

# The Delicious Fragrance

from a hot  
Royal Baking  
Powder biscuit  
whets the  
appetite. The  
taste of such  
a biscuit—  
sweet, creamy,  
delicate and  
crispy—is a joy  
to the most  
fastidious.

**R**oyal Baking Powder improves the flavor and adds to the healthfulness of all risen flour-foods. It renders the biscuit, bread and cake more digestible and nutritious.

Royal Baking Powder makes hot breads wholesome. Food raised with Royal will not distress persons of delicate or enfeebled digestion, though eaten warm and fresh.

Many imitation baking powders, made from alum, are upon the market. Alum is a corrosive poison, used only because it is cheap. The use of alum baking powders is condemned by all physicians, and in many sections their sale is prohibited by law.

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK.

## NEWS OF THE LABOR WORLD

### ORDERS BEING FILLED AT THE DICKSON WORKS.

Changes in the Time Table on the Central Railroad of New Jersey. Orders That Have Been Issued at the Hoboken End of the Lackawanna—Big Labor Mass Meeting to Be Held Here Next Sunday Afternoon—Dilcher Has Returned to the City—The Board for Today.

Work is brisk at the Dickson Manufacturing company's shops and several large orders have been received during the past two weeks. Chief among them is the contract for six large engines, given by a New York state company. The engines are of the cross compound variety and will be of 5,000 horse-power each.

They will be of large dimensions, the cylinders being 43x50 and 38x50. Work will be started upon them at an early date. Large orders for locomotives were also received at the Dickson offices during the past week, but the exact terms of the contracts and the names of the contracting parties cannot yet be stated.

The shops present a scene of hive-like industry these days, and work is being pushed on several important jobs. Two large steel cranks, which are being made for the Delaware Refrigerating company, of New York, occupy a prominent place in the shops, and work on them is likely to continue for several months yet. When finished they will weigh four tons each.

Two blowing engines are being built for the American Smelting and Refining company, of Utah, and a pair of cross compound pumps are in course of construction which will be sent to Montana. Four cross compound engines, whose cylinders are 20x42 and 28x42, are being made for the Hillside Cement company, of New York.

Another pair of cross compound engines is being built for the Schenectady Locomotive works; 17x42 and 28x42 are the dimensions of the cylinders.

#### Changes in Time Table.

Assistant Superintendent F. L. Morse, of the Central Railroad of New Jersey, has accumulated the Central timetable, by bulletin, of the changes in the road's time-tables. Supplement No. 1 to time-table No. 32, south branch railroad, became effective at 12.01 o'clock a. m. Sunday, December 9, and all trainmen and engineers were ordered to procure copies of this supplement from the agent at Summerville, before making their runs.

Supplement No. 1 to time-table No. 51, Perth Amboy branch, became effective at 12.01 o'clock yesterday morning. No local changes have been effected. Henceforth, south branch passenger trains will wait at Summerville twenty minutes for main line connections.

North-bound trains are now given the absolute right to the track over trains of the same or inferior class running in the opposite direction.

#### Big Mass Meeting.

There will be a rally of all the trades unions of the city at one of the local theatres next Sunday afternoon at 2 o'clock. The Clerks' association, with President Martin D. Flaherty, of the Central Labor union, are in charge of the meeting, and a big labor demonstration promises to result.

It will be an open meeting, with addresses by local and out of the city labor leaders. Organizer Frederick Dilcher, of the United Mine Workers, will probably be among the speakers of the afternoon. Practically every form of Scranton labor will be represented.

#### Orders from Hoboken.

A bulletin issued by Superintendent Ketchum, of the Lackawanna, from Hoboken, announces that today the despatch governing the east-bound track, located west of Dover, will be abandoned.

Another bulletin from the same au-

## thority allows conductors to now procure signal supplies from the storekeeper at Port Morris, as well as Hoboken. Yardmasters at this point should approve requisitions for such supplies.

The attention of Lackawanna engineers and firemen is called to last week's bulletin, ordering them to report at the new interlocking cabin for instructions regarding the signals. The company is incurring extra expense in keeping an instructor at that point to explain everything in connection with the workings, and a prompt attendance is asked.

#### Today's D. L. & W. Board.

Today's D. L. and W. board is as follows:

Monday, Dec. 10.  
WILD CAST, EAST.  
8 p. m.—J. Devine.

#### NOTICE.

Conductor O. Case will run with Costello's men on 8 p. m. Wild Cat West, Monday, Dec. 10.

#### This and That.

The first of a series of miners' mass meetings took place last night at Olyphant.

Chief Clerk E. E. Poore, of the office of General Superintendent Clarke, of the Lackawanna, yesterday returned from Chicago, with his family.

The reorganized Bookkeepers' club will meet a week from tonight in Guernsey hall. A great deal of interest is being taken in the organization and every day its membership list is increased.

Organizer Frederick Dilcher, of the United Mine Workers' association, who returned to this

city last Friday from Hazleton, reports everything to be in tip-top shape in that district. Mr. Dilcher will spend this week in holding miners' and general labor meetings throughout the valley and then will go to Potterville to attend the miners' convention. He will spend the Christmas holidays at his home.

#### CONTENDS HE WAS TWICE SENTENCED

#### Counsel for A. L. Dunlavey Serves Notice That They Will Take an Appeal to a Higher Court.

The case of the Commonwealth against A. L. Dunlavey, charged with selling liquor without a license, is to be reviewed by a higher court. It will be remembered that he was convicted the last term of quarter sessions before Judge Love, who suspended sentence upon a petition being presented to him asking for such action.

The Municipal league, the actual prosecutor in the case, was not consulted about the suspension, and a week ago its attorney asked the Dunlaveys be brought in and sentenced, alleging that the suspension was the result of a misapprehension about the facts.

A capias was forthwith issued and Saturday Judge R. W. Archbald sentenced Dunlavey to \$500 fine and three months in the county jail.

Yesterday morning his attorney, Joseph O'Brien, by permission of the court, had a formal objection to the sentence entered on the record to enable him to take the case to a higher court. He will allege that his client has been sentenced twice for the same offense, holding that the suspension of sentence, coupled with a command to pay the costs, was equivalent to a sentence, conditions having been imposed by the court.

An effort will be made to have Dunlavey released on bail pending a disposition of the appeal.

#### CENTENNIAL CELEBRATION WASHINGTON, D. C.

#### Reduced Rates via Pennsylvania Railroad.

On account of the centennial celebration of the establishment of government of the United States in the District of Columbia, to be held at Washington, D. C., December 12, the Pennsylvania Railroad company will sell round-trip tickets to Washington from all points on its line at rate of single fare for the round trip. Tickets will be sold and good going Dec. 11, and will be good returning until Dec. 14, inclusive.

Washington, D. C., and Return, Only \$7.51.

On account of the centennial celebration of the establishment of government in the District of Columbia, to be held in Washington, D. C., Dec. 12, 1900, ticket agents of the Lackawanna railroad will sell special excursion tickets at rate of one way fare on any regular train Dec. 11, and for return until Dec. 14 inclusive.
