# THE SCRANTON TRIBUNE-WEDNESDAY, OCTOBER 24, 1900.

# MONTROSE.

Special to the Scranton Tribune.

Montrose, Oct. 21 .- The undivided attention of a large proportion of our male population is now given to the political campaign. There is no apathy in either party in Montrose. If anything was needed to arouse the party spirit of Republicans it has been furnished by the fusion deal entered into by the county Bryanites and anti-Quay Republicans to defeat the Republican legislative candidates. To dicker with the enemy in such an important campaign as the present one is something but few Republicans in this place would do, and many of the most earnest independent Republicans condemn and will repudlate at the polls the action taken by a few of their colleagues. If the fusion movement makes no more headway in other parts of the county than it is making

at the county seat, then it is doomed to crushing defeat on Nov. 6,

A Bryan and Stevenson club has been formed in this borough and headquarters have been opened in rooms over the postoffice. The club held a small, but enthusiastic meeting last evening. George Mack, of the Republican

force, is the guest of friends at Candor, N. Y., and will visit Binghamton relatives before returning home. Station Agent Bast and family have returned from a ten-day vacation spent with relatives in Luzerne and

Bucks counties. Colonel Ovenshine, of the United States army, lately returned from active service in the Philippines and now stationed at Washington, D. C., has been visiting his cousins, Mrs. E. H. True and Mrs. J. F. Cooper, in this place.

Rev. Theodore T. Munger, D. D., of New Haven, Conn., is visiting at the home of his brother, E. P. Munger, in this place. Miss Blennie M. Bunnell, of Rush,

was the guest of Montrose friends on Friday and Saturday. Norton S. Fancher, of New Milford,

has accepted a position in the ton-sorial parlors of Henry Smith, in this place.

The Young Men's Christian association was addressed this afternoon by Rev. Haskell B. Benedict, pastor of the Methodist Episcopal church, on the subject, "The Devil." Mrs. William Scott, a missionary

working among the colored people of the south, spoke interestingly of her work at the Baptist church this morning.

Len. R. Titsworth and sister, Lillian, have returned home from a few days' visit with relatives in Susquehanna. Our local sportsmen were out scouring the neighboring woods every day last week and most of them report , excellent luck in bagging game. Squirrel dinners are now much in vogue in Montrose.

Four Brothers' post, No. 453, G. A. R. of this place, underwent its annual inspection Friday evening by Assistant Inspector O. M. Doloway, of Brooklyn. Previous to inspection the mess chest was opened and the comrades and a few guests partook of a fine repast. Miss Susan E. Warner has entered

Ditchburn, of Carbondale, were the guests of Miss Blanche L. Whitney over Sunday, Mr. and Mrs. Clarence Seeley, of Denver, Colorado, are the guests of Mrs. C. A. Courtright. Manager Silverstone has secured Elijah Allen's Ancient and Modern

Serenaders to appear at the Honesdale Opera House November 2. Further announcement in due time. Conductor Hubbard's Carbondale

train arrived this morning in time to connect with the Eric morning train for New York. When Conductors Hubbard and Knopp greeted each other and clasped hands, the first through connection of the Delaware and Hudson and Erie passenger trains was made. It will certainly be a boom for both railroad branches and supply a long-felt need to the traveling public.

Pittston, Oct. 23 .- A cleverly contructed piece of mechanism was received here today by John S. Ma-loney, of Fulton street. It was a model of a United States cruiser, and was constructed during the leisure moments of George Bartlett, of Hughestown, who is serving a term of imprisonment in the Eastern penitentlary, having been convicted of manslaughter by a Luzerne court. Mr. and Mrs. Henry I. Evans left

today for Philadelphia, where the latter will undergo an operation in a hospital at that place. The West Pittston borough council

will have a half dozen lights of the Welsbaugh gas system placed in the borough, for the purpose of giving this system of street lighting a test. During the exceedingly dry spell of the past few months, the swamp to the west of Sturmerville has become thoroughly dried out. The bog extends to a depth of thre feet and has been set afire by persons mischievously inclined, until now it is burning fiercely, especially beneath the surface. The roots of many fine trees have been thereby burned off and every day finds a half dozen or more of the trees suddenly toppling over. On Monday the painters employed by Joel Brenton, of this city, quit work because two of the employes were not members of the painters union. This evening a committee from the Pittston branch of the Central Labor union walted on Mr. Brenton in the hopes of having the dif-

mass meeting. Rev. J. W. Malone, formerly assistant priest at St. John's church in Susquehanna, but now assistant at Green Ridge, will sail for Rome, Italy, next week to take up a course of advanced studies and to remain abroad for three or four years. Mr. and Mrs. Charles Bliss, of Car-

bondale, are visiting Susquehanna relatives. Burgess Joseph P. McMahon, of this place, has purchased the team of horses of the Mechanics' Hose com-

Prior to the arrival of the governor there will be a big flag parade and addresses by noted speakers. There will be a special train on the Jefferson division of the Erie, which will bring hundreds from Carbondale. Forest City and intermediate points. It bids fair to be a big day in

terian church will give a "Red, White and Blue Supper" in the parsonage on Friday evening.

The first of a series of popular hops will be held at the Starrucca House on Friday evening. Music will be furnished by Professor Pierce, of Binghamton

The attempt of certain disgruntled and disappointed individuals in Wayne county to array the farmers of the district against Congressman Wright has failed miserably. The farmers stand by Mr. Wright, for they will know that he has always stood by them. He will go back to congress with an overwhelming majority.

Thursday to greet Mr. Bryan. Mrs. Mary L. Blakeslee and son, Elbert, are visiting Mrs. D. Post Jackson at Binghamton.

The rooms of the McKinley and Roosevelt club of this place were

crowded last evening by interested voters, and one of the most successful meetings of the campaign was held. The speakers were S. Bruce Chase eso., of Hallstead, and William A Skinner, of Susquehanna, Mr. Chase spoke first and but briefly. In a few words he outlined the several issues of the day and made and earnest and eloquent plea for Republican success. He was followed by Mr. Skinner, who delivered as comprehensive and convincing a Republican address as the voters of this county have listened to this fall. It was a masterly presentation of facts, from which the speaker deduced his arguments in a most forceful manner.

Leonard Tyler and family, of Spring Hill, Bradford county, are visiting relatives in this place.

James Reed Injured.

Mr. James Reed struck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and two and a half gallons of whisky in bathing it, but nothing gave any relief until he began using Chamberlain's Pain Baim. This brought almost a complete cure week's time and he believes that had he not used this remedy his leg would have had to be amputated. Bishop Foss preached a brilliant sermon, fulliof encouragement. The text was from Esther, 4:10. "Who knoweth whether thou art come to the kingdom for such a time as this?" The sermon was a comprehensive review of Christianity, its history and its possibilities from an optimistic standpoint.

At the end of the first century there were five millions of Christians. At the end of the tenth century, fifty millions; at the end of the fifteenth, 100 millions; at the end of the eighteenth, 200 millions; at the end of the nineteenth, there are 500 millions.
