### PERSONAL.

On Monday a daughter was born to Judge at Mrs. J. P. Keily, of Madison avenue. Mrs. E. P. Gross and daughter, Gertrude, let yesterday morning for New York to attend th marriage of Mrs. Gross' sister

Mr. and Mrs. William Van Wormer, of Po Jervis, are visiting at the home of their daughter, Mrs. Adel More, of Ridge Row, Lieutenant Colonel B. R. Russell, who is

charge of the marine recruiting district which ombraces Pennsylvania, Delaware, New Jersey and Ohio, was in the city yearerday, paying his weekly visit to the local station. Percy R. Frutchey, the well known trick ey

clist, of this city, was married in Brodklyn, N. Y., Oct. 4. to Miss Macline Hummell, of Eric, Pa. The ecremony was performed by Rev. Theodore Baker, D. D., pastor of the First Baptist The wedding of Dr. Henry Halpert, of Linden

street, and Miss Evaline Morris, of Washington avenue, will take place today noon. It will be solemnized at the Scranton Bicycle club house and will be of a private, family nature. Rev. Dr. Salzman, of Wilkes-Barre, will be in charge of the services., as the local congregation is at present without a minister. Dinner will be served at the conclusion of the ceremony, and Bauer's orchestra will be in attendance.

The wedding of Winfield Hartley Fellows, of Philadelphia, and Miss Frances Belle Kennedy, of 534 Adams avenue, will take place today at the Elm Park Methodist Episcopal Dr. C. M. Giffin, pastor of the church, will perform the ceremony. Mr. Fellows is the son of John II. Fellows, of West Scranton, and is very well known in this city, while his wifeto be is a popular young lady of the central city. At the close of the ceremony the couple will leave for Washington, D. C.

### BUSINESS BULLETINS.

Board of Trade to Keep in Touch with All Moving Industries.

The board of trade at its last meeting decided to subscribe for the ousiness bulletins of the Twentieth the first report was received yesterday by Secretary Atherton.

The bureau clips from all the papers which it receives all articles announcing the desire or intention of any manufacturing company to remove its plant from its present location to an-

From these every other day are compiled bulletins giving the name of these industries and their location. These bulletins offer most valuable information to any board of trade or other organization desirous of locating industries.

The bulletin received yesterday, for instance, contained a list of over twelve industries desirous of changing their present location. With the following five of these, the secretary has opened up communication: W. J. Thompson, of Albany, Wis., linen factory, employing 150 hands; Saucomy Shoe company, of Kutztown, Pa.; Marletta Iron Works, of Marietta, Wis.; Fulton Bedstead company, of Fulton, N. Y.; Nupmuck Paper Box

company, of Spencer, Mass. Secretary Aetherton says that he is enabled in this way to procure information which it would be absolutely impossible to obtain in any other way. He desires to state that the informa-tion contained in these bulletins may ad from him by any of the small boards of trade up or down the val-

## LIFE-SAVING EXHIBITION.

Order of Exercises to Be Given After the Parade.

The following order of exercises will be carried out by the Life-Saving corps of the William Connell Hose company, under the direction of Captain S. A. Simrell, at the conclusion of this afternoon's parade, about 3.45 o'clock:

1. Building a chain of ladders to roof by Alplanalp, Fred Sullivan and Ernest Simrel. Alplaralp, Fred Sullivan and Ernest Sinuel.

2. Making rescue from roof standing on sills,
J. A. Fincke and William Reilly rescuing Walter Quick, J. Murray and B. J. Burke.

3. Taking line of hose to roof standing on sills,
Walted Alplanalp and John Connell.

4. Rescue from fourth floor, standing on sills,
William Reilly rescuing Walter Quick, J. Murray
and J. McGraw,

5. Rescue from roof with chain ladders, J.
Fincke, Will Reilly and John Connell rescuing
B. Burke, W. Quick, Ernest Simrell, John MeGraw, Walter Alplanalp, Fred Sullivan and J.
Murray.

Murray.
6. Rescuing comrades by use of life line, by Burke and Fred Sullivan.
7. Using life line gun as means of rescue

Captain S. A. Simrell.

8. Rescue with ordinary ladder showing hos to carry down an insensible or disabled person 9. Raising a large ladder to roof.
10. Showing how life net is used as 2 means of rescue. Will Relly, Fred Sullivan, Walter Quick and Lieutenant John McGraw will jump from the third floor and Richard Farrell will

The exhibition-will be given at the Raub building on Spruce street.

#### **GRIER JURY HAS NOT YET AGREED**

Went Into Court in the Afternoon and Asked to Have Portions of the Testimony Read.

Up to a late hour last night the jury in the case of James J. Grier had not reached an agreement. It retired at 3 clock Monday afternoon. About the court house yesterday the

opinion was quite general that there

would be a disagreement. Late in the afternoon the jurors sent note to Judge Edwards, informing him that they wanted certain portions of the testimony read to them. He had he jurors brought into No. 2, where he portions with reference to the leter that Harris sent to Grier were read to them at their request by Stenog-

rapher Willis Coston. Judge Edwards nade no comment whatever. It is with reference to this letter that the case largely turns. The letter is undated, but Grier alleges that he got on May 8 and in response called on Harris on May 9 and received the \$40. The detective avers that the letter was not written until May 11, which would destroy the theory that when Grier got this letter he conceived the plan of trapping Harris and went to the Rulolph and accepted the money.

#### NOTHING HEARD OF BRADY DIAMONDS

Men Who Stole Them Seem to Have Made Good Their Escape-The Empty Casket Found.

No clue has been as yet found by he police to the identity of the thieves the Monday night secured such a rich aul of jewelry at the residence of C. ). Simpson, on Olive street, where a asket containing over \$1,500 worth of damonds, belonging to Mrs. H. H. of laws made necessary to properly curb crime and keep the lawless ele-

easket itself was yesterday ound in McKenna court, where the burglars had thrown it, but, with this exception, nothing whatsoever has been yet found which revealed any traces of the route taken by the unwelcome visitors, after they left the

Chief Robling expresses himself of the opinion that the method used by the burglars was similar to that of two years ago, when several houses in the "hill" section were pillaged.
"There is no doubt," said the chief yesterday, "that the burglar or burglars, left the house via the front window, in the second floor, and it is very likely that this was also their

mode of ingress."

It may have been, however, that the intruder slipped into the house during the afternoon by one of the rear doors, hurriedly ascended a flight of steps in the rear of the house, and then secreted himself in a hiding place until Mr. and Mrs. Brady were at dinner. Then, it was only the work of a minute to enter Mrs. Brady's dressing room, snatch the jewel case and station himself at the window, wait until the streets were clear of people, and then to hurriedly descend o the ground, via the porch pillars,

The patrolmen on the beat Monday night noticed several peculiar-looking chalk marks directly in front of the Simpson residence, all of which were of a uniform shape and size. They are of the opinion that this was done by the burglars.

### MEETING OF UNION LEAGUE.

At a meeting of the Union league, last night, a committee was appointed by President Walters to make arrangements for the great Republican demonstration Monday night, when a mass meeeting will be held at the armory, at which Congressman Littlefield, of Maine, will be one of the speakers.

The committee, which consists of George W. Marshall, jr., Louis B. Car-Century Press Clipping Bureau, and ter, Thomas Brooks, Thomas McGinnis and T. J. Reynolds, will meet this morning. The league last night decided to attend the Republican mass meeting which will be held tomorrow night in South Scranton.

Several new members were last night admitted to the association, and this raises the membership to almost two hundred and fifty.

### REMEMBER THE HOME.

Thursday will be donation day at the Home for the Friendless. The institution is crowded; provisions and supplies were never needed as much as now. The funds are very low; the necessities are great. Every comfortable household can send some gift, great or small. If nothing more can be done, friends can attend this evening's entertainment, where a little addition to the cash donations may be made in the silver offering.

Miss Ross, a brilliant entertainer, Mrs. H. H. Brady and Bauer's orchestra will provide the programme,

### Postponed Until Friday.

The organ concert to be given in Elm Park church in aid of the Galveston relief fund, by Mr. Huffmaster, of the Conservatory faculty, has been postponed from Thursday evening to Friday evening of this week, on account of another benefit concert on the same

## DR. LANSING'S STRONG WORDS

HE TELLS ABOUT MUNICIPAL CORRUPTION.

Rev. Dr. Isaac J. Lansing, pastor of the Green Ridge Presbyterian church and president of the Men's union, has the reputation of not being afraid to speak his mind out boldly when it comes to the discussion of corruption in public and official life, and he certainly lived up to this reputation last night when he addressed the City Christian Endeavor union in the North Main Avenue Baptist church on "Practical Religion in Municipal Reform." He has been one of the leading spir-

#### NOTED SPEAKER SECURED.

Hon. S. S. Vreeland, of New York, Will Be Heard Here.

The Republican county committee yesterday received an acceptance to the invitation extended Hon. S. S. Vreeland, of New York, to deliver three addresses here next week, beginning Thursday.

Mr. Vreeland is one of the most noted campaign orators in the Empire state. He has been assigned by the national committee to work in New York city, and delivers addresses there almost every night. He is a newspaper correspondent, and an ex-mayor of Jersey

#### **WOMAN ALMOST BURIED ALIVE**

Mrs. Michael Cabbos Was Yesterday Afternoon Engulfed in a Sudden Cave-in on Ferdinand Street.

A sudden cave-in almost resulted in the burying alive of Mrs. Michael Cabbos, of Ferdinand street, yesterday afternoon. Mrs. Cabbos was walking in the rear of her home, when she suddenly stepped into a small hole, only a

## WE MUST HAVE FOUR YEARS MORE OF IT.

Alderman Myron Kasson, of the Ninth ward, when asked by a Tribune man for his views as to why McKinley should be re-elected and the Republican party retained in power answered:

"Because it has taken the country from a period of great depression and has made it more than prosperous. It has encouraged enterprises, brought out hidden capital-whereby industries have been started until all laboring men are offered employment, with an increase of wages.

"It has brought prosperity to all classes of people-particularly the farmers, who have been enabled to pay off mortgages and the same money has been used in purchase of the bonds of European governments, a thing unheard of under a Democratic administration. +

"It has made all nations of the earth to respect and fear the Stars and Stripes. Under its influence the government is more vigorous, the people more patriotic, credit firmly established. "The prosperity of the nation is marvelous and the record made

by the Republican party for the last four years demands that it direct the affairs of the United States for another term." \*

ts in the reform movement now agi- few inches in diameter. Just as her tating this city and he made bold as- foot slipped the cavity suddenly ensertions last night regarding the cor- larged, and in a moment she was enruption which, he says, exists in this gulfed in what had become a yawning

how the blending of the practical and the earth which crushed her down, spiritual makes a man's life what it should be. He said that while things by. may be judged by many standards, that, nevertheless, back of them all is standard.

He emphasized the fact that a theoretical religion is absolutely useless unless it shows itself in right jaw to tell about his religion," said he, the head. "I don't want to hear him, but if he is practically pious I will listen to him

After discussing at some length the the citizen of a large city such as mian. Scranton, he told of the great number nent in check. Continuing, he said:

TO KEEP DOWN THE BAD. A good law is, in my opinion, a good thing o keep down the bad. I believe that nearly all he law passed by the legislatures of the Christian commonwealths of this country are good laws. There may be some defective laws in some states, but not in Pennsylvania in our time. When laws are made it is the practical of right-minded Christian men to see

that they are kept. When a man lives indifferently and carelessly there corruption flourishes and raises not his hand or voice to render assistance in seeing that existing laws are enforced that man, say, is not a Christian.

Municipalities need a good deal of reform and good deal of it is needed in Scranton. One of the first things that has to be done in this city is the deliverance of a great mass of the people out of the ignorance in which they are now dwelling. They have been, and are being, lyrannized over by a certain class of political bosses who make them think that they (the bosses) have rights which they have not at all.

These people are being forced by ward constables to pay a certain amount because the constable leads them to believe that he can protect them if they violate any of the written laws of the state. This ignorance that prevails is reflected in the men these people send to council to represent them.

THE GRIER CASE.

Last week upon the witness stand an ex-president of the common council of this city, who has represented his ward for twelve years, and who was on trial for bribery, couldn't state one English sentence that a child of twelve could not have corrected for its bad grammar. He couldn't speak grammatically to save his life. A man who cannot speak an English sentence correctly ought to be reformed out of the city and should not be sent to councils.

The vast amount of crime in this city may be traced largely to the corruption of the constabulary. The constabulary is so thoroughly de based that when we wanted to arrest the keepers of gambling houses there were only two onstables in the entire city we could trust and we had to have some of our own agents to do the work. A policeman of this city standing right in front of the building where the arrests were made refused to assist us when asked to. The constables of this city are such great riminals that they are not only not fit to arrest mybody, but should be arrested themselves, nany of them, and sent to the penitentiary They come before the court every few months and swear that there are no violators of the liquor law in their wards, while they are collect-

#### CONTROLLER TO SIGN WARRANT

Believes He Is Not Expected to Pay Expense of Fighting Application for a Mandamus.

City Controller Howell has decided to sign the warrant for \$1,000, being the first payment on the lots purchased by the school board from P

McNally, of the Sixth ward. The school board on Monday night directed its attorney to go into court and apply for a mandamus compelling

the controller to sign the warrant if he persisted in refusing to do so. The controller said yesterday to a Tribune man that he believed court would grant such a mandamus unles he fought the granting of it and to do this would mean that he would have to go to the expense of engaging a lawyer. He believes that while it is his duty to prevent as far as possible the payments of any excessive bills by either the city or the school district, that nevertheless he cannot be expected to dive down into his own pocket to pay for the taking of cases

into court. He said that very little public interest has been taken in his endeavors to prevent the paying of this 'exorbitant bill," as he terms it. Should any taxpayer or taxpayers assure him that they would be willing to bear part of the expense of fighting the application for a mandamus might feel constrained to see the matter through, but as no one has evinced such a desire, he will undoubtedly sign the warrant.

The arguments of the two viewers appointed by the building committee regarding the extra expense of hiring innexes and the impossibility of obaining such annexes if the Corcoran property were purchased, appear to he controller to be reasonable enough but he is still firm in his conviction that \$4,300 and the school property is too much to pay for the McNally lots.

WILD DASH OF TWO CARS.

#### Ran Away on the Mountain Side and Crashed Into a House. Two empty flat cars ran away on the

Spring Brook Water company's branch road, early yesterday morning, and after dashing down the mountain for seven miles, jumped the tracks at a curve on the outskirts of Moosic, ploughed through a field for a distance of about a hundred feet and brought up against the corner of a dwelling house, occupied by C. S. Broadhead and

owned by Mrs. T. I. Grover. The momentum was so greatly reduced by the trip across the soft field the collision did comparatively little damage to the house. A hole was knocked in the siding, the dishes broken in the pantry and pictures knocked from the wall. The family was given a bad scare. Had the car's continued to the terminal in the heart of the village and then jumped the track, the consequences might have

been serious. The cars are used for hauling supplies to the company's dams. They were standing on the track, when an engine backed into them, and it is supposed jarred their brakes loose.

## TO SIMPLIFY THEIR OFFER

[Concluded from Page 1.]

awanna-Wyoming region to guarantee their 10 per cent. offer till April 1. This, however, may be no obstacle af-ter all. As stated in yesterday's Tribune, practically all the operators of the territory mentioned gave out a state-ment from their conference last Thursday that they "agreed to add to their notice a clause to the effect that it was their intention to pay the advance in wages till April 1, 1901, and thereafter until further notice." would seem to satisfy the demand contained in President Mitchell's statement of Monday night. "By posting notices or otherwise" is the manner in which Mr. Mitchell would have the guarantee made.

#### Taken as Sufficient.

The public announcement through the press in a statement prepared by the operators themselves is likely to be taken as a sufficient guarantee for all practical purposes. The matter was discussed informally at strike headquarters yesterday afternoon and the general opinion there was that this would meet all the requirements, in view of President Mitchell's "or othervise" stipulation.

District President T. D. Nichols and District Secretary John T. Dempsey left yesterday afternoon for Hazleton to attend a meeting of all the principal officers, called by President Mitch-ell. It is expected that this meeting will declare the strike at an end. The miners hereabouts are highly pleased at the prospect of an early setlement and will hall with gladness

the order calling off the strike. The Forest Mining company, of Archbald, have posted a notice complying with all the demands of the niners. The employes of this company have been on strike seven months. The strikers made another demon

stration at the Grassy Island washery at Olyphant, yesterday, and succeeded n keeping away the men who had been working there. No violence was offered. About 2,000 strikers assembled near the washery and stayed there till about noon. No workmen put it an appearance. One of the company officials telephoned for Sheriff Pryor but inquiry satisfied the sheriff that there was no necessity of his going

The expected demonstration against the washeries in this city did not oc-, cur. President Nichols, it is understood, advised against it, and his advice was heeded.

Have Posted Notices.

The Delaware and Hudson and Leand Wilkes-Barre companies have already complied with the agreement reached at yesterday's meeting of operators. The Delaware and Hudson company's notice, posted last night at the various collieries, reads as fol-

In reference to our previous notice of Octo ber 6, in addition to the reduction to \$1.50 per keg for powder, 2½ per cent, will be added to be price of mine ton to make the advance of 10 proposed. C. C. Rose, Superintendent Coal Department. per cent, as proposed.

A dispatch from Wilkes-Barre last night stated that the Delaware and ludson and Lehigh and Wilkes-Barre ompanies had posted notices there granting the full ten per cent, increase and that this met all the demands of President Mitchell. This, and some erroneous dispatches sent out previously to the effect that the Delaware, Lackawanna and Western and Delaware and Hudson had grant ed the demand that the offer should be guaranteed till April 1, caused a general misunderstanding throughout

the entire region. President Mitchell called The Tribane by phone at 9.30 o'clock from Hazleton to have the matter straightened out and the story of the day, as printed above was read to him from a proof sheet. He would not make any comments on the situation.

## **PUSHING WORK ON TELEPHONE SYSTEM**

Switchboard Is Here and Will Be Put in Place in a Few Days. Stringing the Wires.

About sixty employes of the Lackavanna Telephone company were at work all yesterday throughout the city, working on the telephone poles on which the cross arms were placed, the spike steps driven in, and the wiring done. The work is being prosecuted with extreme activity, and the ompany expects to have everything in readiness for business by about November 15. Telephones are being daily installed in houses in the central city and a temporary service ar-

ranged. Yesterday afternoon the pole men, wire men and laborers began work at the poles on Washington avenue, running all the way from Vine street Freen Ridge. The new switch-board has been received and workmen are daily expected, who will begin the work of erecting it. The board is of the most modern make, and does away with all batteries, generators and bell handles in the houses o the subscribers. The mere act of lift ing the ear phone connects with the exchange. Each subscriber practically has a private line, and cannot be disturbed while using it. The company has already secured

about fifteen hundred subscribers in this city, and at Wilkes-Barre the number of subscribers has so increased that it was found necessary last week to install two additional sections to the switch-board. There will be no additional charge for communication from Scranton to Carbondale or Wilkes-Barre.

The company is making preparations here for very extensive work and for use in the central city has forty-eight conduits. Each of these is three inches in diameter and has a capacity of holding a lead covered cable consisting of two hundred and fifty pairs of copper wires. Twenty-eight like conduits are used by the company for supplying other parts of the city.

cellent performances on the plane and clever recitations were given by Miss Anna E. May and Lillian La Bar. The Newton sisters performed an interest-ing piano and violin duet, and nine young ladies went through a drill.

#### LEGLESS MAN ARRESTED.

Joseph Klebisch Charged with Keeping a Speakeasy.

Joseph Klebisch, of Clearview avenue, was committed to the county jall last night by Alderman Kasson, on the charge of being the proprietor of a tippling house. The warrant was issued at the instance of Chief of Police Robling. Klebisch is minus both legs, and it was necessary for the officer who arrested him to visit his establishment with a horse and car-

He pleaded guilty to the charge of selling without a license and was unable to pay a \$50 fine. Many complaints have been received about this place and agents have been at work for a long time, endeavoring to secure the neessary evidence.

All members of the Hook and Ladder company are to report at 1 o'clock sharp in full uniform, to take part in the parade. By order of Fred Durr, President.
