It Has Certain Advantages Over The Milder Moral Method.

Common sense tells a man that he cannot live irregularly and keep his health He is warned and admonished time and again that hasty eating and irregular meals result in diseases of the stomach and other organs of digestion and nutrition. But because Nature does not directly threaten his life as the pistol does he goes right along until he is obliged to reform because disease forces

There are thousands of dyspeptics whose condition shuts them out from all the pleasures of the table. There are thousands of others who are on the high road to a like condition, unheeding the warnings of the protesting stomach. The great fact is that every man and oman who suffers from dyspepsia can

be almost certainly cured by the use of Dr. Pierce's Golden Medical Discovery. It always helps. It almost always cures. Only two people in every hundred who give "Golden Medical Discovery" a fair and faithful trial fail of a perfect and permanent cure. "I have been thinking of writing to some time," writes Mrs. W. D. He could not eat anything only a little milk and cracker, and sometimes even this would make him sick. He could not eat any meat or vegetables and he got very weak; could not sit up all day, and I gave up all hope of his ever getting any better. Three years ago I found one of your books, and on looking it over one day I noticed Dr. Pierce's Golden Medical Discovery recomended for indigestion. We bought some and gave it to our boy. He had been treated at Hood's Creek by a good doctor, and at Bennettsville, S. C., and at Currie, and Lumberton and Maxton, and was only relieved for a short time. WHERE WILL IT END? No one can say where the results of disease of the stomach and its allied organs will end. The stomach is the source of supply for each organ of the body. Whatever af-fects the stomach to re-duce its strength and its ability to provide nutri-tion for the dependent organs will also affect the organs themselves. Heart, liver, lungs, kidneys, all must share the "weakness" of the stomach.

Don't suffer any pais or misery any more. Before using your medicines I suffered all the time—had jaundice, caused from food not digesting properly. I would have sick headache three and four times a week, and jaun-dice every four or five weeks. Could not do the work myself. I commenced using your medicines as recommended for liver complaint, and I am cured. I doctored three years without relief, only for a short time, and then I was as bad as ever. Haven't had sick headache since I took the first bottle of medicine."
