WEST SCRANTON

WEST SIDE MASS MEETING

SUGGESTED FOR NEXT TUESDAY EVENING.

For the Purpose of Discussing the Necessity of Electing Representative Men to Council-Royal Arcanumites Elect Officers and Listen to an Address-Doll's Carnival a Splendid Success-Sunday School Officers Elected-P. O. S. of A. Programme-Notes and Personals.

The suggestion has been made that voters of the Fourth, Fifth, Fourteeuth and Fiftenth wards hold a public mass meeting next week for the purpose of discussing the necessity for electing to select and common council representative men who will creditably repreent West Scranton in those city legislative bodies.

Men of known stability and business seumen, who are above reproach, are wanted as councilmen, at this time more than ever before, and it is the concensus of opinion that if a meeting was called and the facts presented to the voters by able speakers, the result will be beneficial to West Scranton and

the city at large.

The board of trade will be asked to take charge of the meeting and arrange the details, and in view of the fact that their regular meeting occurs next Tuesday evening, it has been suggested that the session be made a public affair, and that the meeting be held in St. David's or Mears' hall. is to be non-partisan and purely in the interest of clean politics.

Royal Arcanum Meeting.

Lackawanna council, No. 1133, Royal Arcanum, held an interesting meeting in Ivorite hall last evening, at which officers were elected and an address was delivered by Attorney Cornellus Comegys. His subject was "Death and Taxes," and he spoke for over an hour in an interesting and instructive vein. He began by saying that it was an old and trite saying that the two things every man was sure of was death and taxes.

He showed that the progress of the world moved slowly until they began to tax the common man, when unrest brought about his political freedom and reviewed the tax system, showing the inequality thereof. He contended that nine-tenths of the taxes are born by the common people, and that the
