NOTICE. Conductor W. D. Warfel will run Train No. 28,

with F. Carney's men from Scranton, Tuesday, Nov. 13, for balance of week. Orders by Superintendent Ketcham.

The derails at Bergen Junction, on the Boonton branch of the Lackawanna railroad will be spiked at 8 a. m. today, and will remain spiked until

The double track having been resumed between New Village and Washington, bulletin No. 661, dated October 27, 1900, has been annulled by Superintendent C. H. Ketchem. On account of raising the grade of

approach to Prompton River bridge, between Lincoln Park and Mountair. View, the first crossover west of the bridge was spiked on Sunday, and will A new inetrlocking plant controlling the movement of switches at the east end of Port Morris yard will be put in service, to become effective at 12 o'clock noon, Thursday, November 15, 1900,

Distant signals will not at present be provided for this interlocking plant.

Oxford Breaker Is Ready. The new Oxford breaker is now ready for business, and everything is ready for running the coal through the chutes. The People's Coal company, who will operate the mines, contemplate filling the pockets in the breaker with coal

before making any shipments. With that end in view only a few men are at present employed, but in a few days it is expected employment will be furnished for several hundred men and boys. When their coal is ready for shipment the Delaware, Lackawanna and Western company will furnish the necessary cars and handle the output.

Well-Merited Promotion.

J. W. Clarke, who for the past year or more has been chief clerk to District Freight and Passenger Agents C. W. Ten Broeck and M. L. Smith, of the Lackawanna railroad, was yesterday appointed freight and passenger agent at Cortland, N. Y., for the same com-

Single Track Gauntlet.

The single track gauntlet has been connected at each end of the Oxford tunnel, and became effective at noon yesterday. All trains will reduce speed to ten miles per hour while passing through this tunnel on the Lackawanna railroad.

Enginemen must use precaution, as trackmen will be at work in the tun-nel, commencing today, until November 18, 1900. The signals now located at each end of the tunnel will govern the movement of all trains.

This and That.

Trainmaster J. J. McCann spent yesterday in Hallstead, looking after the train service of the Lackawanna. General Superintendent T. E. Clarke, of the Lackawanna railroad, spent the past two days with the company officials at the head offices in New York. The passenger conductors, baggage men and brakemen on the Lackawanna railroad are hereby notified that uniform orders have been issued and a representative of Joseph F. Webber, the company tailor, will be at Scranton station, Wednesday, November 14. to take measurements for winter uniforms. The trainmen are requested to be governed accordingly.

What She May Expect.

The Goal of Love is Marriage and the Goal of Marriage is Maternity.

When a young man and young woman are very much in love every step of life they take is timed to the music of the wedding march. The happy consumnation may be years away, but down the ath of the years the clear eyes of love liscern the spot which some day they hall call home. And when the marriage is consummated and the home age is consummated and the home ounded another thought begins to fill he minds of wife and husband, a hought that lies too deep for words, he thought of a cooing baby voice, of

feet and the music of happy baby laughter. If the love of man and woman lead: narriage, and marriage looks to mother-good, what is the plain and obvious duty of the woman about to assume the obligations of wifehood and motherhood? it is her duty to prepare herself for her own sake and the sake of the children that may be given her, as well as for the sake of her husband and her home.

HOW TO PREPARE.

The first thing to do is to cure diseases of the delicate organism which under-mine the health and strength. Regularity should be established, disagreeable and weakening drains must be stopped, weakness must be cured.

"I have taken six bottles of Dr. Pierce's Favorite Prescription," writes Miss M. Fyfe, of Orilla, Simcoe Co., Ont., "and two bottles of the 'Pleasant Pellets,' as you advised for congestion of the uterus, and for weakness, and can safely say that your medicine has been the means of restoring me to good health again, which I had not had for over three years, until taking your medicine. I thank you for your kind and prompt attention to my letter asking advice.

Dr. Pierce's Favorite Prescription meets the needs of women at every period of life. It is invaluable in that transition period when the girl becomes woman, establishing regularity and promoting the general health. It dries of-fensive and enfeebling drains, heals in-flammation and ulceration and cures female weakness. From the time of the first change from girlhood to womanhood until the last change of life, in all the weakness of womanhood and trials of motherhood Dr. Pierce's Favorite Prescription is a true woman's friend. It

makes women strong and well.
"It is a pleasure for me to recommend your medicine, 'Favorite Prescription' and 'Golden Medical Discovery,' "writes Mrs. Rhoda Russell, of Corbet, Navarro Co., Texas. "I had suffered for years with a disagreeable drain and other female troubles, but now, thanks to your medicines, I am much better and your medicines have done me more good than all else. I took nine bottles of 'Favorite Prescription' and six of 'Golden Medical Discovery.' Had it not been for Dr. Pierce's medicines no doubt I would have suffered continually the rest of my life. I shall always praise these preparations. The cost of them is so lit-tle compared with the good I felt, yet I owe you for what you have done for me."

in wifely preparation is to prepare for motherhood. Preparation by the use of Dr. Pierce's Favorite Prescription will give bodily strength and mental cheer-fulness. It will banish that feeling of fulness. It will banish that feeling of fear and apprehension which so many women suffer from at this time. It will encourage the appetite, induce refreshing sleep, and make the baby's advent practically painless.

"I was pleased that Dr. Pierce answered my letter," writes Mrs. C. W. Young, of 21 South Regent Street (Lee Park), Wilkesbarre, Penna. "I had several mishaps before my husband per suaded me to take your medicine. My

several mishaps before my husband per suaded me to take your medicine. My back used to almost break when at work and I would get sick at my stomach and have such headaches I did not know what to do; they used to set me nearly crazy, and I used to dread to get up, felt so bad. Then I began taking you medicine. When baby was expected took it all the time I was that way felt fine all the time and I never we felt fine all the time I was that way felt fine all the time and I never g those dizzy spells now. I hardly evhave a nervous headache any more have a perfect romp of a boy; he is th light of our home. I am now twent years old and my baby is almost eigh months old. I feel well, and weigh if pounds, and the baby 231/2 pounds. W feel very grateful for the good your mer icine did for us. We are both hearty thanks to Dr. Pierce's medicine."
