The \$25 forfeit money posted by each of the contestants in the M. J. Dwyer-Charles Leonard wrestling match which is to be held here Tuesday night. has now been deposited with the Tribone and the \$175 balance, which makes up each man's \$200 side bet will be deposited Monday or Tuesday. Mr. Leonard sent on his money yesterday from Newark, N. J. He reports himself to be in splendid condition and declares that he will give a good argument to Dwyer at the Bleycle club, on the evening of the match.

Dwyer is in excellent trim, and expecting a hard night's work is pre-paring himself for it. Many think that Leonard will make a more formidable antagonist than Gehle. He is a wrest-ler of the same style as Dwyer, and much as Gehle, he uses head work and the tricks of the trade, throughout every match.

An excellent football game is this afternoon promised local enthusiasts in the meeting of the Scranton and atternoon promised local enthusiasts 6 p. ra.—S. Carmody, in the meeting of the Scranton and s.s. p. m.—J. Burkhart, Binghamton High schools. The rivalry 11.50 p. m.—J. J. Duffy. between these elevens is intense, as they have met for several consecutive years and the results have been practically even. In this afternoon's game Vaughan and Powell will probably be at the local team's ends, Eynon or Van Gorder and heard working Weiss-enflush at tackles, and Elwcod and Stone at guards. Shultz will play center and O'Reilly will be at quarterback. The Binghamton men bring | 5 p. also a fast playing team on the defense, but with Williams and Captain Tropp in the back-field Scranton expects to score at least once, and with one "Bricky" Phillips at full back the line-up is complete. The Binghamton boys will arrive on the 12:28 train and will be met at the station by a delegation of High school lads.

The St. Thomas eleven will this afternoon journey to Berwick and meet that city's strong eleven. Laurie T. Bliss, of this city, who

in 1893 were the blue stockings of the Yale 'varsity and was known as one of the fastest half-backs on the coliege gridiron, was at New Haven during the greater part of the week, assisting the Eli coaches in drilling their men for this afternoon's hard game with the noble red men from Carlisle. Bliss took especial care of the half backs and tried to instil into their craniums some end running devises which will bring sorrow to the hearts of the poor Los this afternoon.

The giant Duquesne Country and Athletic club team, of Pittsburg, has met defeat. In spite of its galaxy of wonderful players, it went down be fore the Homestead eleven. Charlie Gelbert and Jack Hedges played the Duquesne ends and played them well. and Pierson, Uppenheimer, Jackson, Prate and the other great players of the team did splendid work, but among some of the players on the opposing team were Fultz and Gammons, the ex-Brown half backs, Pete Overfield, the great Univ versity of Pennsylvania center, and others of the Invincibles, and the Pittsburgers were downed. man in the game was a star, and on the side-lines stood subs who would be most sought after acquisitions on most college elevens. Shoch and "Kid" Young, of Cornell, were two of the brawny lads who acted as understudie

The Dickinson eleven, which will this afternoon meet the University of Syracuse, passed through the city yesterday afternoon, en route to Syracuse. The husky youths from Carlisle were met at the Delaware and Hudson station by Attorneys W. D. Boyer, W. M. Curry and C. E. Daniels, who are alumni of the Dickinson Law school, and were escorted to the Lackawanna Valley House, where they dined. Fifteen players, accompanied by Physical Director Craver, made up the party.

The captains of the big elevens have been meeting with disaster of late. Captain Hare, of Pennsylvania, one of the greatest and strongest players who ever booted the oval over a gridiron, only left the hospital a day or two ago. and Captain Daly, Harvard's plucky little quarter back general, was carried from the field in the early part of last week so seriously injured in practice that the Crimson rooters were given a terrible fright lest the team be deprived of his services during the remainder of the season,

Joe Wolcott, through his manager, Tom O'Rourke, has been trying to arrange a match with Tom Sharkey, for two weeks, but is now giving up in despair and will withdraw the \$2,500

It contains neither alcohol

nor narcotics. "Only for Doctor Pierce's Golden Medical Discovery I think I would be in my grave to-day," writes Mr. Moses Miles, of Hilliard, Uinta Co., Wyoming. "I had asthma so bad I could not sleep and was compelled to give up work. It affected my lungs so that I coughed all the time, both day and night. My friends all thought I had consumption. My wife insisted on my trying 'Golden Medical Discovery.' I have taken four bottles and am now a well man, weighing 185 pounds—thanks to Dr. Pierce."

feat him inside of twenty-five rounds. The big collee elevens will play today as follows: Brown at Cambridge (Harvard); Indians at New Haven, (Yale); Dartmouth at Princeton; Lafayette at Philadelphia, (University of

Pennsylvania). The Cornell second team will play Wyoming Seminary at Kingston. Donald Hull, the old High Schaal tackle, plays left end on the team, and Fellows, the ex-Lackawanna player, is at quarter back.

Wall Street Review.

Wall Street Review.

New York, Nov. 9.—Today will prove a memorable one in the history of the Stock exchange both by reason of the amount and the great variety of the business done. The aggregate number of shares of all stocks traded in footed up no less than 1.544,000 shares of listed issues and the number of different stocks dealt in amounted to 177 issues. There were more of the commous individual transactions which showed in the excited trading and extensive buying of Weinesday, Neither was the synchronous movement of the Whole market, which was so conspicuous on Wednesday, including the brief period of reaction after the first upward rush of prices. Today's market on the contrary was exceedingly varied and irregular all day and the furious activity continued without intermission or abatement from the opening till the close. The first transactions showed prices of some stocks pushing upward, while others yielded sharply to the pressure of realizing sales. Both movements proceeded with undiminished vigor and with entire disregard of the divergent tendencies at work. Different stocks and different groups of stocks were successively belong toward into the advance and successively belong toward into the advance and successively probled to the pressure of profit taking sales, while speculators rushed to another group. Transferring their profits from one quarter of the market to be invested in rnother. Notling could be more characteristic of a genning bull market in full swing, and the race that the rotation of the speculation brought it around into the failroad group grain before the day had clapsed added to the confident sentiment for the advance. At the opening and during all the earlier part of the day hearting and during all the the failroad group again before the day had classed added to the confident sentiment for the advance. At the opening and during all the earlier part of the day the railroad stocks were distinctly under pressure. Northern Pacific and the whole of the Pacific group as well as Pennsylvania, ruled under last night's closing level, But under the austaining influence of the strength in other points in the market the profit taking in the railroads, including continued heavy selling for London account, proceeded without serious inapairment of prices. The local traction group and the increasing industrials, including Sugar and People's Gas, continued yesterday's upward rush for a time, and then succumbed to the same of profit taking. Speculative interests shifted to the steel stocks and ultimately carried most stocks in that group upward from it do over 5 noints, the latter figure for Steel and Wire, which came in the movement, The demand for these stocks and their gains were, on the whole, the most consulcuous and well sustained of the day. The Coalers advanced as a gain of 2%. They were followed by the Gangers, Misseuri Pacific, Baltimore and Ohio, Norfolk and Western, some of the Southern railways and during the last hour Sugar and the Pacific generally. Total sales, 1,344,500 shares. The bond market was strong active and broad to a degree corresponding with that for stocks. Total sales, par value, \$4,600,000. United States new
