Set Himself on Fire.
Joseph Keegan, of 327 Pittston avenue, enjoys an after supper smoke as well as any one, but from the experience he had Thursday evening it is not likely that he will "put the pipe" for some time to come.

Keegan fell asleep pulling on the pipe and he awoke some time after with the contents of the pipe on his shirt, which ignited. He yelled and rushed down the porch steps, evidently looking for the fire department.

There was nothing nearer than the sewer trench on Pittston avenue, which was half filled with water and mud, and like the scared frog, made a dash for it, completely quenching the fire and nearly drowning himself.

Keegan was slightly burned about his breast and left side, and was attended by Doctors Dunn and Walsh, who resuscitated him from his mud bath.

"Thanks seem so little when compared to service rendered, and after the wonderful restoration to health I now enjoy through the use of Warner's Safe Cure, I want to more than thank you, hence I gladly give my testimonial. For several years I suffered with Bright's

disease which no doctor seemed able to cure; the medicine I took gave only temporary relief, until I put everything else away and used Warner's Safe Cure faithfully for four months, when I felt better than I had ever done before. This is over eight months ago and I am entirely well now."
