Thanks Extended to Everybody Who in any Way Assisted in the Adoption of the Measure—Branch Office Communication—Other Matters Passed Upon—Wedding on Eynon Street—Suicide of Mary J. York—Funerals Yesterday and Other Notes.

The local board of trade congratulated themselves at their regular meeting last evening on the near approach of the West Lackawanna avenue viaduct, for which they have been fighting so long, and in their spirit of exuberance unanimously adopted the following resolutions, which speak for themselves:

Resolved, By the West Side board of trade, in regular session assembled now, November 10, 1900, that the board hereby publicly expresses its official thanks to the members of the city of Scranton for the passage of the ordinance providing for the construction of a viaduct on West Lackawanna avenue, between Seventh and Ninth streets; and to the public press and other citizens, public and private, who assisted in the carrying through of the ordinance.

Resolved, That a copy of these resolutions, properly signed, be submitted to the committee on the viaduct, and that the committee be requested to see that the same be printed and distributed to the citizens of the city at large in relation to the viaduct.

Side board of trade my regrets that I am unable at this time to grant either of these requests. It will be a pleasure for me to do so whenever the pastorate department will sufficiently increase our clergy and carrier forces to enable us to comply with their wishes.

We are endeavoring to give your people all the service our present force will permit. As the West Side station has only recently been established I would ask them kindly to be as patient as possible and we will not be unmindful of their wants whenever in our power to gratify them. Yours truly, Lena H. Rippe, Postmaster.

Secretary Oliver explained the lack of men in the postal service, and said Postmaster Rippe is of the opinion that no more help will be secured until he picks his grip and takes a trip to Washington. William Farrell thought that the West Side is better off than North Scranton, the South Side or Green Ridge, where there is no branch postoffice. He is of the opinion, however, that the stamp window can be kept open and the 11 p. m. collection made without any additional expense to the department.

The Conqueror OF Catarrhal Diseases.

SOME people can't understand why Peruna, being a catarrhal remedy, cures

- Lung Troubles
- Bronchitis
- Pharyngitis
- Throat Troubles
- Ozena
- Colds
- Grip
- Consumption
- Asthma
- Pleurisy

as well as stomach disorders and congestion of any nature.

This is why. Each of these diseases called by its proper name is catarrh, or inflammation of the organ affected—and Peruna is a remedy for catarrh in any part of the body. That's all. It is very simple when you think of the delicate membrane which lines the entire body and how easy it is for this membrane to become inflamed, weakened and sore, and how easy it is for Peruna to reach and cure it. It has been used successfully for 40

years, and it is the one true cure for all such troubles. If you keep Peruna on hand this winter, you will not need the doctor. "Lectures on Chronic Catarrh," is a complete treatise on catarrhal diseases. It treats of every phase and variety of summer catarrh, winter catarrh, and the catarrhal affections peculiar to women. This book contains ninety-five pages, is instructively illustrated, and will be found very useful in the family. Sent free to any address by The Peruna Medicine Co., Columbus, Ohio.

Seasonable Cloak News....

Summer lingered long with us, and although November has come, the warm weather Shirt Waists were still seen on the streets up till a few days ago. Because of the unparalleled mildness of the season we were slow in completing our full line of

Coats and Capes for Winter

And the delay has been to your advantage, as a visit to the department any day during the present week will prove, for some of the leading manufacturers of highly tailored garments became panic-stricken, and you know what effect that has on prices.

Well, the Cheap Sale Time

Has not come yet, and we don't want you to think for one moment that prices are cut and slashed to pieces, but there is a substantial saving from regular prices in many of the newest and best garments of the season, while extreme novelties are offered at figures far below what they ought to bring at this season had the weather been different.

And the Line Is So Complete

In every conceivable class of Coats, Jackets, or Capes for Ladies, Misses, Children and even the Babies, as to leave nothing to be desired. Every new and fancy is seen at its best, as well as the more staple styles which ladies of quieter tastes prefer as a rule. A finer cloak stock than we show has never been seen in this section of the state, and yet the prices are less than they should be. You know why of course
