## WHY THEY ARE LARGER.

Secretary Atherton Hears from Memphis and Fall River.

Three cities which were below Scranton in population in 1890 have got ahead of it this year. These are Fall River, Mass.; Memphis, Tenn., and Los Angeles, Cal. Secretary Atherton, of the board of trade, with the view of ascertaining just how this increase could be accounted for, wrote letters to the city clerk of these three cities, in-quiring as to the number of square miles in each in 1890 and in 1900. He received replies yesterday from avenue cemetery.

# Memphis and Fall River. The city clerk of the former city explains the increase by stating that twelve addibeen added to Memphis since 1890.

The city clerk of Fall River writes that the total number of square miles in that municipality is the same year as it was in 1890-namely, fortyone. The city, he says, has increased its population within its former borders. Los Angeles has not yet beer heard from.

The population of Scranton and these other two cities in 1890 and 1900 is as follows: Scranton, 1890, 75,212; 1990, 102,026; Fall River, 1890, 74,398; 1900, 104,863; Memphis, 1890, 64,495; 1900, 102,

The secretary also received a letter from Director of the Census Merriam, informing him that the population of the entire country would be announced on or before December 1, thus fixing it as a positive certainty that the population of Lackawanna county will be learned before January 1.

## Whose Strength Equals Their Love.

Few women if any shrink from the passing pain of maternity. All they ask is to feel the child's heart beating against their own as they hold it in strong arms to the full fount from which it feeds. How rarely the mother's strength keeps pace with her love every woman knows. Often the baby is laid against a breast that cannot nourish it, and folded in arms almost too weak to bear the tiny burden. The woman who is strong and whose abundant vitality enables her to nurse her child and enjoy its care is looked

an exception, peculiarly and specially

#### WOMEN TESTLEY TO THIS.

Dr. Pierce's Favorite Prescription establishes regularity. It dries unhealthy drains, heals inflammation and ulceration and cures female weakness. Taken as a preparative for maternity it gives physical vigor and the mental courage which comes from a feeling of strength. It encourages the appetite, tranquilises the nerves and induces refreshing sleep. It makes the baby's advent practically painless, and increases the

flow of the nutritive secretion. "I wish to advise the suffering women of this great land, of the good I have upon as a marvel. She is considered received from Dr.Plerce's Favorite Pre-

scription and 'Golden Medical Discovery,'" writes Mrs. Mary Shappell, of Columbus, Grove, Putnam Co., Ohio. "For four years I had been a sufferer from female troubles, and at times was unable to do even the housework for three in the famthat I suffered almost death dozens of of times, but after taking five bottles of your medicines I can truthfully say that health was greatly improved. I have a good appetite and am gaining in flesh right along. This spring is the first time in five years that I have done my house cleaning all by myself and without the least fa-

tigue whatever. I hope all suffering women will find relief as I have done. "My gain in weight has been just ten pounds, and I am still gaining." Sick women are invited to consult Dr. Pierce by letter free. All correspond-ence confidentially conducted and womanly confidences guarded by strict

professional privacy. Address Dr. R. V. Pierce, Buffalo, N. Y. The offer of free consultation by letter made by Dr. Pierce is not to be classed with the misleading offers of free medical advice, made by those who have neither medical education nor experience. Anyone may offer "medical advice," but the medical advice of an unqualified person, either man or woman, is not only worthless but may be dangerous. As chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., with an assoclate staff of nearly a score of physicians, Dr. Pierce is enabled to offer to those who consult him by letter free, a medical experience and success which

has no superior. There is no alcohol in "Favorite Prescription" and it is entirely free from opium, cocaine and every other nar-This perfect freedom from all injurious ingredients makes "Favorite Prescription" the ideal tonic for nursing mothers and all weak "run down"
