#### THE ELECTION TODAY.

#### The Municipal Water Issue-The Vote for Controller-Election Returns Tonight.

Today will be a momentous one ir

the annals of this city, for beside the usual interest and excitement incident to a presidential campaign, Carbondale "paramount issue" all its own. This is the question whether the city shall or shall not extend its bonded indebtedness by an increase of \$145,000. This is an issue that looms up prominently and which will be settled one way or another by the citizens. As The Tribune has not taken sides on this question, and consequently has not had its columns filled with letters expressing the views of the exponents and opponents of this measure, it will still keep within the bounds of discretion and venture no prediction as to the outcome of this mooted question. There has been a quiet campaign in this city in regard to the national, legislative and county tickets. The Republicans have held two large and enthusiastic meetings in the opera house and the Democrats have also held two, one at Alumni park and the other at the Academy of Music. Both political parties claim they will carry the city and a straw vote shows it pretty evenly divided, but the undercurrent among the business men, laboring men and all those who remember the past four years sets steadily toward the Repub-

There is one place on the ticket that most politicians overlooked, and that is the office of county controller, which has only the name of one candidate, that of F. L. Brown, of Scranton. The rumor got started yesterday afternoon. and it did not diminish on inquiry, that Mr. Brown was not going to have a complete walkover, for opposite Mr. ping, but when the hour for opening Brown's name is a blank space, and it was said that the friends of J. F. preceived that there would be none his name in it and induce those of their in the vicinity of the Municipal buildfriends who were persuadable to do ing. These returns will be received on a private telephone wire running direct to the parent offic of The Tribune in Scranton. Their returns will be received by private telegraph and telephone wires from the Associated Press, covering every section of the United States, and will be displayed from their office building on Washington avenue. Simultaneously these bulletins will be displayed in Carbondale and the same system observed here. This Associated Press service is the best news service in the United States and the most complete. and it will be the first time Carbondalians will have bulletins directly

The Leader and the News will also have displays. The Carbondale Cycle club will receive returns by private telephone and have a smoker, for members only. The Young Men's union wil have a private wire and an entertainment for members only. The people of this city should be well informed by midnight tonight regarding the out-

#### A GREAT SUCCESS.

#### Klots Brothers and Their New Issue of Bonds.

The great successes of the Klots Throwing company have brought much satisfaction to the residents of this city, where it has become one of the leading industrial enterprises. The exscutive ability of those in charge of its affairs have been such that they have acquired a business which caused them to reach out to other citles for sufficient help to meet all demands.

The local company is now calling in its first and second mortgage bonds, the face value of which, together with accrued interest, will be paid at Miners' and Mechanics' bank on December 1 The bonds will then be surrendered and the interest cease.

A postscript attached to the notice informs the public that a new set of first mortgage six per cent. gold bonds is about to be issued, information as to which can be obtained of Marcus Frieder, the efficient superintendent, at the office of the company. A considerable number of Carbondale people are holders of the silk mill bonds. By the call they will be deprived of the investment and a large amount of money might be left idle in the community. It is to provide another excellent means for investment of surplus funds that the postscript to the notice is given.

Vote for George M. Watson for judge.
