The men from the little cfty down the valley arrived about 8 o'clock, and as mentioned as the veteran county officthey left their train were given a roar ial, if we except "Uncle" Jake Ritter, of welcome by the representatives of chief custodian of the county's welfare, the associations in the Lackawanna who draws salary as tipstaff. last. This is just an incident indicat-ing how John Copeland made friends since coming to Scranton. Mr. Copeland, it is understood, does not contemplate any changes in his

office force, both he and the patrons of the office being perfectly satisfied with his present assistants, John Cummings, Thomas Beck and John Wil-

liams. Mr. Cummings has been in the prothonotary's office for nine years and is looked upon as the most likely candidate to succeed Mr. Copeland. District Attorney John R. Jones, who performed what the politicians always figured as an impossible feat, accomplishing a re-election as district attor-ney, will with his retirement remove from county politics-temporarily, at least-one of its most interesting char-acters. Mr. Jones has a way of his own of doing things and while it was often advised against by his friends

and well wishers, he generally proved his method effective. Mr. Jones never tired of doing favors and seemed hap piest when he was making others hap py. The many encomiums which he received informally from the bench and bar and formally from the grand juries, who never failed to commend him for his efficiency and courtesy, will no doubt be long treasured by Mr. Jones.

LEWIS RETURNS.

His retirement makes way for the eturn to the court house of one of he most capable of the many capable officials with which Lackawanna has been blessed. W. R. Lewis, the district attorney-to-be, was deputy pro-thonotary under Thomas H. Dale and no small amount of the credit for the much praised system under which the office operates, is due to him. Mr. Lewis is confidently counted upon to fully measure up to every requirement of the office that was graced by three

of the most distinguished members of the Lackawanna bar, the late lamented Judge John F. Connolly, Judge H. M. Edwards and Judge John P. Kelly. Register of Wills William Koch, jr. who again goes into the office with

another big majority that in itself attests with all sufficiency his great popularity among the people, announces

unreservedly that his present efficient deputy, Henry F. Koehler, will be con tinued in that office. Mr. Kochler is one of the men without whom the court house would be a sort of strange place. Thirteen years ago he was a county auditor. Later he was register of wills. but he was elected by only one vote and to avoid a contest, entered into an agreement to share the profits with his opponent. When Mr. Koch was elected three years ago he secured Mr. Koehler as his deputy and entrusted to him the conduct of the office. Mr. Koehler is a most efficient officer and almost indispensible to the office to which he is attached.
