### RESOLUTION OF WEST SIDE CENTRAL REPUBLICAN CLUB

Calling Upon the Legislative Electors to Stand by the Party Principles and the Will of the Majority—Y. W. C. A. Meetings and Doings—Marriage of Victor Noth and Miss Journey—Funeral of Mrs. Stevens—Aldermanic Cases and Other Notes.

The West Side Central Republican club held a spirited meeting last evening, at which a set of resolutions introduced by Charles R. Acker caused considerable discussion. They pertain to the action of the newly elected representatives in the next legislature and call for united efforts on their part in behalf of the party and its principles. The full text of the resolutions adopted follows:

Whereas, the passage of the city of Scranton from third to second class appears to be an assured fact, which but awaits the certificate of the governor of the commonwealth for confirmation. As the laws governing the second class appear to be inadequate for the careful and judicious regulation of city affairs, it is important that legislative measures be enacted that will assure a wise, clean and economical government thereof. Noting, therefore, should be permitted to lessen or weaken the influence of our representatives in promoting this desirable legislation; and

Whereas, the needs of the several legislative districts of Lackawanna county are of too great importance to be jeopardized by any factional discord which may now, or hereafter, exist within the party; and

Whereas, individual influence and effort, on the part of representatives, are ineffective and futile unless supported by party leaders and regular party influences; therefore, be it

Resolved, That it is the sense of the West Side Central Republican club that the representatives-elect of the several legislative districts of Lackawanna county should enter the party caucus which will be held at Harrisburg, Pennsylvania, in its deliberations and be governed by its decisions, to the end that the needs and requirements which will be expected to emanate from the caucus may not be ignored or endangered.

The resolutions were discussed by several members and each took occasion to express their views. C. E. O'Leary spoke on the importance of adopting the resolutions. The adoption of these resolutions, he said, was not for the benefit of the representatives to the legislature, but for the people whom they will represent, and if the party and its interests are not protected our institutions supported by the state will suffer in consequence. The representatives cannot afford to

go counter to the wishes of the majority of their party.

David R. Jones was of the opinion that the representative from the First legislative district was elected as an anti-Quay man, and he did not favor the adoption of the resolutions. W. Gaylord Thomas thought the resolutions ought to be adopted.

Charles R. Acker, who introduced the resolutions, also spoke in favor of their adoption.

DUNMORE DOINGS. Interesting Address in the Presbyterian Church by a Besieged Missionary from Peking.

The arduous praise service of the Woman's Missionary society of the Presbyterian church was held in the Auditorium last night. The meeting was held in the presence of Rev. W. F. Gibbons, in a few chosen words, congratulated those present on the privilege in store for them, and deplored the fact that the storm had not intervened the speaker of the evening, Rev. Courtney H. Fenn, of Pittsford, who was one of the Presbyterian missionaries besieged in Peking. Mr. Fenn is a strong, powerful speaker, who carries conviction with his every word and commands the closest attention from his hearers.

He began his remarks by reminding his auditors of many prayers that have been uttered as for those in Peking. Every happening leading up to the siege, as it is now looked at, is seen to have been providentially arranged to ensure the delivery of those in Peking. The siege commenced two weeks sooner than they would have been deprived of immense quantities of rice and wheat, which in the meantime had been stored right within their grasp. Immense quantities of cloth from which said bags were made were found within reach. A large mill, with eight grinding machines all ready to begin the work of grinding out food for the 1,000 people within the gates, was discovered within the territory they were able to hold, embracing altogether about fifteen acres.

During the siege there were about ninety homes and stores as food. The British legation furnished an abundant supply of water. The only wells in all Peking that yielded a supply of water were in the British legation, also located within its gates. He maintained that the Boxer movement was anti-fog and only because the

# WARTS AND WEEDS.

THE DIFFERENCE BETWEEN WISHING AND WORKING.

It is popularly believed that warts can be wiped away. But the farmer who sows down and tries to clear his field by wishing the weeds away would soon find that his crops gone. It takes working to get rid of weeds, and the man with the hoe must put in many a long day before he can take a well earned rest.

It is a singular fact that a great many people treat certain forms of disease as warts are said to be treated—by wishing. This is especially so in the case of

coverts. It cures obstinate and deep seated coughs, bronchitis, bleeding of the lungs and other diseases of the organs of respiration, which if neglected or unskillfully treated find a fatal termination in consumption. In hundreds of cases a cure has been effected by the use of "Golden Medical Discovery" after all other means and medicines had failed to benefit and doctors had said, "There is no hope."

DON'T GIVE UP HOPE. Let every one who suffers from respiratory and pulmonary diseases cherish hope until Dr. Pierce's Golden Medical Discovery has been given a fair and faithful trial. It always helps. It almost always cures. Ninety-eight per cent. of those who use "Golden Medical Discovery" find in it a perfect and permanent cure. Even the two per cent. acknowledge benefit and help from the use of the medicine.

"I want to say a word in favor of your grand medicine," writes Mrs. Priscilla Small, of Leechburg, Armstrong County, Pa. About three years ago I was taken with a bad cough; had night-sweats; would take coughing spells and have to sit up in bed at night for an hour at a time. When I could hardly breathe; would get all stopped up by my throat. I did not try any doctor but by the advertisement of Dr. Pierce's Golden Medical Discovery and decided to try it. I took three bottles and my cough was cured. I never people tell me they are sick I say to them, "Why don't you get Dr. Pierce's medicine? It cures me and will cure others."

A GREAT FREE OFFER. Persons suffering from chronic forms of disease are invited to consult Dr. Pierce by letter, free. All letters are held as private and their contents guarded by the same strict professional privacy observed by Dr. Pierce in personal consultations at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Address Dr. R. V. Pierce, Buffalo, N. Y.

This offer is not to be confounded with those offers of "free medicine," which are made without any evidence of medical qualification or professional standing. For more than thirty years Dr. Pierce, as chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., assisted by his medical staff of nearly a score of physicians, has treated and cured many thousands of men and women who had been given up by friends and physicians as incurable.

Dr. Pierce's success has been founded on the fact that he cures so-called "incurables." There are thousands of men and women to-day, living in the enjoyment of perfect health, who bless the day when they wrote the first letter to Dr. Pierce. Who can wonder that these people are enthusiastic over Dr. Pierce's medicines and advice? Write to Dr. Pierce. It may be to you as it has been to many others—the first step to health.

Dr. Pierce's Golden Medical Discovery contains no alcohol and is entirely free from opium, cocaine and all other narcotics. It is a true blood-building, flesh-forming, strength-giving medicine. Sometimes a dealer tempted by the little more profit paid by less meritorious preparations, attempts to sell a substitute medicine as "just as good" as Dr. Pierce's. The only way in which to get the cure you seek is to insist upon the medicine which cured others, Dr. Pierce's Golden Medical Discovery.

A GOLD MINE FOR 21 CENTS. Who would not jump at such a chance? Yet "goldmining" is better than gold, and that mine of wisdom, Dr. Pierce's Common Sense Medical Adviser, 1008 large pages (in paper-covers), is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. For the cloth-bound volume send 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

By snake bites each year. Consumption slays its thousands and tens of thousands annually and it is the fatality of consumption which makes the cough that heralds it a danger signal to be promptly heeded. Don't wish the cough would stop! Stop it!

"I had long been a sufferer from chronic catarrh of the head," says Chas. T. Stone, Esq., of Whitford, Chester Co., Pa. "About last May it developed into a very disagreeable and hacking cough, with soreness and fullness of the chest. Doctors here pronounced it bronchitis. I tried several doctors and took different remedies without receiving any benefit whatever. I then consulted Dr. R. V. Pierce, in reference to my case. The first bottle of his 'Golden Medical Discovery' stopped the cough. I used several bottles, with Dr. Sage's Catarrh Remedy, and have since had no symptom of a return of the cough."

"Last spring I had a severe attack of pneumonia which left me with a very bad cough, and also left my lungs in a very bad condition," writes John M. Russell, Esq., of Brent, Cherokee Nat., Ind. Ter. "I had no appetite and was so weak I could scarcely walk. My breast was all sore with running sores. I got two bottles of Dr. Pierce's Golden Medical Discovery which I believe saved my life. I cannot express my gratitude to you. I am able now to do very good work."

The surest way to stop a cough is to use Dr. Pierce's Golden Medical Dis-

covery. It cures obstinate and deep seated coughs, bronchitis, bleeding of the lungs and other diseases of the organs of respiration, which if neglected or unskillfully treated find a fatal termination in consumption.
