

SITUATION UNCHANGED

Full Returns Do Not Reduce the Republican Majorities of Tuesday's Election.

308 ELECTORAL VOTES

Mr. Manley States That Republicans Have Carried Every Northern State but Colorado, Nevada and Montana—Indiana Probably Republican by 32,800—President McKinley 700 Ahead of the State Ticket in Ohio.

By Exclusive Wire from The Associated Press. New York, Nov. 8.—As a result of messages received at Republican national headquarters this morning by National Committee men Joseph H. Manley and N. B. Scott from doubtful points, Mr. Manley late this afternoon gave out the following statement: "Full returns today leave the situation as it was yesterday. We have won by 308 electoral votes. We have carried every northern state but Colorado, Nevada and Montana with ten votes. We have carried Kentucky, Maryland, Delaware and West Virginia. As we predicted during the entire campaign they are attempting to rob us of the electoral votes in Kentucky under the power of the Goebel law. If they succeed we shall have 295 electoral votes. Our candidate for governor wins that we have carried Kentucky for the electoral ticket and elected him by over 7,000 majority. The time has come when the American people ought to insist, at whatever cost, that the vote shall be counted as they were honestly cast."

Senator Scott, in answer to telegrams inquiring as to the result in Nebraska, received the following from E. Rosewater, member of the national advisory committee, who is a candidate for the United States senatorship from Nebraska: "Returns from rural districts incomplete, but no doubt whatever that McKinley carried Nebraska by not less than 7,000 majority. He has carried the cities and the business centers, but prospects favor Republicans. Both houses of legislature will be Republican by a small majority."

Indiana, Nov. 8.—Complete returns from forty-seven of the ninety counties in Indiana, unofficially estimated, show a net gain per county for McKinley of 159. If the ratio shall be carried out the Republicans have carried the state by 32,800. There are several heavy Democratic counties to be heard from in the last counties.

Indiana, Nov. 8.—Republicans have elected nine congressmen in Indiana and the Democrats four. In the Fourth district, Francis M. Griffith, Democrat, is elected. The Indiana congressional delegation remains the same as it stood in the last congress, with the exception of the Fifth district, where E. S. Holladay, Republican, succeeds George Farris, Republican. Official returns are in from fifteen counties, the plurality for McKinley will be between 30,000 to 35,000. The legislature is 41 Republican on joint ballot, from present indications.

Caution, O. Nov. 8.—Semi-official figures of Stark county show that President McKinley gained nearly 2,000 over his plurality of 3,000 in 1896 and runs 700 ahead of the state ticket in his home county.

IOWA ELECTIONS.

Constitutional Amendment Providing for Biennial Elections.

By Exclusive Wire from The Associated Press. Des Moines, Iowa, Nov. 8.—Returns from thirty counties, all that can be secured before the official count, show that the constitutional amendment providing for holding biennial instead of semi-annual elections in Iowa, has been adopted by 25,000 plurality. An interesting feature of the result is that the state is likely to find itself with a constitutional convention on its hands without any particular time for one. The constitution provides that there shall be a convention to revise the constitution to be submitted every two years. It was submitted this year, but there has been no agitation in the press or otherwise for the convention. It was taken for granted that it would be voted down. Voters generally, however, assumed that the proposition for a convention was in some way connected with the biennial election amendment and voted "yes" or "no" with their views on biennial elections. The vote on both propositions was small. Twenty counties gave a majority of 4,500 for the convention.

UNFAIR ELECTION IN KENTUCKY

Republican Majority of Eight or Ten Thousand Will Be Set Aside.

By Exclusive Wire from The Associated Press. Louisville, Nov. 8.—The chairman of the Republican committee says: "Under any fair election law McKinley and Yerkes would have carried the state by eight or ten thousand majority. The Republican vote has been whittled in many places by petty larceny and a number of places by highway robbery. Nothing but the official count will settle the election and the official count is made under the Goebel law by commissioners from which the Republican party has no reasonable grounds to expect fair treatment."

MR. STONE SARCASTIC.

He Resents Talk About Reorganization of the Democracy.

By Exclusive Wire from The Associated Press. New York, Nov. 8.—Ex-Governor Stone, vice chairman of the national Democratic committee, said at the Hoffman house tonight in regard to the proposed re-organization of the Democracy: "This talk about re-organization is absurd. The Democratic party is already organized. If by re-organization is meant a change in the national committee that will be done by the next national convention. If by re-organization is meant a radical change of platform, with a candidate whose views accord with it, that will also have to wait the next national convention. If the next national convention wants a new national committee I am willing to abide by the verdict of the convention. I have noted that those men who clamor for re-organization after defeat are the very ones who contributed to the defeat. There are some people who go to a convention and demand a radical change in the party platform, and then they are willing to abide by the verdict of the platform, and at their failure to get what they want, immediately withdraw their support and become opponents of the party. If they want changes let them work in their state organizations for the selection of delegates to bring about those changes."

McKinley's Washington Majority.

Seattle, Wash., Nov. 8.—Chairman Shively, of the Republican state central committee, says: "McKinley's majority in Washington is 15,000. The governing party in doubt. The remainder of the Republican state ticket is elected by 8,000. The congressmen are elected by 6,000."

McKinley's Nebraska Plurality.

Omaha, Neb., Nov. 8.—Complete returns from two-thirds of the counties in Nebraska show McKinley returns from the balance show McKinley carried Nebraska by a plurality of at least 2,000. An equal number of returns

INSURGENTS ORGANIZING

They Threaten to Again Put Up a Desperate Fight Against the Return of Senator Quay.

THE MAJORITY ASSURED

Senator Quay States That He Will Receive Above 150 of the 254 Votes in the First Joint Ballot. Senators Martin, Magee, Flinn and Others, Meet and Discuss Plans for a Continuation of the Fight Against Mr. Quay.

By Exclusive Wire from The Associated Press. Washington, Nov. 8.—Senator M. S. Quay who will leave here to-morrow morning for Florida tonight gave out the following statement for publication: "The contest on Tuesday resulted in a sweeping victory for the stalwart Republicans of the state. The senate will be organized by the regulars no matter what statements to the contrary may be made by insurgents or hostile newspapers. Senator W. P. Snyder of Chester county will be elected president pro tem of the senate, and Representative W. T. A. Hall, a student from Allegheny county will be elected speaker of the house. I will be elected United States senator by above one hundred and fifty votes out of the total vote of 254 in the first ballot in joint assembly."

KENTUCKY CLAIMED BY BOTH PARTIES

Chairman Combs, of Republican State Committee Confident That Pluralities Should Be for McKinley.

By Exclusive Wire from The Associated Press. Louisville, Ky., Nov. 8.—With returns from all but thirty out of 1,881 precincts in Kentucky, the Courier Journal puts Bryan's majority at 8,000 and Beckham's at 5,000. The missing precincts have been taken into account. The Republicans claim that majorities will be shown for McKinley and Yerkes when the returning board canvasses the vote at Frankfort, which it will do three weeks from election day.

The Louisville Commercial (Republican) will tomorrow say the election is "very close." It will not concede the defeat of Yerkes and the McKinley electors and will say that the official count only can determine the result.

Chairman Combs, of the Republican state campaign committee, was quoted today as follows: "While we have not the figures thoroughly compiled yet, we are certain that Mr. Yerkes carried Kentucky by a small, though safe, majority. "The result is very close. I think that it will probably result in the official count to determine how the state goes. When I left headquarters Yerkes had a small plurality, with seventeen counties still to be heard from. I am informed that over 3,000 ballots were counted by Goebel election officers throughout the state on account of trivial technicalities. "We have discovered that not only have systematic frauds been practiced all over the state, but in some counties there was wholesale exclusion of voters from the polls. In Facey county, for instance, in two precincts 500 voters were kept from voting. Challengers and inspectors were also excluded from the booths. In numbers of counties the returns were padded by the Democrats, notably in Franklin and Owen counties."

Indiana, Nov. 8.—Republicans have elected nine congressmen in Indiana and the Democrats four. In the Fourth district, Francis M. Griffith, Democrat, is elected. The Indiana congressional delegation remains the same as it stood in the last congress, with the exception of the Fifth district, where E. S. Holladay, Republican, succeeds George Farris, Republican. Official returns are in from fifteen counties, the plurality for McKinley will be between 30,000 to 35,000. The legislature is 41 Republican on joint ballot, from present indications.

Caution, O. Nov. 8.—Semi-official figures of Stark county show that President McKinley gained nearly 2,000 over his plurality of 3,000 in 1896 and runs 700 ahead of the state ticket in his home county.

OFFICIAL COUNT OF WYOMING ELIGIBLES A Democrat Representative.

By Exclusive Wire from The Associated Press. Cheyenne, Wyo., Nov. 8.—The official count of the Wyoming county election today reverses the supposed victory of H. D. Tiffany, Republican candidate for the state legislature. His apparent majority of two votes is wiped out, and his Democratic opponent Arthur H. Strum, in the district comprising Laramie, Montrose, Sullivan and Columbia counties, Senator Martin in a statement made by him said: "Quay will not be elected United States senator. He will without doubt have a majority of the legislature on joint ballot."
