MISSIONARY CONFERENCE

HELD IN WASHBURN STREET PRESBYTERIAN CHURCH.

Addresses by Professor Stone, Miss Crist, David Morgan, R. J. Williams and Dr. Moffat—Child Nearly Burned to Death—Keyser Valley Hose Company—Numerous Deaths and Funerals—News of the Churches—Other Notes and Personals.

A home missionary conference was held in the Washburn Street Presbyterian church, which took the place of the regular service. Addresses were made by Professor D. A. Stone, Miss Mabel Christ, David L. Morgan, Robert J. Williams and Rev. J. P. Moffat, D. D. After the voluntary, doxology and prayer the congregation sang "My Country 'Tis of Thee" and the pastor offered prayer.

"Our Home Missionary Preachers—How Many and Where?" was the subject of Professor Stone's address. He dwelt at length on the subject and gave a very interesting talk. Miss Crist offered a well-prepared paper on "Our Home Missionary Teachers and the People They Work For." Mr. Morgan spoke of "Our New Fields in Cuba and Porto Rico." He showed very clearly that the expansion of our government's usefulness has increased the opportunities of the church, and it is for us to respond by supporting in every way all efforts toward lifting the people of these islands to a higher plane of living.

Mr. Williams in discussing the "Reasons and Motives for Home Missions" dwelt upon our duty to the church in the cause of missions. He said that one strong reason for home missions is the fact that we alone have to do with giving the gospel of Christ to this land of ours, and all nations unite in extending the work of foreign missions, but we alone have to do with home missions.

Dr. Moffat made a strong plea for the home mission work in the Lackawanna valley. There are, he said, over one hundred thousand people in this valley who cannot speak the English language. If we are to remain a free people we must be up and doing, for without knowledge of the things that have made the nation a free people we cannot hope to maintain the benefits to be derived from our free institutions.

He told of "What Our Local Church Gave Last Year to Home Missions and What We Should Give This Year," and

A REPUTATION.

How It Was Made and Retained in Scranton.

A good reputation is not easily earned, and it was only by hard, consistent work among the citizens that Doan's Kidney Pills won their way to the proud distinction attained in this locality. The public endorsement of scores of Scranton residents has rendered invaluable service to the community. Read what this citizen says:

Mr. G. N. Childs, of 1593 Von Storeh avenue, employed at Short & Higgins' tobacco factory, says: "I have suffered more or less with dull pain across the small of my back for some time. I doctored and used various kinds of medicines with little or no result. I read quite frequently in our city papers about people who were cured of kidney complaint by Doan's Kidney Pills, and I tried the treatment. It proved to be the best remedy for kidney trouble on the market and I have told a number of my friends about them. They have my endorsement, and I will gladly recommend them at any time."

of the King's Daughters of the Green Ridge Presbyterian church at the home of the president, Mrs. J. E. Ross, corner of Sanderson and Electric avenues, this evening. Members are requested to bring their thimbles with them.

Mrs. D. J. Levi is seriously ill at her home, corner of Green Ridge street and Penn avenue.

There will be an important meeting of the Green Ridge Woman's club in the library building this afternoon at 3 o'clock, when the directors will give a synopsis of the work planned, and membership tickets will be issued. The fee for membership is one dollar. Candidates for admission must be proposed by one member of the club and endorsed by a second. The club has recently been reorganized and the prospect is bright for a good winter's work.

The directors for the different departments are as follows: Music, Mrs. J. A. Pennington, assisted by Miss Frances and Mr. Hofmaster, of the Scranton Conservatory of Music; literature, Mrs. S. Friederwald, and household and economics, Miss Amy Salls Gercke.

DUNMORE DOINGS.

Scranton Gas and Water Company Laying New Mains—Other News Notes.

The Scranton Gas and Water company have commenced the improvements which were expected when they secured the Dunmore company's water plant a few weeks ago. They are now laying a twelve-inch main on South Main street in place of the old, outgrown pipe now on that street.

The firemen are happy over the prospect of having a bountiful supply of the needful in their business in the future, while property owners are looking for a relief in the matter of South Main, which has been very high in the past, especially near the corners.

The annual praise service of the Women's Missionary society of the Presbyterian church will this year take the form of a congregational mission service. It will take place on Sunday, November 15, and will be held in the church.

Rev. Courtney H. Fenn, of Pittston, who was one of the besieged missionaries in Pekin, will deliver an address on conditions, past and present, in that ancient country. A cordial invitation is extended to everybody to come and enjoy this treat.

A surprise party was tendered Miss Genevieve Elmgood, of Dudley street, by a few of her young friends on Friday evening. A very enjoyable evening was spent in the usual diversions that go to make time fly at such gatherings, after which refreshments were served by the fair hostess. Among those present were Misses Gertrude Hughes, Florence Moore, Agnes Larimer, Hattie Kline, Leah Correll, Alta Berntsen, Edna Kallian, Leah McLaurin, Mrs. Masters Joseph Kibler, William Mosher, Walter Meckler, Leo Huber, Charles Selge, Arlington Jones, and others.

SOUTH SCRANTON

FUNERAL OF FREDA HERBST, OF MOLTKE AVENUE.

She Died from Injuries Sustained by Being Run Down by a Delaware and Hudson Train—Trolley Car Left the Track on Pittston Avenue Bridge and Four Persons Were Injured—Three-Year-Old Harry Hagen Badly Burned by a Hot Pie. Personal Notes.

One of the largest funerals ever witnessed in this section occurred Saturday afternoon at 2 o'clock, when Miss Freda Herbst, the young girl who was so terribly mangled by being run over by a Delaware and Hudson passenger train Wednesday, was lowered to her last resting place in Forest Hill cemetery.

Prior to the funeral, large throngs of friends of the family and her companions in the mill, gathered at the house, 1018 Moltke avenue, and gazed for the last time upon a girl whom they all loved and many brought with them some simple floral offering and tenderly deposited them in the casket. The services were held in the German Methodist church, on Prospect avenue, and Rev. Perlinger spoke touchingly on her unexpected demise and referred to the fact that but the Sunday morning before she had joined the church, the church planter gave away, now she was with Him, and learned of Him, in the great beyond.

After the services in the church, the cortege moved to Forest Hill cemetery, where interment was made. The pall bearers were men, while six little girls, those who had joined the church with her the Sunday previous, acted as flower bearers.

Roller Went Wrong.

Sam Johnson, colored, in charge of the big street rolling machine now being used on Cedar avenue by the Dale Brick Manufacturing company for crushing stone, was mangled mad Saturday, and was full of "righteous indignation." This is the story: While operating the roller across some planking, which was built across a deep trench, on his way for water to run the machine, the planking gave way, and one wheel slipped into the trench. This machine is not as graceful as an auto, consequently when Sam turned on full power, all the sniffling and snorting would not move it.

"Lift it out," suggested a bystander. "Hell," said Sam indignantly, "Hell! What you think I am?" "Take off the wheel and run with three," suggested another.

"Get up steam and pull her out," said a third. But here's where the hitch was. Sam had no water and could not raise steam, so, fearing an explosion he drew the fire, raked the ash and then carried water to the boiler in a bucket, raised steam and pulled her out.

"I damn 'em get mad," he said afterward, "but I could just have twisted the heads of those debbils who's been a quying' me."

Cause of the Steam.

To strangers crossing the Cedar avenue bridge over the Roaring Brook about 7 o'clock Saturday night will be presented an unusual and alarming feature. For about two blocks the covering will have the appearance of stream a subterranean fire, for steam is issuing from the water just as fog rises on a bright morning in some meadow land. The cause of this, however, is easily traced. After the blast furnace has shut down Saturday evening, the hot water from the many large boilers is run through large pipes to the Roaring Brook, and that coming in contact with the cold water, produces the mist, or steam.

It is said that the cold morning in winter, when hot water is allowed to run into the stream, the fog is so dense on the bridge that business is practically suspended until the fog has raised, people and teams crossing via the Pittston avenue bridge.

Four Persons Injured.

Saturday morning at 10 o'clock, car 125 south-bound, in charge of Conductor Fred Deising, of Birch street, and Motorman Michael McAndrew, of Beech street, jumped the track on the Pittston avenue bridge spanning the Roaring Brook, and smashed into a carload of passengers. The passengers, besides cutting and bruising the motorman and conductor, and shaking up a number of other passengers in the car.

Boy Badly Burned.

Harry, the 3-year-old son of Cornelius Hagen, of 237 Pittston avenue, was badly burned about the head and shoulders Saturday morning in a peculiar manner.

Mrs. Hagen had been baking and placed a freshly baked pie on the table, when young Harry pulling at the table cloth, upset the pie over his face and neck. Dr. J. J. Walsh attended to the young fellow's burns.

Nubs of News.

John Blewitt, the 12-year-old son of Mrs. Blewitt, of Pittston avenue, had his left leg caught in a cog Friday, while picking slate at the Meadow Brook, and badly lacerated. Dr. Walsh sewed the wounds together.

M. E. Flaherty, the Pittston avenue plumber, while repairing a fence on Pittston avenue, was badly burned about the eyes in a peculiar manner. He was soldering a post in a stove foundation and poured hot lead in the aperture, which had water in the bottom and which splashed; small pieces of the lead catching him in the eyes. No serious results, however, are entertained.

The Imperial Social club is arranging for their first entertainment and social to be given Thanksgiving evening in St. John's hall, Stone avenue.

W. H. Holder, of the South Side News company, removed his family from 515 Alder street to 415 Cedar avenue.

Miss Margaret Snyder, Miss Elizabeth Adrien and Fred Burkhardt, of Pittston, spent Sunday with the Misses Faust, of Prospect avenue.
