MAYOR'S ADVICE TO CHRISTIANS

ADDRESS TO MEMBERS OF THE EPWORTH LEAGUE.

Hon, James Moir Spoke at the Simpson Methodist Episcopal Church Last Evening on Christian Duty. Doings in the Various Churches. Swedish-American Club Presented with a Flag-Little Gleaners' Activity-Plymouth Church Notes. Funerals-Other Notes.

The Epworth League of the Simpson M. E. church conducted a well attended meeting last evening, at which Mayor Moir delivered a helpful address along the line of Christian duty. Hev. J. B. Sweet presided and prayer was offered by President Northup. Special music was rendered, a song service was enjoyed, and Will Betterly rendered a violin selo.

The subject assigned to his honor was "Are We Doing Our Best?" In opening his talk, the mayor took oceasion to apologize to his hearers for being somewhat out of place, but before he had concluded his remarks it was apparent to all who heard him that he is a well-versed Biblical student and is as much at home in the church as in the executive chamber. "The air is charged with duty at this time," said the mayor, "and in the present campaign of national and local importance the Christian who does not exercise the right of franchise is neglecting his duty as a Christian. The Lord has done more for America than any other country or people, for which we all feel grateful, and the sun does not shine on a more favored land ..

I have heard so-called Christians assert that they would not go to the polls, because they imagine the elections are conducted by unreliable men, but I say if America will be what it ought to be, they will do what is expected of them, their duty to their country and themselves. The blessings that result from Christian duty are brought about by personal sacri-

"I am afraid we are not all doing our duty. Christian people, no doubt, like every body else, need an awakening every now and then, and we are to blame if we don't do our duty. There would be no necessity for churches if we would all do our religious duty. We make our lives miserable by our own conduct, and we must not lorget our duty.

"I have no use for a man who de-votes his Sundays to anything else spiritual improvement, and I have no use for the man who desecrates the Sabbath looking for votes." Fastor Sweet thanked the mayor for his address and all who listened to him were much impressed with the words of counsel and advice.

PETER HOBDAY ACCIDENTALLY SHOT IN PIKE COUNTY.

Was Out Hunting with Ralph Watrous and Was Struck in the Ankle by a Spent Bullet-Whoever Fired It Is Unknown-Street Railway Company Will Keep Lights Burning-Report of Health Officer for Month of October-Other News and Personal Notes.

Peter Hobday, a son of J. B. Hobday, of Brook street, was accidentally shot on Saturday afternoon while hunting in Pike county. Mr. Hobday, in company with Ralph Watrous, also of this borough, was at a point known as Knob Hill, which is a desolate country, and several miles from any

settlements. He suddenly fell and his companions realized that he had been shot. He found that a bullet, evidently one of the high-power modern cartridges, had struck Hobday in the ankle, making serious wound. With assistance the injured man slowly and painfully made his way three miles and was brought to Scranton Saturday night, being taken directly to the Moses Taylor hospital.

Yesterday the surgeons probed for the ball, but were unable to find it. it having taken an upward course after penetrating some distance. Another attempt will be made today,

which, it is hoped, will be successful. Who fired the shot that wounded Hobday is unknown. Some of the rifles using the class of bullets such as struck him carry several thousand yards and the person with the gun was probably a long way off and probably does not yet know the result of his shot.

Council Meeting.

The question of lighting the upper portion of North Blakely street by in-candescent lights supplied by the Scranton Railway company was brought up at the council meeting last Friday night and the difficulties which have arisen from the failure of the company to keep them in burning trim was settled for a time, at least, Mr. Payton, as chairman of the light committee, reported that the lights had been installed on Oct. 20 and the report was accepted.

Mr. Brogan informed the members that the appropriation for the street commissioner's department was exhausted, and, as some of the money used had been for private properties, the department would be seriously handicapped unless provision was made for them. Mr. Payton moved that \$150 be allowed the commissioner for the month and the motion was carried.

A committee consisting of Messrs. Brogan, Ward and Payton was appointed to confer with the school poard and county commissioners and ascertain if they would be willing to contribute a pro rata share of the expense of having new maps of the borough drawn.

Board of Health Reports. The secretary of the board of health reports the following for the board
