信昌言俍

[^0]:    If any one has any doubt as to what can be done in Scranton，they should have been here with the big throng in our store Saturday．It was a wonderful sight to be－ hold．From every vantage point one beheld a vast sea of faces．More people were
    crowded in an acre of floor space here Saturday than have ever before been assembled in Scranton．We have not heard a murmur of dissatisfaction．The show goes away beyond the expectation of every enthusiast．And it is really a wonderful exposition．
    Worthy your attendance as often as you can be here．
