## CARBONDALE.

BILLIOTT STABBED HERBERT.

Buch Is the Verdict of the Coroner's Jury-Ante-mortem Statement.

Coroner Roberts held an inquest in the Herbert case at Alderman Jones' office last evening. Only two witnesses testified, Dr. H. C. Wheeler and Jas. Birpungham, The former's testimony pertained to deceased's treatment at the hospital, while Mr. Birmingham. who was going up Fallbrook street When the stabbing occurred, said he raw Billiott with a knife in his hand. Birmingham had his little boy with him and he hurried from poene of the struggle. Following is the

"From the view of the body, the autopsy, and the evidence produced them, it appears that the said Edward Herbert came to his death, which occurred at Dr. Wheeler's hospital in the city of Carbondale at 1 p'clock in the morning of Friday, Oct." 12, 1900, from the effects of a stab wound inflicted by one Sam Billiott, on Bunday, at 7 o'clock p. m., Oct. 7. We, the jurors, therefore find that the cause of the death of Edward W. Herber was a knife wound or knife stab in-Hicted by said Sam Billiott.

E. J. Neary, Frank R. Clunc, Danlel M. Davis, James T. McAndrew, P. Mr. McCann. Samuel S. Jones." Here is Mr. Herbert's ante mortem

statement taken by Alderman Jones: "That is the man, 'squire! That is the man! I am positive this is the man who stabbed me. He is the same man whom I have known for a year since October, 1899. He worked near me all last winter, or until I got huctalong about Christmas. We went over the Honesdale branch every day on the same train. I know the defendant well by sight. I know that he is the man who stabbed me on Sunday "E. W. Herbert." night last. "In presence of James T. McAndrew, E. J. Neary.

It appears now that Siciano, who was arrested first, was held more on necount of the knowledge he possessed as to Billiott's whereabouts than for anything else. There is no doubt that his detention led to the capture of the guilty one.

#### LOCAL AND PERSONAL.

Miss Loretta Coleman is visiting Friends in Watertown.

Mrs. A. L. Patterson and Miss Chumard gave a thimble tea at the Lincoln avenue home of the former yesterday afternoon from 3 to 6 o'clock. Harry Wright has returned from Easton, where he attended the meeting of his sister.

Albert Howard Vandermark gave a thimble tea vesterday afternoon and will entertain in the same manner again this afternoon.

#### JERMYN AND MAYFIELD.

The first team of the new foot ball association and the Rovers, of Richmondale, played here yesterday afternoon before a crowd of several hundred people. Fifteen years ago the game had quite a foothold in this borough and Jermyn players were wellknown throughout the valley. For the past dozen years, however, the team has been disbanded and the players who composed it have left town. Since the inauguration of the strike the men have been kicking the ball again, and this has aroused the old-time interest in the sport. For several days past the locals have been putting in some hard work in preparation for yesterday's game. No one, of course, expected the new organization to down such a strong aggregation of seasoned players as the Rovers, and the general feeling before the game commenced was that Jermyn would not be in it. The locals, however, did exceedingly well and were very much in evidence from the commencement to the close of the game, which ended in favor of the Royers by 2 goals to 0. Both were scored in the first half, and although Jermyn's goal was several times in danger in the second half, it was ably defended by Goalkeeper Morcom, who showed he was the right man in the right place, and the game was concluded with the result as stated above. The visitors were a gentlemanly . ' of players, and the

Gallagher, of the West mountain, on Wednesday evening, from which place the funeral will occur this (Thursday) afternoon at 2 o'clock. Interment will be made in the Olyphant Catholic cemetery.

Mr. John Warne, of Wilkes-Barre, ormerly of this place, was shaking ands and renewing old acquaintances with friends in town yesterday. Mrs. W. S. Bloes called on friends in Scranton vesterday.

There was no occasion for the erronous report circulated throughout the town Wednesday afternoon to the effect that Miss Sadle Stage had died of typhoid fever. Miss Stage has been very sick, but, as previously announced in this paper, is improving as well as could be expected under similar circumstances.

Mr. William Page is critically ill with typhoid fever. The other local patients are all improving.

The Blakely board of health does not evidently agree with the Peckville Journal's contention that the water is responsible for the present typhold, fever epidemic. The mere fact that there are no cases outside of the First ward, where there have been at least twelve or fifteen within the past few weeks, is evidence sufficient to sustain the board and back up their contention that it is other than the water that has aused the recent sickness.

Mrs. E. W. Swingle, oldest daughter of Mrs. Carrie Moyle, is seriously ill with typhoid fever. Dr. Heermans, of Scranton, was called in consultation on the case. Mr. Swingle has the fever, also but is on the gain.

The Young People's society of the Peckville Baptist church will hold a rally next Monday evening, October 29. with the following programme: Sing ing: recitation, psalm 122, Milton Thomas: prayer; singing: welcome by the pastor; address, "Baptists and Mis sions," Rev. M. R. Thompson, of Jermyn: solo, Helen Thomas; singing; solo; paper, "Baptists and Civil Liberty," Miss Orlana Williams; solo; duet and chorus, No. 118; paper, "Wha Young Baptists Are Doing," Mr. W. H Priest: solo, Miss Anna Sands; address, Rev. David Spencer, D. D.; singing, No. 143; benediction. All are cordially invited.

The Minooka foot ball aggregation administered a defeat to the representative team of this place on the riverside gridiron, on Wednesday, by a score of 5 to 0. The contest was an interesting one, and the victors won by superior strength. Nevertheless, the home team put up a stubborn contest and were only beaten after a hard-fought game of twenty-minute halves.

Considerable excitement was created yesterday in the vicinity of Jermyn, No. 1, mine in Old Forge, when several oreigners were engaged in loading severai gondolas from the chutes with pea coal, which were consigned as special rders. In less than half an hour after the act had become known and a large number of strikers and their wives gathered, and for awhile things looked quite serious, but finally the men employed were induced to quit work.

Mr. James Chambers, of the Arch bald mine, died yesterday morning at 6 o'clock at the West Scranton hospital. where he was receiving treatment for injuries received by falling from a scaffold. Mr. Chambers was a prominent resident of this place and was held in the highest respect by the people of this town. Not Four Per Cent. of Them Convicts or Political Exiles. Siberian Cities Like Our Western Boom Towns.

Anna N. Benjamin, in Ainslee's.

Ex-Sheriff D. J. Sweet, of Towarda. Statistics have their value when was in town on Monday. He was here given comparatively. In following up the analogy which was always prescandidate of the Honest Government ent in my mind in crossing Siberia, the analogy between that country and The Lehigh Valley people have inthe United States, it is interesting to stituted a new custom in regard to the area and the population of both. Siberia has 5,000,000 square to Philadelphia. Formerly holders of miles to our 3,500,000, while our popumileage tickets could only travel to lation of 70,000,000 overshadows the 5,-750,000 of Russia's Asiatic possessions. Of this number sixty-five per cent. are Russians, the rest indigenious But this average is brought down by the low per cent, of Russians in the extreme north, which as in Northern Canada, is left almost entirely to the aboriginal Eskimo, and to the hardy H. L. Maynard, of Athens, the Demfur trader, while in Southern Siberia from sixty to ninety per cent, are Russians. Not four per cent, of all the Russians are convicts or political exiles. The number of convicts varies in the different sections. In the government of Tomsk, in the west, they only amount to one-sixth per cent., which necessarily makes a much higher average in some of the other provinces. These facts are fatal to the theory that the Siberian population is composed mostly of criminals and the sons of criminals.

The Russians find the great norther steppes as bleak and as inhospitable as do the Canadians. Yet the mineral deposits and the fur trade attract a certain population. It is extraordinary to read of the early conquests of the Russians in this country, and of their first settlements here, though there were no visions of an El Dorado
