHOT.

John White Fires Nails and Tacks at His Tormentors.

By Exclusive Wire from The Associated Press. Brunswick, N. J., Oct. 11.—John White, of Kingston, shot and painfully injured Thomas Sullivan and William Logan last night, while they, with a number of others, were tendering him a mock serenade. White, who is 27 years old, left town a few days ago with Mrs. Mary Tice, aged 74 years, with the avowed intention of marrying her. All the ministers and justices of the peace in New Brunswick had refused to marry the couple. The couple returned last night and said the ceremony had been performed. A crowd surrounded their house and jeered unmercifully. White loaded a shotgun with tacks and nails and fired into the crowd. Sullivan's body and arms were badly torn by the tacks and nails. Logan was hit in the head and nose and one of his ears were badly lacerated. The injured men were attended by a physician.

The crowd scattered for the time being, but when White left his house later he was attacked by a crowd of townspeople, who handled him roughly. He finally managed to escape and fled from the town. In addition to being 74 years old, Mrs. Tice, or White, is said to be deaf and partially blind.

Discussed by American Board of Commissioners at St. Louis.

By Exclusive Wire from The Associated Press. St. Louis, Oct. 11.—Attendance at the second day's session of the ninety-first annual meeting of the American board of commissioners for foreign missions increased today through the arrival of a number of belated delegates. Great interest was shown in the discussion of the mission work in China. After devotional exercises, Rev. Judson Smith, D. D., foreign secretary of the American board, read an interesting paper on "China, the Situation and Outlook." Dr. Smith's paper was followed by a general discussion of the subject.

Among those who spoke were a number of missionaries who passed through the recent outbreak in China. The speakers were Rev. Dr. C. A. Stanley, Rev. G. Henry Ewing, Rev. E. E. Aiken, Willis C. Noble, M. D., Rev. I. J. Alwood, M. D., missionaries of the North China mission; Rev. Henry A. Simpson, D. D., president, and Rev. Harlan F. Beach.

ROOSEVELT RECEIVES GRAND RECEPTION

Indianapolis Out in Holiday Attire to Welcome the Rough Rider.

By Exclusive Wire from The Associated Press. Indianapolis, Oct. 11.—Indianapolis, which is now holding its first fall festival, gave Governor Roosevelt tonight one of the greatest receptions ever extended in this city to a candidate for political honors.

From the crossing at Southeastern avenue up East Washington street to the court house, three-quarters of a mile distant, where he spoke to an immense audience, the sidewalks and thoroughfares were crowded with a mass of enthusiastic humanity, through which the procession moved with difficulty. Seated with National Committeeman Harry S. New, Governor Mount Roush Riders, then came Governor Roosevelt's carriage, followed by twenty other carriages, in which were many distinguished Republicans of Indiana.

The court house square and grounds and streets surrounding it were congested with a throng who greeted the governor's arrival with a storm of cheers, and as he alighted at the court house entrance cannon boomed salutes. At the close of the governor's speech, which was preceded by an introductory address by Captain English, Colonel Curtis Guild, Jr., of Boston, made an eloquent speech, which received profound attention. While the colonel was speaking, Governor Roosevelt was driven to the residence of Committeeman New, where he was the guest of honor at dinner. The evening was devoted to a parade, which will remain until 9 o'clock tomorrow morning, when the special will start out on the third day's itinerary of the Indiana tour.

MILDLY WILD TIME AT ANN ARBOR

A Number of Students Are Arrested for Disturbing a Bryan Meeting.

By Exclusive Wire from The Associated Press. Ann Arbor, Mich., Oct. 11.—There was a mildly wild time this afternoon when Mr. Bryan came to Ann Arbor. The students of the State university, who are in the city here, were at the meeting in large numbers and each one made his presence felt. A platform had been erected on the south side of the court house building and the entire south side of the square, as well as the adjoining streets, was covered with a solid mass of humanity, a majority of those nearest the stand being students.

Mr. Bryan had no sooner shown himself than the boys began a clamor which did not cease for ten or fifteen minutes. After Mr. Bryan advanced to the front of the stand the din continued, but it ultimately subsided sufficiently to allow him to begin. "I am glad to talk to you," he began, "if you are willing to listen." A few minutes passed, however, and the din was so loud that Mr. Bryan was unable to be heard. He was compelled to stop, and after this, while the interruptions were frequent they generally took the shape of questions. One of the questions brought out the explicit declaration from Mr. Bryan, "The democratic party is for the free owners of silver at the rate of 16 to 1 without waiting for the aid or consent of any other nation." By the time Mr. Bryan concluded the confusion had ceased entirely and he closed amid cheers.

At the time of the arrest of some of the students at Ann Arbor, Mr. Bryan's attention was not called to the fact and he did not know of it until after the close of the meeting. When informed of what had been done, he immediately sent the following letter:

Hon. M. J. Cavanaugh, Ann Arbor.
My Dear Sir: If it is true, as I am informed that some of the college boys were arrested for disturbing the meeting, please ask for their discharge. I am sure it was the result of boyish thoughtlessness and not malice.
W. J. Bryan.
(Signed)

Mr. Bryan discussed trusts, imperialism and the increase in the standing army and promptly gave answer to the many questions with which he was interrupted.

S., this forenoon, brought Captain Edgett and two survivors of the St. John schooner Wawbeek, who were rescued from their capsized vessel by men from the Prince Arthur early this morning. Hadley Edgett, son of the captain and steward of the schooner, was lost.

REPLY OF THE DEPARTMENT

Full Text of the Memorandum Sent to France.

DEMANDS MADE ON CHINA

Attitude of the United States—The Punishment of the Guilty Parties Responsible for Affairs at Peking. The Continuance of Interdiction Against Importation of Arms Are Among the Things That Will Be Insisted Upon.

Washington, Oct. 11.—The reply of the state department to the French note relative to the haste of Chinese negotiations, was made public tonight. It reads as follows:

The secretary of state to the French chargé d'affaires (Sent to M. Thibault, Oct. 10, 1900):

MEMORANDUM.

The government of the United States agrees with that of France in recognizing as the object to be obtained from the government of China the appropriate reparation for the past and substantial guarantees for the future.

The president is glad to perceive in the basis of negotiation put forward in the memorandum of Oct. 4, the spirit which has animated the Chinese government from the beginning and which would be pleased to see the negotiations begun immediately upon the usual verification of credentials.

It is an object of the United States to see the memorandum and to add some observations dictated by the attitude of the United States in the present circumstances.

The punishment of the guilty parties who may be designated by the representatives of the powers at Peking.

The Chinese government has already indicated its intention to punish a number of those responsible for the recent disorders.

The representatives of the powers at Peking may suggest additions to that list when negotiations are entered upon.

The continuance of the interdiction against the importation of arms.

It is understood that this interdiction is to be permanent, and the duration of it is not the subject of its regulation or a proper subject for discussion by the negotiators.

Equitable indemnities for the governments, corporations and private individuals who have suffered by the recent disorders.

The Russian government has suggested that in case of protracted divergence of views this matter might be commended to the consideration of an international court of arbitration at Hague.

The president thinks this suggestion worthy the attention of the powers.

The organization in Peking of a permanent council for the East.

The government of the United States is unable to make any permanent engagement of this nature without the authorization of the legislative branch, but in the present emergency we have stationed in Peking an adequate legation guard.

The disarming of the forts at Taku.

The president reserves the expression of his opinion as to the propriety of sending a delegation of further information in regard to the situation in China.

The military occupation of two or three points on the coast from Tien Tsin to Peking.

The same observation which has been made in reference to No. 4 applies also to this proposition.

The president does not desire to commit the United States to a permanent declaration of such a nature, but he thinks it desirable that the powers shall obtain from the Chinese government the assurance of their right to guard their legations in Peking and to have the means of unrestricted access to them whenever required.

The president believes that the governments of France and the other powers will see in the reserve we have here made no obstacle to the initiation of negotiations on the lines suggested and he hopes it will be found practicable to begin such negotiations at an early day.

MR. STEVENSON IN MARYLAND

Royally Welcomed by the People of Harford County—His Remarks.

By Exclusive Wire from The Associated Press. Bel Air, Md., Oct. 11.—Right royally did the people of Harford county, with out regard to party, welcome former Vice-President Stevenson at the Bel Air fair grounds today. Perhaps never in the history of the society has there been such an outpouring of people. Mr. Stevenson said in part:

"I have never had the pleasure of addressing the citizens of this great commonwealth. I cannot tell you how greatly the state of Illinois, my home, is indebted to Marylanders, who assisted in building up the reputation of the great warrior statesman of the world."

Referring to the present campaign, he said:

"In all the political contests of the past three years there was but one supreme issue upon which the election hinged. The great question today is whether we are to have a government of the people or a government of the money."

He reviewed the events which led up to the Cuban war and to the acquisition of the Philippines as a result of the conflict.

"The question to be decided at the coming election is, 'Why this war in the Philippines?' The Philippines never did us any harm. There are 10,000,000 people there and there are 1,200 islands. Why are we prosecuting this war today? There are those who will tell you that there is not a man who will tell you that there are no such things as trusts."

COLONEL QUAY HONORED.

Big Demonstration at Mt. Pleasant Last Night.

By Exclusive Wire from The Associated Press. Mt. Pleasant, Oct. 11.—Colonel Quay and his associates had every reason to feel proud of the demonstration in their honor tonight. The party was escorted from Scottsdale by a large delegation of citizens, and the line of march from the station to the Hotel Jordan was ablaze with red fire, with fully twenty thousand spectators, including delegations from Scottsdale and Greensburg.

The indoor meeting in the opera house, booked for 7:30, was delayed an hour by the excessive crowd. Colonel Quay was introduced by Chairman King and spoke briefly, in a reminiscent vein. There is a new colony of Poles in this section, and the senator closed his speech by calling the colony's attention to the Republican principles of his ancestors. Governor Stone preface his remarks by thanking the citizens for their share in his election two years ago. The governor was well received and his speech touched upon the issues of the day in a practical way, which shed many wise lights with the audience. Hon. John S. Wise, of New York, and Mr. Fairless, of Virginia, also spoke.

CORPORATIONS CHARTERED.

By Exclusive Wire from The Associated Press. Harrisburg, Oct. 11.—Charters were issued at the state department today as follows: Allegheny Valley bank, Pittsburgh, capital \$500,000; Connecticut Gas company, Connecticutville, capital \$50,000; New Castle Ice and Cold Storage company, New Castle, capital \$1,000.

WARM RECEPTION FOR MR. QUAY

The Senator Is Given a Rousing Welcome at Scottsdale—Speeches of the Day.

By Exclusive Wire from The Associated Press. Scottsdale, Pa., Oct. 11.—Between 4,000 and 5,000 enthusiastic Republicans demonstrated here today. Owing to a wreck on the southwest branch near Valley mines, Senator Quay and his party did not get here until noon. A reception was held for the distinguished party at the Hill house, which was well attended. When the speaking began at 6 o'clock every available foot of space around the speakers' stand was taken up. Hon. John R. Byrne was chairman and made short work of his introduction of Senator Quay. Mr. Quay spoke briefly but with apparent effort, and after thanking the audience for their reception accorded him, he retired and in a few minutes was compelled to leave the stand and go to the hotel. Senator Fairless, of Virginia, was the next speaker. He spoke at length on the benefits that have followed the incoming of the present Republican administration. The senator was repeatedly interrupted by some one in the crowd, and his cutting answers made him solid with the audience.

WHAT MINERS WILL DEMAND

Wilkes-Barre Assembles Instruct Delegates to Convention.

MITCHELL'S INFLUENCE

The Speech of the Labor Leader in Scranton Undoubtedly Had an Effect in Inducing Miners to Make Sweeping Demands, Which the Operators Say Cannot Be Granted. Individual Operators Are in Sore Straits.

By Exclusive Wire from The Associated Press. Wilkes-Barre, Oct. 11.—The Wilkes-Barre assemblies of the United Mine Workers held meetings today and instructed the delegates to the Scranton convention to insist on the following demands:

1. Recognition of the union.
2. Powder reduced to \$1.50.
3. Ten per cent. general advance.
4. Two weeks' pay.
5. Check docking boss.
6. A contract signed by the companies agreeing to the above, to hold good for one year.

The instruction of the delegates comes in the nature of a surprise, as it was expected they would be allowed to use their own judgment after taking their seats in the convention and learning the sentiments of the other delegates.

President Mitchell's speech at Scranton yesterday, in which he stated the 10 per cent. increase in wages offered by the companies was not enough no doubt influenced the strikers in the Wyoming valley to a more or less extent.

The representatives of the big coal companies here when shown the list of grievances, which the miners of the Wyoming valley insist upon, the convention enforcing, said there would be no settlement of the strike on such a basis. They say the demands are not sweeping and that the companies could not think of granting them.

The individual operators say any further concessions than those offered are out of the question. They claim that with a 10 per cent. increase and no reduction in carrying tolls they will have a hard time making ends meet.

One individual operator said President Mitchell will make the mistake of his life if he does not use his influence with the delegates and have them accept the offer made by the operators.

TROOPS FOR ONEIDA.

General Gobin Issued Orders for the Governor's Troop to Leave for That Place Last Night.

By Exclusive Wire from The Associated Press. Shenandoah, Pa., Oct. 11.—General Gobin, Major Farquhar, Captain English, Sheriff Toole and Deputy Sheriffs Brennan and Toole left here in two carriages for Oneida at 6 o'clock today, so as to arrive at Oneida before daybreak. The general says he does not anticipate any further outbreak at Oneida, but that the people there are nervous and excited since the rioting occurred, and he thinks the presence of the troops will have a pacifying effect.

SHAMOKIN DELEGATES.

Will Demand Ten Per Cent. Increase and Semi-Monthly Pay.

By Exclusive Wire from The Associated Press. Shamokin, Oct. 11.—Forty delegates from Springfield, Locust Gap and Mt. Carmel left here for Scranton this evening, accompanied by a few from this place. By morning it is expected President John Fahy, of the Ninth district, and the full delegation from Northumberland, Schuylkill, Columbia and Dauphin counties will be in the convention hall. The Lykens valley men will demand the ten per cent. increase, semi-monthly pay and the price of powder reduced, the latter not to come out of the advance in wages. The Shamokin valley men also want the same, together with the abolishment of the Reading's sliding scale, and recognition of the union. The Centralia and Schuylkill valley delegates will make their great fight for the abolishment of the sliding scale. Everything remains quiet between Trevorton, this place and Mt. Carmel. It is generally believed by miners here that the convention will not end the strike, the miners fearing that the operators will not even guarantee the ten per cent. increase for one year. If they don't, the Shamokin men say they will remain away from the mines all winter.

PERILOUS EXPERIENCE OF THE NATIONAL UNDERTAKERS' ASSOCIATION.

By Exclusive Wire from The Associated Press. Colorado Springs, Oct. 11.—Pike's Peak was the scene of a perilous adventure that befell the delegates to the national conference of undertakers, the party of 200 persons, including many of the wives of the delegates, as they escaped in a terrific storm that swept over the mountain side. Many of the weaker persons were partially overcome by the cold and blinding snow.

TROUBLE AT CLEVELAND.

By Exclusive Wire from The Associated Press. Cleveland, Oct. 11.—As a result of a demand for the dismissal of the non-union engineers and firemen on the steamer Mazon, the manager of the Cleveland rolling mills discharged a gang of 200 dock laborers today. The men are members of the Longshoremen's union and trouble is anticipated.

PARLIAMENTARY ELECTION.

By Exclusive Wire from The Associated Press. London, Oct. 12, 3 a. m.—In the pollings in the parliamentary general election yesterday the Ministerialists gained two seats, making their total gain 3, as against 29 for the opposition. The constitution of the new house thus far is as follows: Ministerialists, 374; opposition, 225.

Weather Indications Today, FAIR.

EVE OF THE CONVENTION

Talk with Reference to What It Will Do Is Plentiful.

NOTHING DEFINITE KNOWN

President Mitchell Has Carefully Refrained from Saying Anything That Would Throw the Slightest Glimmer of Light on What Today's Gathering Will Do—He Issued a Statement on the Subject Yesterday Which Contained Nothing of More Importance Than the Fact That the Convention Will Be Free from Passion or Excitement.

Opinion was as much divided last night on the probable outcome of today's convention of miners as it was the day the call was issued. Some argue that the ten per cent. offer will be accepted as it stands; others contend it will be accepted if a little more is added to it, and others still are holding that the proposition will be flatly disapproved.

Those who hold to the first view of the case reason thus: President Mitchell has carefully avoided saying that the offer was not acceptable. He has emphatically said it is not satisfactory, but he was always careful to join with this statement a "but" to the effect that the miners must not expect to have all their grievances redressed at once. It will also be noticed that the matters which make the offer unsatisfactory in his eyes are not so vastly important.

Mitchell's emphatic declarations of his dissatisfaction with the offer are only what a diplomat, such as he proves himself to be, would be expected to make under the circumstances. It is just what he naturally would do if paying the way for an acceptance of the offer. The effect these declarations will have on the strikers is of no moment. The convention will do as he bids. What he wants is to have the operators to understand that if the offer is accepted it is accepted under protest, so to speak, and that more concessions must be forthcoming later.

SOFT COAL CREEPS IN.

Schuylkill Valley Industries Will Not Return to Anthracite.

By Exclusive Wire from The Associated Press. Reading, Oct. 11.—Very little coal is being sent down the Philadelphia and Reading railroad. Now and then a few cars are noticed in the freight trains going south. Never before was there so little anthracite coal in the Reading company's yards. The shovels outside a few hundred cars held at Tannock and Cressona, are entirely bare of coal. This coal it is understood is subject to the order of the management of the company and is held as "emergency" coal. This represents about one-eighth of a full day's mining, were the collieries on full time.

The Schuylkill valley's industries which have in the past used hard coal, are now stocking up on soft coal. It is doubtful whether some of these mills will go back to the use of hard coal at the end of the strike.

MR. STEVENSON AT BALTIMORE.

He Is in Good Health and Is Confident of Democratic Success.

By Exclusive Wire from The Associated Press. Baltimore, Oct. 11.—Adlai Stevenson, candidate for the vice presidency, arrived in Baltimore this morning. He was accompanied by Judge Wm. M. Springer, of Illinois. Said Mr. Stevenson:

"I am feeling in splendid health, and I am confident of Democratic success. Already I have spoken in three or four states and my reception everywhere has been cordial and the enthusiasm pronounced. The people are alive to the issues of the campaign and in my personal talks with the representative men of the localities I have visited there is every cause for satisfaction with the outlook for victory in November."

I have great hope of Maryland being restored to the Democratic column, where she really belongs, and it is with pleasure I now have the opportunity to meet her people. I intend doing my share in aiding to bring the state back into line.

In West Virginia there is splendid organization among the Democrats and their leaders are working hard for success next month. The situation in my own state, Illinois, is rapidly assuming satisfactory shape and our forces are growing in wonderful fashion. We are exceedingly hopeful for the outcome.

At 11:45 o'clock Mr. Stevenson and party left on a special train over the Baltimore and Lehigh railroad for Bel Air, where the vice presidential candidate spoke to the people at the county fair.
